I'm So Tired

Fatigue is the result of poisons the blood. So when the kid- ys fail to purify the blood one the first indications is unusual d persistent tired feelings and ins in the back.

Neglected kidney troubles lead years of suffering from rheuma- m or develop into such fatal ilments as Bright's disease.

The kidney action is promptly rected by use of Dr. Chase's Kidney-Liver Pills — the best own regulator of kidneys, liver d bowels.

Mrs. John Ireland, R.R. No. King, Ont., writes:

"I was a great sufferer from severe adaches and bilious spells. I tried a mber of remedies without obtaining y benefit until I was advised to use . Chase's Kidney-Liver Pills. These mpletely relieved me and made me l like a new person. I am very ateful to Dr. Chase's medicines for at they have done for me, and you y use my letter for the benefit of hers."

Dr. Chase's Kidney-Liver Pills, one pill a dose. 25c a box, l dealers or Edmanson, Bates & o., Ltd., Toronto.

NOTICE.

the matter of an application for the of a Provisional Certificate of Title of the Duplicate Certificate of Title ng Lots 18 and 19, Block 25, Section y of Prince Rupert, Map 923.

isfactory proof of the loss of the duplicate certificate of title having produced, it is my intention to issue the expiration of one month from the publication hereof a Provisional Cer- e of Title covering the above lots, in name of Victor Bianco, which certifi- was issued 23th January, 1914, on ation received 27th January, 1914, as 124-I.

ed this 10th day of November, 1921.

Burns Lake, the Thriving Town of Northern B.C. Is Centre of Great District

BURNS LAKE, Nov. 15.—At the end of the beautiful Lake bearing the same name has sprung into being, practically in the last two years, the thriving and prosperous town of Burns Lake, the gateway of the famous lakes district to the south. Burns Lake is located on the main line of the Canadian National Railway 316 miles east of Prince Rupert.

Six years ago there was nothing here but an Indian reservation and a small sawmill on the opposite shore of the lake. The reservation is still here and north of the railroad track from it is the most of the new town. It boasts a population of three hundred people and is steadily growing. It is supported by the wonderful agricultural areas to the south around Francois, Ootsa and Tshenikut Lakes.

Although the Burns Lake townsite was put on the market but a little over two years ago, there have already appeared on it many fine business houses and residences. The people have a wonderful confidence in the future of their town and say, one and all, that it is the best town on the Canadian National Railway, between Prince Rupert and Prince George. They point to the fact that there is more freight handled through the station here than at any other point along the line between the two cities. This is due to the immense territory of the Lakes District for which it is the centre. Business is on the increase in the town and great strides have been made by those who have been established for the past two years or less.

Handsome Bank.

There is one bank in Burns Lake, the Royal Bank of Canada. Miles Henderson, formerly of Prince Rupert is the manager and his assistants are Mr. Putman, Mr. Christiansen and Gertrude Owen. This year the bank moved into its new home, a handsome two storey building, which is the finest in the town. It was built by S. H. Shockley, the Prince Rupert contractor.

There are two general stores, C. E. Imeson and Fred Aslin being the proprietors. C. S. Woods, conducts a drug store.

Three hotels cater to the travelling public. A. Ruddy, formerly of Hazelton, is the proprietor of the Omineca Hotel, which was recently enlarged doubling its accommodations and providing a splendid hall which is used for all manner of functions. The Burns Lake Hotel is owned by Gerow Bros. and has been leased by J. Yohn. The third hotel, the Lakeview, is run by E. Sullivan. There are two cafes, the O. K. owned by Ed Stearns and a lunch counter run by Mrs. Barney Mulvaney. E. G. Kissock is the proprietor of the barber shop.

Fred Fraser is a young lawyer established in Burns Lake.

Telegraph Offices.

There are two telegraph offices, the Government and the Canadian National. H. D. McNeill is the manager of the former and P. V. Tallon, the agent, manages the later.

R. G. Stearns conducts a hardware store and Robert Hatch is engaged in the confectionery and photography business. John Short and I. L. Shaw are partners in a butcher shop. They plan in the near future to take over the old Burns Lake Trading Co. and start handling feed and farmers produce. P. L. Bekstead, Jeffrey Bros., and Short Bros. are engaged in the automobile and transfer business, the last mentioned firm running the auto bus services to the Lakes District. B. K. Twadell runs a shoemaking business and John Peyton a blacksmith shop.

L. Mulvaney and M. F. Nourse are engaged in th insurance and real estate business and Evanson & Brown are building contractors. George McKenzie is agent for furs and lumber and also handles real estate as a side line.

School Affairs.

There are 60 pupils in the two divisions of the Burns Lake schools. Captain C. A. Procunier formerly a pastor of Revelstoke, is the principal and his assistant is Miss V. H. Monkhouse. The school population is steadily growing and it will soon be necessary to open another division which will necessitate the building of another modern comprises G. S. Good, secretary; Mrs. M. F. Nourse and R. G. Searns.

Two churches minister to the spiritual requirements of the town, the Anglican and the Presbyterian. Both congregations have neat churches, the Presbyterian now nearing completion. Rev. Sweetman is the Anglican minister who pays periodical visits. Rev. Arthur Garlick, now of Metlakatla, was formerly stationed here. Rev. J. P. McCrimmon is the Presbytrian pastor. An oyster supper will characterize the opening ceremonies of the Presbyterian Church which will take place in the near future.

P. Carr is the provincial police officer at Burns Lake and R. Padden is the representative of the provincial government forestry department.

Electric Plant.

An electric plant will arrive in Burns Lake by the next train. It will be installed in the Omineca Hall where it is also proposed to establish a moving picture theatre. A bakery is also to be established here in the near future.

There are two pool halls in the town, one conducted by Ed. Sullivan, the other by a colored woman.

Nine new residences have been built in Burns Lake during the past summer. Among those building them were, P. L. Beckstead, George McKenzie, E. G. Kissock, M. F. Nourse, Norman Blatchford, George Bartlett, Mr. Jewell and Mr. Jones.

Orientals are not given a welcome in Burns Lake. They are not allowed to own property or engage in business. There are but two Chinese in the town, both of these being employed privately. There are no Japanese.

Citizens' Club.

The Burns Lake Citizens' Association is a live organization and is shortly to start an advertising campaign sending out pamphlets and booklets advertising the town and district. New officers were recently elected for the association and they are rapidly taking hold and planning for greater efforts for the advancement of the district. A big smoker is to be held by the association on election night and the returns will be announced there.

The officers of the association are:

President—C. E. Imeson.

Vice President—Barney Mulvaney.

Secretary-Treasurer— M. L. Benham.

Executive Committee—A. M. Ruddy, I Short, E. L. Beckstead and G. S. Wood.

The Athletic Association is another organization that is going strong in the town. Through the efforts of the association and a committee, a new skating rink is being built and will be ready for use this winter. In the summer the association has supervision over baseball and other sports.

Committees of citizens look after the cemetery and water affairs. The cemetery committee comprises Rev. J. R. McCrimmon, P. Carr, P. L. Beckstead, Ira Short and G. S. Wood. The members of the water committee are: P. L. Beckstead A. M. Ruddy and G. S. Wood.

Social Life.

The Blue Bird Social Club is a ladies' organization which holds entertainments of various character frequently. They plan a big dance on New Year's Eve for the piano fund. It will be held in the Omineca Hall where the piano is.

Other organizations in the town are: The Women's Welfare Club, the Baseball Club, Ladies Baseball Club, Tennis Club and the Dirty Dozen, necessarily a men's society.

Burns Lake is a happy, thriving community indeed and the manner in which its citizens take part in everything promoting community welfare and advancement will be a great factor in the making of their town even better.

FOLLOWED 300 POUND DEER TWENTY MILES AND BROUGHT IT HOME

HOUSTON, Nov. 15.—Jack Reynolds and his brother, George Reynolds, captured a deer last Tuesday morning which weighed 300 pounds. They followed it for 20 miles from Walcott and on the way saw where two coyotes had chased it. One of these coyotes they shot but were unable to bring in as it had not been killed. The antlers of the trophy of the chase were perfect and had 12 points.

DECKER LAKE PLANS FOR COMMUNITY HALL

Matter Was Given Preliminary Discussion at Meeting Held Saturday Night.

DECKER LAKE, Nov. 15.—The settlers here are planning to build a community hall. Last Saturday evening there was a meeting of the people of the district, when the matter was given preliminary discussion.
