

KANTLEEK

**It Can't Leak,
Because It's Made
in One Piece**

A KANTLEEK is built like a bottle—all in one piece.

Most hot-water bottles are made in sections, then cemented together. When cement dries and cracks, the bottle leaks.

Every Kantleek Hot-Water Bag is moulded of pure soft rubber—one continuous piece. No parts, patches, cement. Even stopper socket is moulded in.

And guaranteed for a full two years' service—or a new Kantleek free.

Don't wait until your old bag leaks. Get a Kantleek. Your old one may break open tonight.

EPIDEMIC OF COLDS SWEEPING CANADA

Question as to Whether Disease Is Contagious Being Discussed.

The wave of colds which is now reported from all parts of Canada has aroused the old question as to whether colds are contagious. Many people firmly believe that they are. At any rate, it is advisable that close contact with persons having colds should be avoided.

If you have a cold or there is a case of cold in your family, get a box of Grip-It from your druggist. It is a preparation which, after a trial of ten years, stands unequalled for the prompt treatment of colds. It will relieve even a bad cold in a night and a case of grippe in 36 hours. It is sold in capsule form and the ingredients are plainly stated on each box. They are just the drugs usually used to treat colds. Coming in capsule form, they may be easily taken, and act most promptly.

Try Grip-It for that cold. It works while you are out sale at all druggists—35 cents per box.

WANDERERS GO TOP BILLIARD TOURNAMENT

Defeated Sons of England by Big Margin Last Night.

Billiard enthusiasts who are watching with keen interest the matches being played between the various clubs in the city for possession of the Trail Club Cup, were all agog last evening, when the Wanderers Club slipped into first place by defeating the Sons of England by a decisive margin, winning over their opponents by 249 points.

The games were not marked by any very brilliant efforts on the parts of the players although the one between Col. McMordie (Wanderers) and Perry Tinker (Sons of England) produced two excellent breaks by each of the players of 37 and 36 respectively. The Wanderers Club by their score of 1182 in the six games of 200 up came to within 18 points of a possible clean sweep and is the second best record in the series.

Col. McMordie's break of 37 is the highest so far of the tournament, and if not beaten, will win the cup presented by Ben Self. Below are the scores:

J. Howe (Wanderers), 200; S. King (S. O. E.), 131.

W. J. Nelson (Wanderers), 209;

George Hill (S. O. E.), 172.

F. Stephens (Wanderers), 182;

3. McEvoy (S. O. E.), 200.

Col. McMordie (Wanderers),

200; G. P. Tinker (S. O. E.), 127.

R. H. Shockley (Wanderers),

200; J. Lyons (S. O. E.), 147.

T. B. Hopper (Wanderers), 200;

Bert Wearmouth (S. O. E.), 186.

Totals: Wanderers, 1182; Sons

of England, 963.

how to deal with regard to the

New York office.

I regret that owing to the pecu-

liar circumstances attached to

this case, it has been impossible

to present the creditors at this

meeting with a financial state-

ment other than the information

contained in this report. As soon

as I can prepare this, I will again

send a report to the creditors by

mail, giving them all the informa-

tion with regard to the progress

of the liquidation which may be

of interest.

Colonel Peck.

Col. Peck watched the proceed-

ings and on being asked for an

expression of opinion said he had

done everything possible to get

the government to liquidate the

claims and dispense with the

liquidation proceedings. This the

government had refused to do as

it would create a precedent. He

suggested that Dr. Thompson,

who was one of Prince Rupert's

few friends in Ottawa, would act

for them in any matter, but he

would go to Ottawa again if nec-

essary.

L. W. Patmore spoke apprecia-

tively of the work Col. Peck had

done. If they could get the gov-

ernment to pay for the plant it

might enable them to get a settle-

ment of their claims. In the

meantime they must find out the

exact financial position of the

company.

After the "Flu"

Four Children Had
Whooping Cough

Whooping Cough, although specially a

disease of childhood is by no means con-

fined to that period, but may occur at

any time of life. It is one of the most

dangerous diseases of infancy, and yearly

causes more deaths than scarlet fever,

typhoid or diphtheria, and is more common

in female than male children.

Whooping Cough starts with sneezing,

watering of the eyes, irritation of the

throat, feverishness and cough.

Dr. Woods' Norway Pine Syrup is highly

recommended by mothers everywhere for

the relief of this trouble as it helps to

clear the clogged-up air passages of the

nasal cavity and phlegm that has collected,

and in this way brings on the "whoop"

which brings the so much-sought-for re-

lief and heats and soothes the lungs.

Mrs. J. M. House, Imperial, Sask., writes:

"After the 'flu' last fall, my four child-

ren took whooping cough and one of them

developed bronchitis. After using two

or three bottles of Dr. Woods' Norway

Pine Syrup they were greatly relieved of

their nasty coughs. It is an especially

good remedy for children, and is so nice

they take it readily, and ask for more."

Dr. Woods' Norway Pine Syrup is 15c,

and 60c a bottle at all dealers. Put up
