DAILY EDITION. Friday, January 14, 1921.

New Mayor and Aldermen.

A new civic year has commenced and there are new men in charge of affairs at the city hall. Mayor Rochester was elected after a rather exciting contest by a sufficient majority to make it clear what the people wanted.

Mayor Rochester has two lines of policy which are admirable. He stands for better roads and a clean city. It was probably the latter policy that elected him.

He knows what it is to drive over the bumps and he realizes that in any modern city the streets must be kept in good shape. In the city council as alderman he has often inveighed against the bad condition of the thoroughfares and doubtless now he has the opportunity will see that things are improved.

Road Policy Of New Mayor.

Mayor Rochester has always been in favor of better roads. He knows what it is to drive over the bumps and he realizes that in any modern city the streets must be kept in good shape.

Coming Year is Very Important.

The coming year is a very important one for the city. The news despatch from Victoria saying that a new pulp concern had been incorporated known as the Prince Rupert Pulp and Paper Co., Ltd., with a capitalization of four million dollars, is in itself very interesting.

Many other proposals for improvements are likely to come up in the not far distant future and the mayor and council will have an opportunity to show their mettle. A growing period is always a difficult time as improvements are absolutely necessary to keep pace with the influx of new residents.

Good Feeling Follows Election.

Both Mayor Rochester and Mr. Nickerson showed an excellent spirit following the election. There was no bitterness evident. Nickerson took his defeat like a good sport and immediately on the announcement being made, congratulated his opponent on the victory.

NIGHT COUGH

You know it! It begins with a tickling, irritating sensation in your throat. You cough to clear the throat. In a moment—there it is again!

A minute's peace, then again you cough, and so on until you cough your throat sore, and by the time the cough is sufficiently allayed to permit you to sleep, you are thoroughly worn out. This kind of experience is particularly trying to old people.

Peps make this sort of thing quite unnecessary. Put a Peps pastille on your tongue and allow it to slowly dissolve. Healing fumes are then liberated, which mingle with the breath and are carried to the remotest parts of the air passages and lungs, allaying the irritation and soothing the inflamed membranes, thus ending the cough and making sleep possible.

Peps are also best for bronchitis, laryngitis, asthma, sore throat and colds. Try Peps at our expense. Send this advertisement and 1c. stamp (for return postage) to Peps Co., Toronto, and receive FREE TRIAL PACKAGE. All dealers, 50c. box.

PRINCE RUPERT TIDES

Table with 2 columns: Day/Time and Tide Height. Friday, January 14: High 1:16 a.m., 19.1 feet; Low 10:34 a.m., 8.2 feet. Saturday, January 15: High 5:27 a.m., 19.1 feet; Low 11:22 a.m., 8.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps.

The height is in feet and tenths of feet above the average level of lower low water.

AND FURTHER TAKE NOTICE that action, under section 25, must be commenced before the issuance of such Certificate of Improvements.

Dated this 10th day of November, A.D. 1920. LEWIS W. PATMORE.

FRASER LAKE COAL COMPANY FORMED HERE

New Concern to Develop Mine at Fraser Lake, Head Office at Prince Rupert

VICTORIA, Jan. 13.—The incorporation of the Fraser Lake Collieries, Ltd., with a capitalization of \$600,000 has been announced. It will have its head offices at Prince Rupert. This is a company formed by residents of Fort Fraser district to develop a coal property at Fraser Lake which was discovered last summer when a steam shovel was being used there, and was reported on very favorably by H. G. Colgrave, of Prince George, a mining engineer.

The company owns something like 2,000 acres of coal land. Among the owners are Paul Hagan, G. Mogden, H. H. Olesen, C. J. Kelly and T. T. Hamilton, but it is understood others are in on the concern. The coal is semi-anthracite and is said to be good for domestic and steam purposes.

Prince George Opinion

The Prince George Citizen speaking of the mine says: "In early July of this year a steam shovel crew was at work at this point, and in the process of making a cut they broke into a seam of coal four feet wide, and the coal was of such excellent appearance that the ground was staked and that steam shovel crew have since then been railroaders by profession, but coal operators with a mighty promising future by a freak of circumstances."

A small program of work was outlined at the beginning, consisting chiefly of surface prospecting and testing the continuity of the first vein by a short cut, and it was in the process of the prospecting work that in a few days the men opened up a ten-foot seam about a half mile from the first showing. Since that time a small force has been driving a tunnel on the second seam with the gratifying success of steadily widening the seam and a distinct improvement in the quality of the coal as progress is made.

Excellent Quality

"While no great quantity has been sent out for test on the market, the coal has been used along the railway to a sufficient extent to lead to the belief that the boys have a first-class product for domestic purposes and hope and confidence is generally expressed that they will be able to get it on the market at an early date. While no official analyses are available, the coal is excellent in combustible qualities, is clean, with an apparent good percentage of fixed carbon and a low ash content."

Ten Years Ago in Prince Rupert

January 14, 1911 The Duke of Connaught has accepted the appointment as governor general of Canada and will arrive here next September.

Seventy-five men are employed building a whaling station at Virago Sound, Queen Charlotte Island. An electric plant has been installed and the plant is to be ready for the spring catch of whales.

Mrs. I. Director and children left last night on the Prince George en route for Chicago on a visit.

William Manson, newly elected mayor, is in the best of spirits despite the fact that he has a severe abscess on his left arm which was lanced yesterday.

A presentation was made on behalf of the St. Andrew's Society last night to S. D. Macdonald in recognition of his splendid services as secretary. The gift was a handsome silver cutlery cabinet.

LABOR FEDERATION IS DISSOLVED IN FRANCE BY COURTS

PARIS, Jan. 14.—The dissolution of the general Federation of Labor is ordered by the court which has been hearing charges against officials of the Federation in connection with infringements of the law governing unions.
