## Hospital Needs Are Pressing.

The needs of the Prince Rupert Hospital are pressing. Perhaps the most important of these is the provision of an ambulance for carrying injured patients to the institution. Often men are brought from the Queen Charlottes or from lumber camps in the neighborhood, badly injured. They have to be carried to the hospital in an ordinary motor car and the pain of the position is intense. Much of this suffering would be alleviated if there were a motor ambulance suitable for the work.

It is also asked that there be a laboratory and proper X-ray apparatus at the hospital. These are things which are necessary in every well-equipped institution of the kind and it does not seem reasonable that this city should have to be without what other similar institutions have. An effort should certainly be made to secure this equipment and a properly trained technician to have charge of it.

## Nurses' Home Also Necessary.

There seems every probability that a nurses' home will be erected in connection with the hospital this year. President Stewart announced last night that Hon. T. D. Pattullo had promised to try to secure \$10,000 from the Government for the purpose. The home will cost about twice that amount but there is already over two thousand dollars on hand, donated a year ago by the Red Cross Society for the purpose. This leaves about eight thousand dollars to be raised, unless it is found that more than twenty thousand dollars is needed.

The home is one of the necessities of the modern hospital. The staff cannot be expected to live in the hospital building all the time. It is most depressing to have always the hospital atmosphere around them. They cannot under these conditions do their best work.

## Superannuation Should be Popular.

A scheme of superannuation for civil service employees should prove popular with the staff generally. Until the scheme is outlined it is impossible to comment on it at length, but any proposal looking to the increased permanence and efficiency of the service should be welcomed.

It will not have much interest for young girls, all of whom expect some day to be married and not spend their days in musty offices. For men the case is different. With a regular system of promotion and increased pay for length of service and with the additional inducement of a pension when too old to work, the civil service should attract good men and keep them. There will have to be some improvement in the rate of pay, as well, however, if the best results are to be obtained.

## Are Railway Employees Civil Servants?

Civil servants are not allowed to take part in politics. That condition obtains everywhere throughout the British Empire. The Canadian National Railway is to a large extent a government institution and the president of the road some time ago issued an order that the employees must keep out of active participation in politics. This order was challenged by the employees and a strike was suggested. A conciliation board has decided that the men may take part in politics.

Opinion is very much divided on the issue. There were employees of the company who were members of provincial legislatures and also members of the staff of the railway. They had to resign. It is possible that Mr. Hanna is right and that it would not make for effective work to have the members of the railway staff, all of whom are government employees, engaged in politics. On the other hand to cut off so large a body of men from political privileges is a very serious matter.

## "Fruit-a-tives" Conquered Nervous Prostration

R. R. No. 4, GILBERT PLAINS, MAN.

"In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-tives".

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am never without "Fruit-a-tives" in the house". JAS. S. DELGATY.

## PRINCE RUPERT TIDES

### Wednesday, February 2

High, 9:24 a.m., 18.4 feet.  
22:46 p.m., 16.3 feet.  
Low, 3:04 a.m., 10.4 feet.  
16:33 p.m., 6.8 feet.

### Thursday, February 3

High, 10:23 a.m., 18.7 feet.  
23:37 p.m., 17 feet.  
Low, 1:24 a.m., 10.3 feet.  
17:29 p.m., 6.1 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

## STENOGRAPHERS.

An examination for junior and senior stenographers will be held on Saturday, February 19th, 1921, in Vancouver, Victoria, New Westminster and such other points as there may be five or more candidates.

Candidates must be British subjects, residents of Canada for at least one year, of full age of seventeen years, and not more than thirty-five years of age.

Applications to write will be received until noon, Wednesday, February 10th, 1921. Application forms and full particulars may be obtained from the undersigned or from any Government Agent.

W. H. MANNES, Civil Service Commissioner, Victoria, B.C., January 19th, 1921.

# TRIPLE ISLAND LIGHT BURNING

Difficult Piece of Building is Completed and was Turned On Monday Night

The Triple Island lighthouse and fog station is now in operation, the light having been turned on for the first time on Monday night. Lighthouse Keeper Watkins is in charge, having been transferred from the Sisters' Light, Lasqueti Island, Gulf of Georgia.

This new station is one of the most complete and modern on the Pacific coast, is built of reinforced concrete throughout and is three stories in height. Its construction presented no small problem on account of the rough waters and the small area of bare rock. Contractor, J. H. Hilditch was nearly fifteen months in building it and had many most discouraging setbacks. The station is now complete and operating, however, and is a credit to those who had charge of its building.

The light is at an elevation of 160 feet and is visible for sixteen miles. It will be an invaluable aid to trans-Pacific navigation from Prince Rupert, and steamers plying to the Queen Charlotte Islands, as well as passing shipping, both Canadian and American.

## The Man in the Moon SAYS:-

IN the old days the fruits of political victory were the plums.

AT one time cats were kept to prevent the mice from stealing the cheese. Now it is difficult to keep people from stealing the cat.

THE soft hearted man is the one who pays rent. The hard headed man collects.

A BEDBUG living in the house of a corpulent farmer may be rightly said to live on the fat of the land.

MEN talk just as much as women and sometimes say less, remarks Luke McLuke. He was joking.

THE loudest thing in the world is the ticking of the clock in a store that doesn't advertise.

THE man must have been a critic who charged his wife with not kissing him properly.

MANY people are wondering whether the Russian Constituent Assembly is just a joke or if it means business.

IF Rosebery's admonition to the American critics does not succeed in quieting them, he will doubtless feel it his duty to slap their wrists.

A KLEPTOMANIAC is a woman who steals and cannot help it. The best thing to do is to put her in a coop along with other hens and chickens that don't know how to behave.

## Ten Years Ago in Prince Rupert

February 2, 1911

The C.P.R. steamer Princess Adelaide, newly arrived from the Old Country, ran ashore at Apple Tree Point, midway between Seattle and Port Townsend, in a blinding snowstorm last night.

Many complaints are being made about the butchery of deer around Tucks Inlet by the use of pitfalls.

At the smoker held by the Eagles' Lodge last night, W. J. McCutcheon, first president, was presented with a handsome gold bannetted Eagles' watch charm, B. F. Self making the presentation.

Captain Moore, of the Restless, had a narrow escape at noon today when he slipped backward while coming ashore from the ship and broke two ribs between the boat and the wharf.

The Prince Rupert Ladies' Bridge Club met yesterday at the home of Mrs. A. J. Morris. The winners were Mrs. J. M. Christie and Mrs. Donald McLeod.

Harry Welford returned this morning after spending holidays in southern cities.

# Fortunately We Had Zam-Buk in the House

THINK of the pain and dollars saved by always having handy a box of this magic herbal healer. Zam-Buk has such a wide range of usefulness. It is a real purifying and healing agent. It conquers eczema, ulcers, piles, and ringworm as surely as it grows new skin over a scald or cut, or place chapped with cold. It is also splendid to rub in for rheumatism and muscular pains.

Zam-Buk is healing, soothing, and antiseptic and it draws all germ poison from the tissues. All these wonderful properties come from certain rare and costly herbal extracts, which are prepared in a unique scientific way. Free from animal fat, Zam-Buk is the most wonderful healing balm ever discovered.

## SCALDS & POISONED WOUNDS

Mrs. A. Sawyer, Milland, Ont. — "My little son was badly scalded by pulling over a pan of boiling water. I found Zam-Buk wonderful. It brought ease as soon as applied and it took out all pain and soreness. Perseverance grew new skin over all the scalds."

Miss Pearl Helm, R.R. No. 1 Tidnish River, N.S. — "Through a splinter my mother's hand was festering and poisoned. After a week's treatment with Zam-Buk the hand was wonderfully improved. All pain was taken out and the sore healed completely."

## ECZEMA BURNS

Mrs. L. Bonin, West Arichat, N.S. — "My baby and I suffered awfully with eczema. Through winter I scarcely dare put my hands in water. Zam-Buk proved simply splendid. It soon thoroughly rid us both of every trace of eczema."

Miss A. Bottrel, East Brandy P.O., B.C. — "Zam-Buk is simply splendid for burns. One day I slipped and fell with my hand across the stove. Zam-Buk relieved the pain and healed my severe burn without leaving a scar."

## CHILBLAINS GASHED THUMB

Miss A. Lepard, Beaverdale, Ont. — "For a long time I suffered agonies from chilblains. Nothing brought ease until I used Zam-Buk. Perseverance with this fine healer speedily ended my painful ailment."

50c. box all dealers. 3 for \$1.25.
