TILLAMOOK MAY PLY TO THIS PORT

Juneau Commercial Association Trying to Secure Well Known Vessel.

JUNEAU, July 4.—That the efforts of the Juneau Commercial Association to stimulate the local fish business by securing direct weekly boat connections between Juneau and Prince Rupert, are bearing fruit, was shown by a report made to the association at its noon luncheon meeting by William E. Britt of a conference he attended recently in Seattle relative to placing the Tillamook on the proposed run. Mr. Britt said that Captain Thornton of the Tillamook was anxious to make arrangements for the service and had asked for assistance from local merchants.

It is understood that the establishment of the proposed service will involve an investment of approximately \$50,000 to \$60,000. The matter is to be pressed by the association without portation and boat service, delay. The committee on transportation, Charles Goldstein, was instructed to get into communication with the interested parties. Negotiations will probably be opened by telegraph and a suggestion made that representatives of the Tillamook's owners be sent here to go into the matter personally.

MAN VISITING HERE TOOK PART DARING RESCUE CHINA SEA

D. W. McDonald Spending Couple of Weeks as Guest of Mr. and Mrs. J. Barnsley.

Among the passengers who arrived in the city on the Camosun last evening was D. W. McDonald, of Vancouver, who will spend a few weeks visiting with Mr. and Mrs. Jack Barnsley.

Mr. McDonald is on a six months' leave from the C.P.O.S. trans-Pacific liner Montezuma, having served aboard that vessel as electrician for six years. He was one of the volunteer life boat crew from the Montezuma when that vessel sighted the steamer Hsintien in a sinking condition after having run aground in a terrific storm off the Coast of China between Hong Kong and Shanghai last May. Through the brave efforts of the volunteer life boat crew, the passengers and crew of the doomed vessel were safely transferred to the Montezuma only in the nick of time, the vessel sinking shortly after the last passenger was taken off.

Mr. McDonald is the proud possessor of a wrist watch which was presented to him on the occasion of the rescue. He also has a letter from the French government acknowledging his courageous conduct.

PLATINUM AND OIL NEAR JUNEAU, ALASKA

JUNEAU, July 4.—Some men arrived here a day or two ago with platinum bearing rock and report important oil seepages at Lituya Bay. They are members of a Treadwell party who have been prospecting and several of the party remained to complete the work. They came in on the gas boat Dixon, Capt. Smith. The men report that the oil seepages give indications of a good oil country. The platinum prospects are also important.

The Man in the Moon SAYS—

THE latest boat to attract attention at Cow Bay is the "Narbethong Too."

SOME people had been having too much Narbethong even before the publication of the second edition. One of the water-front rhymersters ran off a verse recently which he called "Perseverance."

"Keep on pushing forward
Whether right or wrong
Learn a useful lesson
From the Narbethong."

Robert Louis Stevenson wrote of times as they were when he lived. Now and then he broke into verse and wrote of the wind:

"And all around I heard you pass
Like Ladies' skirts across the grass."

HAD Robert Louis lived today he might have written instead: "And up the street I heard you wheeze
Baring the ladies' powdered knees."

AMONG the things that do not get anywhere is arranging a picnic for a damp Sunday.

"MAY I hold your Palm Olive?" he inquired. "Not on your Life Buoy," was the reply.

THERE are several things that impress visitors who come to this city. One is the condition of Cow Bay, another the houses on stilts, a third the deep rock reefs, and a fourth the sunshine.

We are always learning new things. Carpenter is said to have learned the meaning of the initials K. O.

THE hopes of the non-American world and much of the American world were dashed, when the features of the smiling Frenchman were disfigured on Saturday by the world champion.

WORK TRAINS OUT OF SMITHERS ARE TIED UP JUST NOW

All the work trains on the Canadian National Railway out of Smithers have been tied up for the time being and the crews have been let out. Engineers on the work trains will likely go firing on the regular freight and passenger trains while the firemen on all will be out of jobs. It is understood that this action has been taken pending the outcome of the wage readjustments that are taking place at the present time.

Miss L. Klippert, of the Indian school at Metlakatla, and Miss S. Stone, of the local public school teaching staff, left on Saturday afternoon for Vancouver where they will spend the holidays.

Ten Years Ago in Prince Rupert

July 4, 1911
About 100 passengers went South on the Prince George this morning, 47 of whom were first class.

Among those who have gone away for a holiday are, Misses Milligan, Johnstone, Mercer, Mrs. W. Manson, and Mrs. Dr. Hall.

Mrs. George Eckerman left yesterday for a visit with relatives and friends in Tacoma. Her sister Mrs. P. R. Harris, will return with her to Prince Rupert.

TRADITION UPHOLDS IT!

In 1177, at the betrothal of the Archduke Maximilian, daughter of Charles the Bold, a ring set with a diamond was used.
Thus as long ago as the 15th century the diamond was the accepted betrothal symbol.
Birks' Diamonds, because of their assured perfection, are doubly appropriate, and our quantity buying gives you an added advantage in price.
