PRINCE RUPERT GETS INTO LATEST AFISHION

England Adopts Similar Foot-
wear Style to That Worn
Here.

Prince Rupert girls have unwittingly led the fashion of the world. England is adopting the style of footwear seen for many years on the streets here during the winter season. The ladies of London are wearing Russian Boots, reaching almost to the knee and resembling very closely in appearance some of the rubber shoes worn here on damp wintry days. Pictures of this "latest style," as they call it, are going the rounds of the illustrated newspapers.

GREER STARRETT HAS GONE FOR HERRING TO SEYMOUR CANAL

The Cold Storage fishing boat Greer Starrett, Capt. Pete Wingham, left on Saturday for Seymour Canal to get a cargo of herring for bait for the fishermen plying out of this port. Owing to the large amount of fishing done this autumn the demand on the herring has been so great that a local shortage has occurred and the Starrett is gone north for the purpose of relieving that shortage. The herring are running about 300 miles from here on the Alaska coast.

WILLIAMS CREEK IS BEING INVESTIGATED; GOOD VALUES SHOWN

TERRACE, Oct. 24.—J. B. Bell, who recently staked some mining claims on Williams Creek near Lakeview Lake, has taken an engineer to inspect the property with a view to further development.

Mr. Bell has a group of several claims about five miles up the creek from the Lakeview Lake road and, according to report, there is a large body of ore carrying good values. It is practically a quarrying proposition and is likely to become a shipping mine in the near future.

Picked samples from this property assayed as follows: copper 24 percent; silver, \$29; gold, \$2.80.

LOOKING FORWARD TO INCORPORATION TOWN OF SMITHERS

SMITHERS, Oct. 24.—General satisfaction is expressed here at the result of the sweeping victory last week in favor of incorporation. The vote, 169 to 54, which was a large one, followed assurances from the Provincial Government on the roads question. It is felt here that greater progress will be made than has hitherto been possible.

A charter will be at once applied for and it is expected that incorporation will become an accomplished fact in January next when an election will be held to appoint three commissioners who, under the terms of the Village Act, will administer local affairs. "Forward Smithers" is the slogan being adopted here for 1922. It is considered that Alberni's failure carries no menace for this place.

REPORT HEAVY RUN OF SILVER SALMON

HOQUIAM, Wash., Oct. 24.—The annual run of silver salmon swept into the harbor and up the rivers in tremendous numbers, on their way to their spawning grounds. The run, according to fishermen, is the heaviest in more than six years and will continue for several weeks, although the heaviest force of the run will be felt during the next few rays.

"Aberdeen Drift," a rich fishing ground off Cow Point, has been dotted with fishing boats since Monday night, huge hauls being made, some boats taking in as many as 350 salmon. Most of the catches go to the plant of the Salmon Fishermen's Cooperative Cannery in South Aberdeen, which opened Monday morning. Manager Strand reported

Sport Chat

Regret was expressed at the Basketball Association meeting on Friday night that there was no delegate present representing the Gallies. It would now appear that this pioneer organization in the city sporting circles which has always taken an active part in both football and basketball is not to enter the basketball league this winter. This is to be regretted both from the standpoint of the sport generally and from the standpoint of the team particularly. The main reason seems to be that the Gallies are disgruntled at the manner in which many of the best players have already been grabbed up by other Senior League clubs. They may be justified in feeling as they do but at the same time they are likely letting a lot of good Intermediate League material go by that may later enter other teams. It is the general opinion that the Gallies could muster a good intermediate team if they wanted to and, if that is the case, it certainly seems folly for them not to do so. It would be a step in the direction of having a Senior league team next winter if they cannot have one now.

The Basketball Association has decided to extend the date for the closing of entries in the various leagues until November 1 in the hope that still more teams may enter. Although three teams in a league may provide lots of interesting games, the ideal number is four and there is only one basketball league so far that has that number, that one being the Ladies' Intermediates. The Senior and the Intermediate Leagues have three teams each so could stand one more entry nicely while the boys' and girls' juniors, each with only two, should have the number doubled. It is highly desirable that these gaps should be filled and any possible combinations should be brought together and entered.

Prince George, Smithers and Alice Arm, small towns in the neighborhood, all have plans well under way for skating rinks this winter and great public interest and support is being accorded them. Here in Prince Rupert where there are more people than in any of the other towns the matter seems to be practically dead. People seem to be taking the same old course of letting things drift until it is too late and then blaming somebody else. It would certainly show little effort or interest on the part of the people interested if the place is not put in shape for use this winter. The matter should be given early attention. There is a council meeting tonight—why not have the matter put before the city fathers without further delay?

CHIEF SKUGAID GOES
ON INDEPENDENT LAY
TO HALIBUT BANKS

The Gold Storage fishing boat Chief Skugaid, Capt. D. Gause, is leaving the halibut banks today, having been outfitted on the independent lay to fish for halibut. During the summer she was packing salmon.

The Chief Skugaid carries a crew of fifteen men all told, all of whom fish and all of whom will share equally in the proceeds of the catch.

SMITHERS

E. Dawson, who has been a popular member of the Union Bank staff here for some time, has gone to Victoria to which city he has been transferred. Before his departure a dance was given in his honor and he was presented with a ring.

Government Agent S. H. Hoskins is a patient in the Hazelton Hospital where he is undergoing two minor operations.

Mr. and Mrs. H. Darling have returned from the East, where they spent several months holidaying. They spent some time at Peterborough visiting with their son.

S. H. Hoskins has purchased two lots in the Broadway section and is erecting a neat little cottage on them.

1922 VOTERS' LIST

LICENSE HOLDERS and householders are reminded that in order to get their names on the above list it is necessary that they deliver to me before 5 p.m. of the 31st instant a Statutory Declaration showing that they are entitled to have their names on said list.

Householders must have been resident in the city since January 1st, 1921, be British subjects of the full age of 21 years and have paid a road tax of \$2.00. License holders must be British subjects of the full age of 21 years and have paid a license fee of at least \$5.00 per annum.

In order to assist those who do not finish work until after 5 p.m. the City Clerk will attend at his office on Tuesday next from 8 to 10 p.m., and on Thursday next from 7:30 to 9 p.m. for the purpose of taking their declarations. Householders who have paid their road tax must bring their receipts, and those who have not paid may do so at the time of taking their declaration.

ERNEST A. WOODS, City Clerk, 249
