UNSEEMLY ROW IN GLASGOW

Labor Members Demonstrate Against Granting Freedom of City to Prince

Pandemonium reigned at a special meeting of the Glasgow Town Council called for the purpose of considering the proposed visit of the Prince of Wales, says a Glasgow despatch to the London Times.

At the outset Councillor Kirkwood said that no freedom of the city should be given to any individual, no matter who he was, so long as there were men unemployed.

The Council Room was now in an uproar. Members jumped from their seats, and standing on the desks wildly resented and shouted insulting epithets at Lord Provost Paxton.

The Labor members who favored an amendment to the effect that no entertainment should be given out of the common fund because the Council refused a grant of an extra £10,000 for unemployed relief, rushed at the Lord Provost, but several magistrates closed round his lordship, who then left the chamber.

HELPLESS WITH RHEUMATISM

Until He Took "Fruit-a-lives" The Fruit Medicine

R. R. No. 1, LORNE, ONT. "For over three years, I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit. Finally, I tried "Fruit-a-lives". Before I had used half a box I saw improvement; the pain was easier and the swelling started to go down. I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place". ALEXANDER MUNRO.

PRINCE RUPERT TIDES

Thursday, March 24. High, 1:36 a.m., 22.3 feet. 13:58 p.m., 21.7 feet. Low, 1:53 a.m., 2.5 feet. 20:06 a.m., 3.4 feet. Friday, March 25. High, 2:16 a.m., 22.5 feet. 11:41 p.m., 21.2 feet. Low, 8:33 a.m., 2.4 feet. 20:42 p.m., 4.3 feet. Saturday, March 26. High, 2:55 a.m., 22.1 feet. 15:25 p.m., 20.3 feet. Low, 9:14 a.m., 2.9 feet. 21:19 p.m., 5.5 feet.

The time used is Pacific Standard, for the 126th Meridian west. It is counted from 0 to 24 hours from midnight to midnight. The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

STRUCK ORE ON THE BELLEVUE AT ALICE ARM

Tunnel at 100 Foot Depth Proves Veins Extend Downwards That Far.

L. J. Hughes, manager of the Bellevue mine at Alice Arm, telegraphs E. C. Hall, one of the shareholders, that he has struck fine looking ore at 186 feet in from the mouth of the tunnel, showing galena and grey copper. This property is up the Alliance River about twelve miles from Alice Arm and has wonderfully good showings of ore. The tunnel is 100 feet from the surface, driven in from the bank of the river. It was started on the advice of P. W. Racey, consulting engineer, with the purpose of proving the depth, width and richness of the surface showings. Naturally this strike is most satisfactory, as, while it does not prove the extent of the ore or any further particulars concerning it, it does prove that the ore has depth, which was the important thing. The vein which has just been struck at 100 foot depth has been uncovered for about a mile on the property and from appearances it would seem as if there was the making of a rich mine. There are other outcroppings which look well.

CHIEF STEWARD OF GEORGE IS A POET

Wrote Special Souvenir for "Hobo Hat" which Arrived Yesterday

The following souvenir poem was written by Chief Steward J. H. Newey and attached to the "hobo hat" which arrived here yesterday from the Prince George on its way from "New York to Hell":

I've travelled o'er mountain and rivers, I've wandered up hill and down dale, From the East to the West I'm never at rest, I'm the Hobo Hat out on the trail. I've sweated in mail bags and box cars, I've ridden on a horse in a pack, I've ridden with mules and been harried by fools, But, thank heaven, I am on my way back. I'm float on the blue briny ocean, And March twenty-two is the date. I am making this trip on a G.T.P. ship, "Prince George" is her name and she's great. When I get back home to my owner And I hang on the peg in his hall, While he's reading the tags that cling to my rags, He'll remember this steamer, that's all.
