Germany Is Seething With Unrest

LEGISLATURE DECIDES AGAINST SALE OF NEAR BEER BY PRIVATE PERSONS

Lunenburg Member Pleads for Prince Rupert to be Given Cars to Handle Fish Catch

"Mr. Speaker, I only rose to say a few words in regard to the Prince Rupert fishing industry. I do hope that the minister of railways and the Government will see these people get the necessary refrigerator cars to handle the fish which goes into that port three times a week. The fishing industry of Prince Rupert should be encouraged. There is no reason why the Government should not give Prince Rupert the proper accommodation. If they do so the population of that port will increase by leaps and bounds and it will be a most advantageous thing for the section of the Canadian National Railways connecting with that port."—W.M. DUFF, M.P. for Lunenburg.

On ten days ago a telegraphic despatch told that William M.P. for Lunenburg, had taken up the cudgels on behalf of Prince Rupert in the House of Commons at Ottawa. The Hansard of Mr. Duff's speech is now to hand and the following is therefrom:

The fishery of British Columbia is a very important source of revenue and it is a public scandal that the Government, especially the Minister of Marine Fisheries, should treat the fishery of Prince Rupert in the manner which has been going on. GREAT CATHOLIC DIGNITARY DEAL

Cardinal Gibbons Passed Away This Morning in Baltimore, Aged 88.

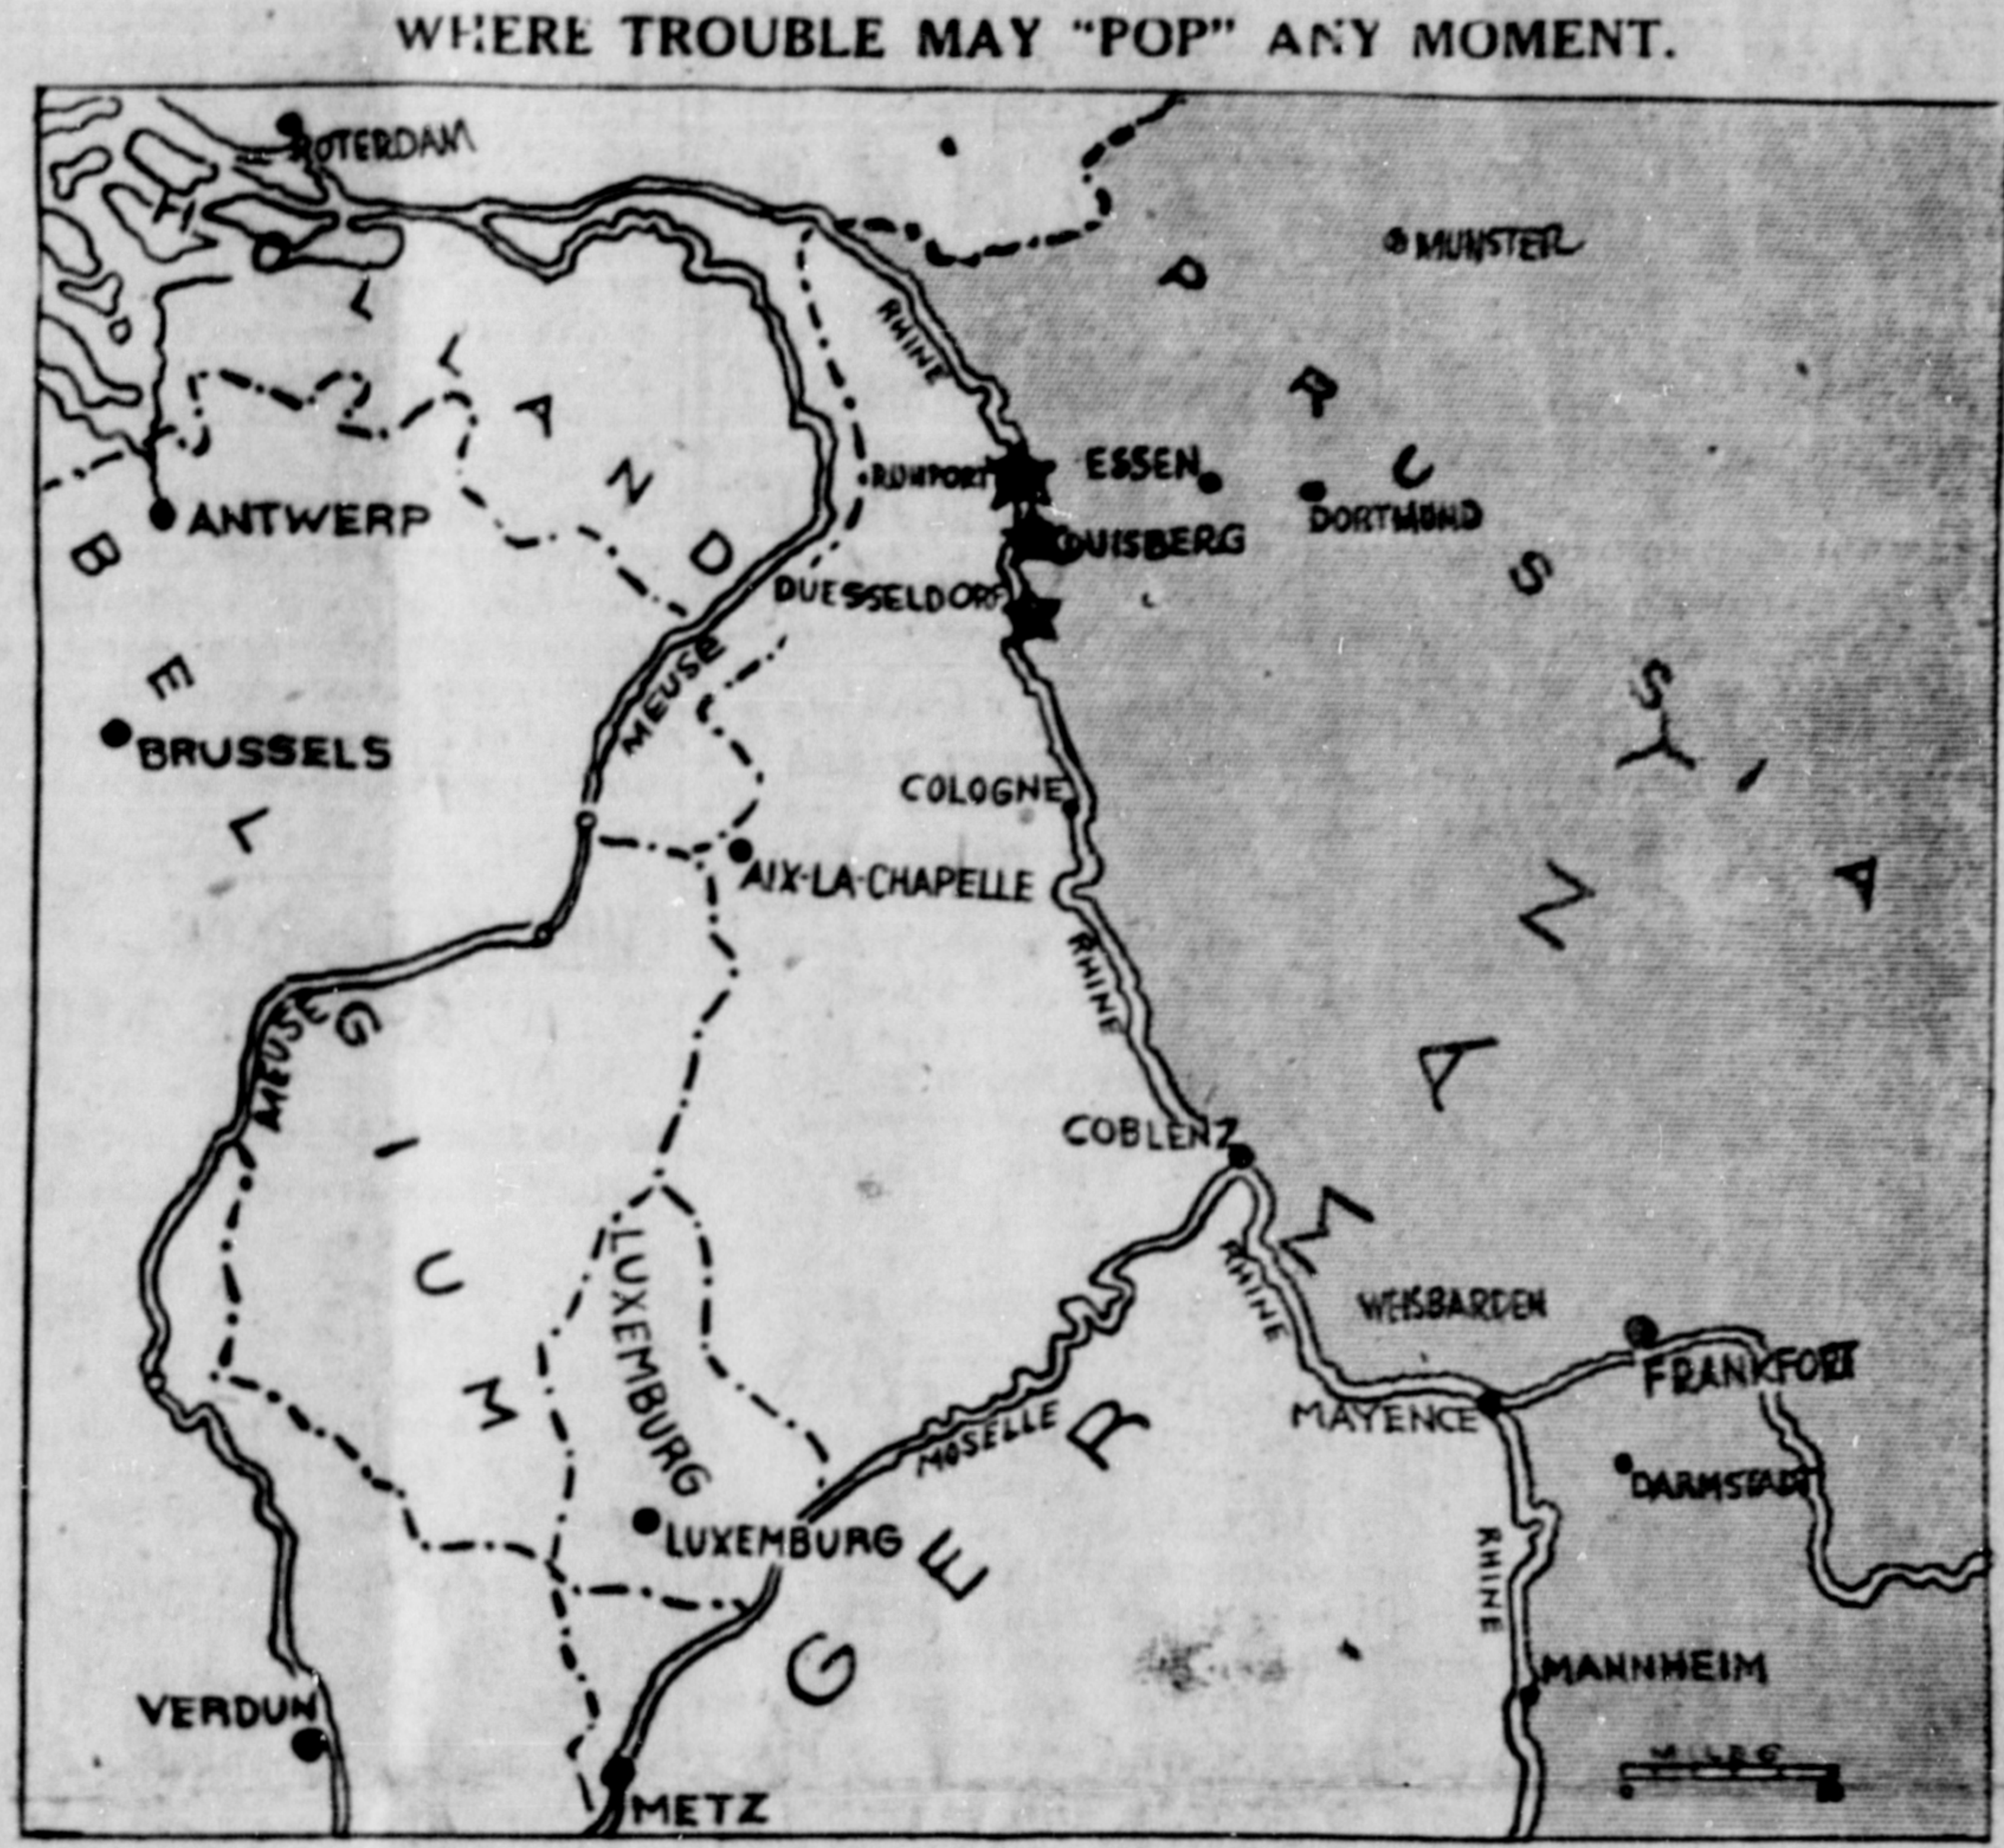

WAS GREAT POWER IN CHURCH AND STATE
BALTIMORE, March 23.—Cardinal Gibbons died here this morning. He was born in Baltimore July 23, 1833, and was the son of Irish parents. Cardinal Gibbons, as senior bishop of the church, wielded a strong influence outside as well as within the United States. The confidant of three popes, he made several important tours to Rome the last in August, 1914, a few days after the opening of the war, to elect the successor to Pius X. He arrived too late, however, to participate in the ceremony that elevated Benedict to the Pontificate.

Upon returning to the United States he visited President Wilson, informed the latter of affairs in Europe and discussed means for bringing about peace.

Active in War.
Cardinal Gibbons was active in his work for the Allies in the war in a letter written to the Catholics of the archdiocese of New York in 1917 when the United States entered the conflict, urged the fullest support of the government.

In a sermon at Baltimore, in 1918, he praised the speech by Lloyd George and said that Germany's war aims would fail. About the same time he explained Benedict's war policy, an article which so pleased the Pope that he ordered it translated and published broadcast.

Supported League of Nations.
The Cardinal's views on political, economic and sociological questions were frequently sought by newspapers. In interviews he endorsed the plan for the establishment of the Jewish Homeland in Palestine, he opposed the government ownership of public utilities, maintained that prohibition meant "the invasion of home and sacramental practice," condemned divorce, praised the work of the Salvation Army in France, favored American military training, implored the clergy to fight Bolshevism, demanded that the Turk should be driven from Europe and appealed to the public to support America's entrance into the League of Nations. At a convention of Irish Nationalists in Philadelphia he expressed the hope that the Paris Peace Conference would make it possible "to free Ireland."

WHERE TROUBLE MAY "POP" ANY MOMENT.
Occupation of German territory which the Allies had announced they would take possession of as one of the penalties for Germany's failure to meet the Allied reparations demands has been carried out. The occupation of the city of Dusseldorf, the largest of the cities taken over, was the first city entered and that of Duisburg and Ruhrort, comprising together the chief port of the Ruhr coal and industrial region, followed.

Make New Province of All The North from Parallel 52

Ottawa, March 24.—The formation of a new province of Canada consisting of "all that portion of British Columbia which lies north of the 52nd parallel of north latitude and including Yukon Territory, subject to the approval of the majority of the electors of all the territory mentioned as determined by a plebiscite" is the substance of a resolution moved in the House of Commons by Col. Peck and seconded by Colonel Alfred Thompson of the Yukon.

The 52nd parallel passes south of Ocean Falls and Bella Coola, but north of Rivers Inlet. The proposed new province would therefore take in all the industrial centres of the north and would include the Cariboo.

There Will Be No Beer Except in Government Stores, says Legislature

VICTORIA, March 24.—There is to be no beer clause in the moderation bill unless it should be inserted when the bill comes up for its third reading. An amendment will be moved then to have eight per cent beer sold in clubs and hotels.

The vote on the Mackenzie amendment to raise the percentage of alcohol by weight from one to two per cent was defeated by a vote of 32 to 12.

Near beer was dealt a death blow by the adoption of an amendment presented by M. B. Jackson, member for the Islands, to the effect that no other than the government vendor shall sell or deal in any liquid known or described as beer, near beer or by any other name whatsoever commonly used to describe malt or brewed liquor.

Those who supported the Mackenzie amendment for two per cent beer were Pattullo, Sloan, Hart, Farris, King, Mackenzie, Kergin, Perry, Lister, Uphill, Sutherland and Anderson. Other amendments by the attorney-general were proceeded with.
