## Dentistry of Quality.

Effects of Pyorrhea

Pyorrhea not only affects the heart and kidneys (as explained in a previous talk), but due to the nature of the disease, causes the bony structure which supports the teeth to be absorbed and the gums to recede. The teeth become loose and ultimately drop out. More teeth are lost in this way than any other.

### Had an Annoying Hacking Cough Got No Rest at Night

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the long healing virtues of the pine tree with which is combined with cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta, writes:—About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house.

"Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark. Price 25c and 60c a bottle. Manufactured only by The T. Milburn Co., Toronto, Ont. advt.

### WHERE WOMEN CHOOSE

Every Year is Leap Year in Assam, says Missionary

NEW YORK, Mar. 10.—Every year is a leap year among the Gape women in Assam, writes a missionary to the American Baptist Foreign Mission Society.

"Among those who have not been Christianized the bride takes the initiative in marriage," he says. "She goes to fetch the bridegroom, and it is etiquette for him to hide and resist until victoriously carried off. Occasionally a man may get his wife by capture, but usually it is the woman who kidnaps him; that is to say, her male friends do it for her. One may still see such press-gangs bringing home their spoil.

"In the early days, the missionaries were inclined to rush to the rescue, thinking that violence was being committed, such is the noise made by the struggling youth. The reluctance and resistance, though, are seldom as real as they sound. If the youth dislikes the match, there is seldom any redress.

"Women of means are allowed to choose a temporary husband and when freed of him, pay him off and take another."

## Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended.

Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for yourself by asking the first twenty persons you meet such questions as:

What brand of collars do you wear?	What tobacco?
What kind of shaving soap do you use?	What razor?
What breakfast food?	What cigars?
What tea?	What mustard?
What cocoa?	What sugar?
What coffee?	What shoes?
What underwear?	What motor car?
What chewing gum?	What tires?
	What brand of anything?

Irrespective of location, the answers will reveal the names of products advertised in daily newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.
