Theatres Hit by Hard Times.

A dispatch from New York states that the city is having its leanest theatrical summer in many years. Only sixteen of Broadway's fifty-seven theatres are in operation. Yet it was recently predicted that the number would never fall below thirty.

Similar news comes from Montreal, where practically all the theatres are closed, and at other cities only a few are running. In Seattle, Levi's Orpheum is not running, and at Victoria Pantages is closed most of the time. When people begin cutting down expenses they usually make their first cut at the luxuries. Theatres are a luxury, especially in summer. Prince Rupert is lucky to have its theatres running as usual.

Good to Watch Game of Ball.

There was a great crowd out last night to watch the ball game and they were not disappointed. They got their money's worth. While there were errors of various kinds, the game was such that anyone might win it even up to the last moment. The score just indicated the level of play of each team and was not a freak one on either side. The fans were interested throughout and all enjoyed it.

Watching a game like that helps to put new life into the older people and puts pep into the youngsters. It takes the mind from the daily grind and tunes up the intellect. While the ball players put up such games as that of last night they are doing us all a favor.

What Should Public Leaders Do?

What should leaders of the people do? Should they listen to the wailings of their followers dodging the bricks of the opposition or should they stand pat and go the way they think best for the country and the community they represent? A case in point is that of Premier Meighen. He is at present in England on important business connected with the future of the country and of the Empire. No one else could do the work which he is doing. Yet, if the Ottawa despatches to some of the coast newspapers are to be believed, his followers are wailing because he does not spend more time at Ottawa looking after the interests of the party and of the country at home.

Surely there must be one among the cabinet ministers who can carry on while he is away! The party interest cannot be so important that it will go to the bow-wows if the Premier is away for a little time. And if the party does suffer, the interest of the state is paramount. As a matter of fact the party does not suffer but gains from honest work done by the leader whether at home or abroad. Mr. Meighen is not our ideal of a Premier, but he has done good service for Canada in England, and we must recognize those services.

Local Member Another Example.

Another instance of ignoring public opinion is found in the representative of Prince Rupert at Victoria. The Minister of Lands is a man who does not keep his ear to the ground all the time listening to the promptings of his party. Sometimes his motto seems to be "Party be damned!" He does what he thinks is best for the district and for the province. We often do not agree with his actions nor do we quite get his point of view, but we are willing to give him credit for honesty of purpose and he is considerably more than fifty per cent. right, which is what cannot be said of a good many politicians.

We might go on and cite instances of men who fly in the face of what seems to be their own interests, influenced by the larger things which they see or think they see. After all, our political representatives are just human, although at times some of their foolish followers would try to deify them for a little while. Then they come back to earth with a hard thud.

Under democratic government there must be a close relationship between the people and their representatives. That goes without saying, but it need not be so close that every action of the representative be dictated by the people who have not the information on which to base their judgment.

Years Of Suffering Ended By "Fruit-a-tives"

112 HAZEN ST., ST. JOHN, N. B.
 "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-tives', made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors, but nothing seemed to help me until I tried 'Fruit-a-tives'.
 After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since". Miss ANNIE WARD.

MAPLE LEAF VI. WAS LAUNCHED

Will Try to Regain Possession of Motor Boat Trophy; 37 Feet Long.

LONDON, July 19.—Maple Leaf VII. owned by Sir Mackay Edgar, who is as keen to regain possession of the international motorboat trophy, which he held from 1910 until last year as was Sir Thomas Lipton to win the American yacht races, was launched on the Solent last week and will cross the Atlantic shortly to race against America's best as the only representative of the Royal Motor Yacht Club of Great Britain.

The Maple Leaf VII. is thirty-three feet long, being six feet shorter than the two Maple Leafs which were so decisively beaten by Garfield Woods' Miss America last fall. She has four Sunbeam engines, developing 1,800 horse-power, and in her trials moved at a great speed. What she can really do is known only to the owner and builders, who are optimistic of her chances on the other side.

The Royal Yacht Squadron announces it will give a special prize to the first American six meter yacht to finish in the forthcoming British-American cup races at Cowes, and the town of Cowes also will give a cup to the first American yacht in the second cup race. Alterations are being made in the course in order to permit visitors a view of the whole racing expanse.

The Man in the Moon SAYS—

SAID Dean Swift, "I am an old man and have had lots of troubles but most of them never happened."

THAT was how the defeat of the Elks came about last evening at baseball. It never happened.

AND it never happened in spite of the rooting of the flappers.

ANYWAY Shakespeare pitched a good game and it was not his fault the Sons of Canada lost.

AT some of the county fairs they are offering prizes for high-steppers. And yet there have been no entries from the Third Avenue paraders.

OUR idea of bad luck is to have a man go broke who owes you a thousand dollars. Much worse than that is if he owes me a thousand or even a hundred and fails to pay.

THE best luck I could think of would be to have someone owe me a thousand dollars.

HOW fast the dollars fly! See them go

At every little blow . . . Out you have, you knok, Just watch out

And mind what you're about Or they sure

Will answer the lure

And fly, sky high.

How fast the dollars fly!

Ten Years Ago in Prince Rupert

July 19, 1911.

Mayor William Manson has presented a silver cup to be competed for by the various clubs of the Prince Rupert Indoor Baseball League.

Quite a surprise was successfully sprung on Mr. and Mrs. L. W. Patmore last night by a merry party of Prince Rupert young people. Among them were: Misses L. Holthy, A. Brown, V. Lockhart, Eulion Keeley, Greenwood and Kincaid and Messrs. Vance, Edwards, Arneill, Greer, Helgeson, Tatchell, Dunn, Wood, Morris, Holthy, Fulton and Rogers.

F. H. Cunningham, chief inspector of Dominion Fisheries, arrived here yesterday on the cruiser Restless on his first trip of inspection in the district. He commended J. T. C. Williams, local inspector, on the handling of District No. 2.

ORGANIZING FOR EIGHTH OLYMPIAD 1924 IN FRANCE

PARIS, July 19.—Organization of the Eighth Olympiad, in 1924, which has been awarded to Paris will entirely be in the hands of the French Olympic committee acting under the general direction of a central committee, notwithstanding the fact that the French Government and the City of Paris will furnish the necessary funds, Gaston Vidal, Under Secretary of State for Physical Education, said today:

"The intention is to make it a great manifestation of sport, such as never has been seen before," M. Vidal added. The site for the stadium has not yet been chosen definitely, but in all probability it will be on the old wall of Paris, in the neighborhood of the Bois de Boulogne, making that part of Paris the most important sport centre in the world.

C. P. Byles, of Ocean Falls, is registered at the Hotel Prince Rupert.

PRINCE RUPERT TIDES

Tuesday, July 19.

High—0:41 a.m., 20.0 feet.
13:37 p.m., 18.5 feet.
Low—7:33 a.m., 3.3 feet.
19:31 p.m., 7.5 feet.

Wednesday, July 20.

High—1:19 a.m., 20.2 feet.
14:12 p.m., 18.9 feet.
Low—8:02 a.m., 3.2 feet.
20:04 p.m., 7.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.
