STATESMAN OF JAPAN IN FAVOR TREATY

Former Foreign Minister Kato
Thinks No Reason for Cancell-
ation of Alliance.

NAGOYA, Japan, July 19.—Abrogation of the Anglo-Japanese alliance might necessitate Great Britain's keeping her Pacific fleet to a certain degree of efficiency, and strengthening of her Pacific force by Great Britain might oblige Japan to follow suit and strengthen her navy, former Foreign Minister Kato declared in addressing the Kenseikai, or Opposition party, of which he is the leader, here today.

M. Kato, who as Ambassador of Japan to England, participated in negotiation of the existing treaty, urged a renewal of the alliance with modifications calculated to reassure China and also to harmonize with the League of Nations. He said the alliance originally was intended to be directed against Russia and Germany, but its necessity in these directions had disappeared. It was not surprising, therefore, M. Kato declared, that some should urge there was on longer a necessity for the alliance, but, considering that Great Britain and Japan had been maintaining friendly relations for many years it would be a great pity if the treaty should be abandoned.

M. Kato pointed out that abrogation of the alliance would not affect the friendly relations of the two nations but he asserted its discontinuance might make people think something was wanting to keep the two nations friends, and therefore it was desirable the treaty should be kept in force. M. Kato declared that if the alliance were continued Great Britain would be under no necessity to reinforce her strength in the Pacific. He continued:

"It appears some opposition has been raised in America and in China, but it seems uncalled for. Even as it stands, the treaty stipulates that Great Britain shall not come to Japan's assistance in case of a war between America and Japan, while it contains nothing inimicable to the sovereignty of China. If China objects to the use of the word 'China' in the treaty it might be altered to 'the Far East.' In short, the opposition of America and China is not based on reasonable and solid grounds. What is deplorable is

that the Government has been adopting a policy of extreme secrecy in dealing with the alliance, thereby giving rise to a crop of unfounded rumors.

Continues Until Denounced.

In a statement to the press M. Kato insisted it was clear the alliance continues automatically until denounced. The discussion he said, centred around that part of the treaty excluding the necessity of assisting one another against a third party with whom a treaty of arbitration had been concluded.

was the cause.**

Dysentery is one of the worst forms of bowel complaint, and hardly any other disease so quickly undermines the strength and brings about a condition of prostration and utter collapse that often terminates fatally.

To check the unnatural discharge without bringing on constipation you should use that grand old remedy with a reputation extending of 76 years.

WILD STRAWBERRY**

Mr. G. H. McVagh, Sawyer, Sask., writes: "About eight years ago I had a severe attack of dysentery. I was sick for three weeks. I weighed 154 lbs. when I took sick and 125 when I got it stopped. I think I tried every medicine on the market, but did not find relief until I used Dr. Fowler's Extract of Wild Strawberry, and one bottle did it. I think there is nothing like it for diarrhoea or dysentery. I always keep some on hand as a person does not know when he will need it."
