ELKS WINNERS OF BALL GAME

Beat Sons of Canada in Close and Exciting Match Last Evening.

The City League baseball game last night between the Elks and the Sons of Canada proved the most hotly contested and the most interesting so far in the season and resulted, after a back and forth struggle, in victory for the former by the narrow score of 8 to 7. Up to the ninth inning it might well have been described as anybody's game. There was a big crowd in attendance and enthusiasm was rife on account of the uncertainty of the outcome. The quality of the play was nothing out of the ordinary but this did not detract from the interest taken by the spectators, the majority of whom seemed to favor the winners. The result will no doubt tend to make greater interest in the series with the Sons and Elks now on more even footing in the standing. It was the Sons of Canada's first defeat this season.

Pitching Good.

The pitching staffs were in good form, Shakespeare, for the Sons of Canada, making fifteen strike outs and Clementson, for the Elks, thirteen. The fielding of the Elks was possibly a little superior to that of the Sons, thus accounting for their victory. The pitchers seemed to have a hearty respect for the reputed big hitters with the result that there were but two two baggers and a total of but eight hits divided evenly between the two teams. Shakespeare walked three men with pitched balls and Clementson, one.

Shakespeare and Corkle seemed to be out for the umpire and following strenuous objections by the former to a decision in about the middle of the game, Laporte left the field.

The first scoring was done in the second inning when the Sons made three runs. This was equalized in the first half of the third when the Elks took the same number. In the fifth inning the Sons gathered in thre more to two by the Elks. In the seventh the Elks made three and the first half of the ninth the Sons were able to get but one the Elks not having to go to bat in the second half with the game already won.

BABE RUTH GETS ONE MORE HOME RUN MAKING THIRTY-SIX FOR SEASON

DETROIT, July 19.—Babe Ruth, the star hitter of the New York Americans, knocked his 36th home run of the season yesterday in the eighth inning.

Sport Chat

The freak baseball game between the 'Old Stagers' and the Junior Leaguers at the Orangemen's Picnic at Port Simpson last Tuesday proved such an amusing contest that it is now proposed to put on a similar affair one of these evenings in the city. The youngsters, it is conceded, can put it all over such veterans as Sam Newton, Bob Warrior and Jack Plint at the popular game but the sight of such staid and solid citizens in the diamond ought to attract a good many spectators even if they wouldn't be guaranteed much quality of ball played. The proceeds of such a game to go towards equipment for the Junior League.

Enthusiasm for sport is greater in London this season than ever before, asserts the Evening News in an article which declares that in and about the city, there are 55,000 tennis players, 5,000 amateur cricket teams and 45,000 regular football players. Rejuvenation by five years of army life is advanced as one of the reasons for the record breaking keenness for outside games. All recreation grounds are at a premium and the space available is several thousand acres short of what is required. A tour of the playing fields indicates that there are tens of thousands who would join if room could be found for them. Illustrative of the growth of outdoor activities among commercial companies is the fact that there are 140 firms in the Business Houses' Sports Association compared with 50 in 1910. London is encircled by great playing fields. One of the few pieces of ground still available consists of a 20-acre field for which a railway company wants £600 an acre.

With a travel record of 100,000 miles established, the famous Davis tennis cup is safely locked in the vaults of a New York jeweler waiting the day, soon to come, when it will be brought forth from its wrappings polished and put on display. Strangely enough it has done all its traveling without mishap and is today as shapely and clean cut in every line as when it was first chosen as a fine example of the silversmith's art. A notable thing about the cup is that the silver sides are now so closely covered with the names of men who have played on the various teams that space for addition engraving must be found. Consequently Dwight F. Davis, the donor, has instructed that a pedestal be designed on whose sides further inscriptions can be made. It is likely, therefore that when the cup makes its next appearance it will be somewhat changed from the shape that has grown familiar to the public through a score of years.
