TORPID LIVER
For over 4 Months

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lax, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mohl, Nanaimo, Ont., writes:—"I was very badly run down and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a box of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two boxes, and am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LLOYD GEORGE'S
SALARY SMALLAsquith says Premier of Britain
Cannot Pay Bills from Pay

LONDON, Feb. 15.—The Premier of Great Britain has a hard time of it trying to pay his bills on a salary of £5,000 a year and his pay ought to be raised, says the former Prime Minister, Herbert H. Asquith, and he ought to know for he occupied that position for 11 years.

As far as known, David Lloyd George has not asked for a raise in pay, but his remuneration has been the subject of an inquiry conducted by a committee of Parliament, which also is examining into the salaries of all the British cabinet ministers.

Mr. Asquith told the committee that the office of the Premier of Great Britain is a very expensive one and his duties can only be properly discharged by an expenditure limited to that amount. The former Prime Minister added that he, himself, was a much poorer man when he left office than when he entered it.

Much Entertaining

Mr. Asquith explained that the Premier had to do a great deal of entertaining and afford hospitality to all sort of conditions of people both at home and abroad, but, under the existing arrangement, he had to defray this expense entirely at his own cost.

Even if a government hospitality fund should be provided for entertaining distinguished foreigners, Mr. Asquith was of the opinion that the Premier's salary ought to be advanced.

Mr. Asquith had a few kind words to say about the privilege which the Premier has of occupying the official residence at 10 Downing Street.

House Rent Free

"It is quite true," he said, "that you live in the house free from rent, rates and taxes, but it is a very expensive house to keep up. It is a very inconvenient house in many ways; it requires a large staff and I suspect myself that any Prime Minister who had experience of it as I had would, if he were offered the choice, rather not live in it at all."

The salary of the Prime Minister of Great Britain at present rate of Canadian exchange is equivalent to \$21,500. This compares with a salary of \$50,000 for the Governor General of Canada and \$12,000 for the Prime Minister of Canada.

The President of France receives 600,000 francs a year and a similar amount for expenses, and the President of Germany receives 100,000 marks salary and 600,000 marks expenses.

Members of the Canadian cabinet receive \$7,000 a year.
