Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Canadians own over three and a half billions worth of governmental and municipal bonds.

Gordon H. Jolliffe of Queen Charlotte City, has been paying a brief visit to Massett on business.

Morgan Logging Co.'s power vessel Mary Roberts to attend the dance tendered at Skidegate Mission to the personnel of H. M. C. S. Skedena. With them was Miss Morrison of Vancouver who has been spending the summer visiting at Crescent Inlet with Mr. and Mrs. J. R. Morgan.

Mr. and Mrs. N. Schafer of Southeast Harbor motored recently to Skidegate and Queen Charlotte City to pay a visit with friends.

STEWART

Stewart has been en fete during the past few days in connection with the visit to port of H. M. S. Delhi. There was an ambitious program of social as well as athletic events in connection with the ship's visit. The festivities were marred, however, by the tragic accident on Sunday morning in which Mr. and Mrs. George Naysmith and William Mowatt lost their lives in an automobile mishap on the Stewart-Hyder road.

The village of Stewart last week received a check from the provincial government for \$932 which included the share due the municipality from motor licences and liquor profits.

G. O. Treleven of Prince Rupert is here to relieve R. E. Haack, manager of the local branch of the Bank of Montreal, who left on the Catala Monday night for a five weeks' vacation trip to Vancouver.

Rev. Father E. M. Leray O. M. I. has received word that Anyox and Alice Arm have been temporarily added to his ecclesiastical jurisdiction.

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.
