When Mackenzie King Was in Prince Rupert.

When Mackenzie King was in Prince Rupert he spent a good deal of time among the citizens, and he certainly heard all their grievances against the Meighen administration. While here also he addressed a public meeting, at which he said:

"Was the G. T. P. policy a wise one? What was Sir Wilfrid's vision when the transcontinental railway was being planned, and his vision of this particular city? I know. It was of ships plying from this very harbor, crossing the Pacific with the products of this country, bringing back other commodities here, making this community one of the greatest marts in the world; of a railway running through a country as fertile as any in the world, with feeders running north and south, tapping the resources of the province, mineral and timber, the great national wealth; a great community with ocean wharves, docks, repair yards, drydocks, roundhouses, hotels, railway stations, and all the sights and signs of a great world metropolis.

"And what have you got today?" enquired Mr. King. "A side line and not a main artery, the difference between the Liberal and Conservative parties."

Two Big Groups in Body Politic.

The Liberal policy of Mr. King was further expounded at that time in the following words:

"Irrespective of the political groups which grow from time to time for political purposes, there are two great parties in the political world, the one progressive and democratic and the other a party of reaction, looking to the big interests and resenting change. The Liberal party has set out to build up the Dominion of Canada, advocated freer markets, naval defence, and had built a national highway with a Pacific terminus. And the Liberal party is anxious to keep up the work and to finish and carry through the plan interrupted ten years ago. It is for you to say whether you wish that work to be accomplished or not. We can go to Eastern Canada and ask for the support of the men in the East, but unless you send us men committed to see that the program is carried out, our hands are tied. For the building up of Prince Rupert there is every reason for your giving us your support. The first thing we have to do is to carry out the policies of our leader, Sir Wilfrid Laurier, and we who have been trained by him will see to it that his every policy will be completed."

Can Anything Be Clearer Than Mackenzie King's Speech?

Can anything be clearer than the statement made by Mackenzie King in his speech here? He knows the conditions; he has visited the city and spent considerable time here. He has accurately sized up the situation and it is to him we have to look for relief.

What a lot of Liberals would like to know of the independent candidate is whether he is backing Mackenzie King, the man who has the will to help us, and will soon be given the power? While we want to send a good man to Parliament and intend to do so, the main thing is that the man who is sent from here shall pledge himself to back up the Liberal leader, who has already placed himself on record in regard to Prince Rupert.

There are two other leaders in Canada today, and only two of any standing. They are Arthur Meighen and T. A. Crerar. Have either of these men visited Prince Rupert? Have they ever by word or sign indicated that they are ready or willing to help us? There is not so much as the wink of an eye from the man Meighen, whom Colonel Peck has so faithfully supported and whose pictures adorn the billboards in this city, to indicate that if he is returned to power he will relieve the railway situation and really place Prince Rupert on the map. Since he has had the reins of office he has tried to drive everything to the south, and we are neglected. In view of this the man for us to support at the present time is the man who is pledged to support this clearly laid down policy of Mackenzie King.

SO MANY PEOPLE ARE NERVOUS

"Fruit-a-lives" the Greatest of all Nerve Remedies

This Fruit Medicine Restores Health

The increase in the number of persons suffering from Nervousness is world-wide; due, in a measure, to the reaction following the war. Sleeplessness, Headaches, Mental Depression, Rheumatism, Nervous Dyspepsia, Bad Heart Action, are the results of a disturbed condition of the Nervous System.

The nerves and the blood are so intimately, so vitally, connected that the condition of one is bound to affect the condition of the other. If the blood is laden with impurities, it is impossible to have strong, steady nerves.

The first essential in treating nervous troubles is to purify and enrich the blood. This "FRUIT-A-LIVES" will do.

"FRUIT-A-LIVES" stimulates the bowels, kidneys and skin and purifies the blood. "Fruit-a-lives" improves appetite and digestion and insures food being properly digested, thus enabling the blood to carry wholesome nourishment to build up the body, particularly the nerves.

Men and women who take "Fruit-a-lives" for some form of nervousness—because they cannot eat or sleep or work or enjoy life—say that this fruit medicine is simply marvellous in its action.

Ten Years Ago in Prince Rupert

November 18, 1911.

Hugh Harris and Duke Harris, of Hazelton, were in the city yesterday on their way south to Vancouver where they intend to spend the winter. They plan extensive development operations on the "American Boy" mine next year with the shipment of 400 tons of silver ore by way of Prince Rupert in the fall.

Thirty-five surveyors and timber cruisers, many days overdue on the Naas River, reached the city on the Venture today. They had an adventurous trip by trail and canoe.

Seventy-five men arrived in the city today from Goose Bay having been laid off for the winter by the Granby Consolidated Mining, Smelting and Power Co.

Among the officials of the Wallace Shipbuilding Co. who sailed for the south last night on their return to North Vancouver were J. Allen Ritchie, purchasing agent; Hubert Wallace, assistant hull superintendent; and T. H. Allen, hull superintendent. Mrs. Ritchie and Mrs. Allen accompanied their husbands.

Sealed tenders superscribed "Tender for Steam Cruiser" will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of the 18th day of November for the construction of a 25-ft. steam cruiser.

Bidders—New Westminster Wharf.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Minister of Public Works for a sum equivalent to ten per cent. (10%) of the amount of the tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for.

Deposits of unsuccessful tenderers will be returned to them upon the execution of the contract. Tenders will not be considered unless made out on the forms supplied, signed by the actual signature of the tenderer, and enclosed in the envelope furnished.

Plans and specifications may be seen on and after November the 14th, 1921, at the office of the Public Works Engineer, Victoria, the Chief Inspector of Machinery, New Westminster, and the District Engineer, Court House, Prince Rupert.

Intending tenderers can obtain from the undersigned one copy of plans and specifications by depositing \$10.00, which will be refunded on their return in good order. The lowest or any tender not necessarily accepted.

(Signed) F. PHILIP, Public Works Engineer.

UNEMPLOYED NATIVES IN DISTURBANCE

Several Police Killed and Wounded and Mob Fired Upon at Bombay.

BOMBAY, Nov. 18.—Disturbances in the native quarter during the procession of the Prince of Wales and following through the European section of the city yesterday were caused by a mob of unemployed mill hands who wrecked and burned a number of tram cars at several points. The mob threw stones at European passers-by.

After several of the police had been killed or wounded in scuffles, which followed the riot, the police fired upon the mob inflicting a number of casualties.

The tramway service was suspended and the mob is still carrying on sporadic demonstrations today.

ORANGE LODGE HAD WHIST DRIVE AND DANCE LAST NIGHT

The Orange Lodge held a whist drive and dance last night in the Metropole Hall. It was well attended and proved quite an enjoyable affair. Music and singing of solos also were delightful.

In the whist drive first prizes were won by Mrs. J. Campbell and S. M. Newton. Consolation awards went to Miss L. Warrior and J. Webster. Miss Warrior also received a special prize for the lowest individual score.

Solos were sung by E. A. Woods, W. James, Percy Smith and others. J. Webster played the piano for the dance and there were several accompanists for the singers.

H. Smith was master of ceremonies and F. Cameron, assisted by A. McRae, was on the door. The committee comprised H. Smith, J. Plint, A. McRae, G. Leek, Jr., George Gibson. The ladies on the refreshment committee were: Mrs. W. Wilson, Mrs. H. Smith, Mrs. F. Haugh, Mrs. S. L. Warrior and Mrs. Lemon.

DOROTHY GISH STAR IN LIVELY PICTURE OF NEWLY WED LIFE

Dorothy Gish in a lively screen farce, "Remodeling Her Husband," will be the attraction at the Westholme Theatre tonight. The star has the role of a vivacious young girl who marries a flirt with the idea of reforming him. After a blissful honeymoon, they settle down to wedded life. But Friend Husband soon strays from the straight and narrow. At first Mrs. Newlywed is prone to forgive and forget, but when an affair between her spouse and a manicurist comes to light, she puts her foot down and flees to father. Then, by a most novel means, she brings her erring lesser half to terms.

Miss Gish is declared to be just as vivacious and laughter-provoking as ever in "Remodeling Her Husband." Her leading man is James Rennie, the popular stage player.
