TIME TABLE FOR BASEBALL GIVEN

Twenty-four Games Will Be Played for New Nickerson Cup.

The schedule for the City League baseball series was announced at the meeting of the Baseball Association last night, the first game taking place on May 24. The trophy for the series will be the Nickerson Cup, the offer of which was received at the meeting and accepted with the thanks of the league. It will be a handsome trophy and one which will be coveted and keenly contested.

The baseball association decided to fall in line with the football league and charge 25c admission to all games. Forms were given out for the signing of players in the various teams. There will be no outside team brought here on May 24 despite the fact that New Metlakatla and Ketchikan offered to come. That day will be devoted exclusively to the staging of local sport and will be a big day, for both football and baseball officially commence then.

PREPARATION FOR BOXING AT SMOKER

ANYOX, May 14.—The baseball players held their first workout on Sunday at the ball ground and from all appearances Anyox is going to have a cracking good ball team. They are kept on playing Prince Rupert and expect to be able to carry home the bacon when the match takes place.

Football

Football is booming here. The boys are out every evening getting in shape for the opening game. Bob Armour, one of the sporting enthusiasts of the town is going to handle the whistle for the first game.

Tennis

A ladder competition has been commenced in connection with the tennis club. This is stimulating interest in the game which is more popular this year than ever. The competition is in the hands of the secretary, Mr. Ballion, who deserves great credit for the able manner in which he is handling it.

The gun club shoot on Sunday afternoon brought out a great many and Mr. Wetmore was high with 22.

Boxing

Preparations are being made by the Community League for a big smoker on May 27. The gym is a busy place during the evenings. Mr. Andrews is teaching the boys the art of boxing and is going to stage some good bouts at the smoker.

Sport Chat

The work of clearing the playground at the corner of McBride Street and Sixth Avenue is now within a week of completion and when it is finished it will provide a good field for the play and games of the youngsters. The field will be about 194 feet long by 124 feet wide and will be surfaced with cinders and sand. While not of regulation dimensions it will prove a convenient place for practices and games among the junior teams when the Acropolis Grounds are in use.

There is great enthusiasm being displayed among the members of the Prince Rupert Swimming Club towards getting the Sall Lakes ready for another busy season and it looks as if the water sport may become more popular than ever it was before. Races and games will be encouraged and when the time for the gala comes round again there ought to be some good exhibitions of diving, swimming and various other sports. The art of handling oneself in the water is one that should be supported to the utmost for it is one that often saves lives, besides being a sport.

The idea that there are hot springs in the Salt Lakes that make the water so warm in the summer time is one that is not true. The unusual warmth of the water and the coldness in the winter have a similar cause. The lake is a deep basin that has a very small outlet and the tide only reaches about once a month. For that reason the water is more or less stationary and does not move out to any great extent. Therefore the warmth of the summer heats the water and there is little cooling influence, while the winter coldness has the other effect with no moderating influence.

Before the baseball game between the Sons of Canada and the Red Sox at 6:30 tomorrow evening, the Great War Veterans will parade the city streets. The game is being put on in benefit of the band.
