# BOILS SO BAD HAD TO GIVE UP WORK

From the days of Job, up to the present time, boils have been one of the afflictions of the human race.

All the poultices and linings you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out; and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable.

It purifies the blood by removing every particle of foul matter from the system, and when this is done the boils vanish, and you should never be troubled again.

Mr. James Fane, Newport Island, Que., writes: "I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor, and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."
