

# PRINCE GEORGE DEALING WITH UNDESIRABLES

### Notice Served on Colored People to Move and Whites May Follow

Alderman Barney Keegan, the oldest member of the city council, "started something" while acting as mayor during the absence of Mayor Henry Wilson on the coast, says the Prince George Citizen. At a special meeting called a few days ago to consider an offer on the city's school bonds, resolutions were passed by the council instructing the acting mayor to take action towards ridding the city of the undesirable colored population. A number of these people have been reported by Chief of Police Sinclair as being occupied in criminal pursuits, including the running of assignation houses, red light brothels and boot-legging.

**Ultimatums**

Following the action of the council, Acting Mayor Keegan signed ultimatums addressed to about fourteen of these people, advising them that their presence in the city was not considered advisable in the public good and suggesting that a change of scene would be beneficial to their health.

The chief of police has served the notices upon the undesirables and further action is expected to be taken.

While it is a difficult matter for the police to secure proper evidence against these law-breakers, by the very nature of their offenses, they will probably recognize the futility of trying to carry on in the face of police action concentrated against them with the strength of the mayor and council behind it.

**White Bootleggers.**

Aside from the undesirable element in the colored population here, there is a feeling that the white bootleggers doing a thriving trade should be put out of business. There are a number of known bootleggers who carry on a flourishing trade, who appear to be free from active interference. The peddling of dope has also been under the observation of the police, and one of the suspects who carries on this traffic here, and who has been fighting against conviction on a technicality, will come up for trial shortly.

There was a special meeting of the police commissioners called to consider a resolution sent to them by the city council in regard to the matter of the underworld.

## See, Mama, There is Your Medicine

"YES, dear, that is the medicine which made mama well and I am sure neither of us shall ever forget it."

"Are you going to buy some?"

"No, darling, I do not need any more. You know how well I sleep now, those terrible headaches do not bother me any more and we are able to take our nice long walks every day."

"You never used to walk, did you?"

"Not for a long time. My nerves were so bad that I could not do anything, and I am afraid I was often very cross and irritable with you and daddy, but, thanks to

Dr. Chase's Nerve Food, that day has gone by and I know what it is to be well and happy."

"Why don't all the sick people use your medicine?"

"Far more of them would if they only knew of the good it would do them. I have told lots of my friends and they nearly all have been benefited just as I was."

Clear brain, splendid circulation, ruddy complexion, sound, restful sleep, good digestion, greater strength of mind and body and better health are the results of using Dr. Chase's Nerve Food. 50c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

## CLAIM \$60,000 FROM CANADIAN PACIFIC RY.

EDMONTON, April 23.—A civil claim for \$60,000 was filed in the supreme court Tuesday morning against the Canadian Pacific Railway by Mrs. L. B. Dougher, whose husband was killed at the defendant's railway crossing near Blackfalds last September.

On the date in question the deceased and the plaintiff were travelling by automobile on the Calgary Trail and on approach to a level crossing at Blindman River near Blackfalds, a train on the line suddenly and without warning, approached the crossing according to the claim, and dashed into the car, completely demolishing it and killing Mr. Dougher and seriously injured the plaintiff.

It is claimed that the steel on the crossing was too high and that the train blew no whistle, sounded no bell, and neither the fireman nor the engineer was on the lookout.

The plaintiff claims \$1,300 for the demolished car, \$65 a month from the time of the accident till the present, which is the salary she was making at the time, \$200 hospital expenses, \$30,000 for the death of her husband and \$30,000 general damages.
