Dentistry of Quality.

Effects of Pyorrhea

Pyorrhea not only affects the heart and kidneys (as explained in a previous talk), but due to the nature of the disease, causes the bony structure which supports the teeth to be absorbed and the gums to recede. The teeth become loose and ultimately drop out. More teeth are lost in this way than any other.

MILLINERY OPENING. Miss Barbeau extends a cordial invitation to ladies to view her large and up-to-date display of new spring models at her millinery opening on Friday and Saturday.

Police estimates for the year totalling \$23,626, as against \$20,300 for last year, were approved by the police commissioners last night and referred to the finance committee. The increase is made up largely by increases on the salary list.

Architect Potter, who is superintending the building of the new Clapp building on Third Avenue, asked the School Board last night that Mr. Clapp be allowed to buy four to five thousand of the brick left over from the school. This was decided, the price to be agreed upon.

The matter of prosecutions of the owners of alleged disorderly houses on Comox Avenue and in that vicinity has been further referred to the city solicitor for legal advice. To connect the owner with knowledge of prostitution on his property is considered rather a difficult proceeding.

The mayor has received an announcement from Toledo, Ohio, of the retirement of Adelbert L. Spitzer from the financial firm of Spitzer, Borick Co., the city's bond agents. The admission of Albert V. Foster, James R. Easton, Arthur C. Dyer and Marvin H. Borick to the firm is also announced.

In the Legislature, W. A. McKenzie asked the Provincial Secretary some questions in regard to the appointment of A. M. Tyson as clerk in the forest branch, stipendiary magistrate, issuer of marriage licenses, district registrar of births, deaths and marriages and mining recorder at Ocean Falls, for all of which he gets the salary of \$150 a month. The answers showed that he was 54 years of age and was a returned soldier holding the rank of captain.

Those Nasty Little Pimples

That come on the Face Are Caused by Bad Blood

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles, caused wholly by bad blood.

Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost, and the possessor of the "pimpley face" rendered unhappy for years.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends.

There is an effective remedy for these facial defects and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years.

It drives out all the impurities from the blood, and leaves the complexion clear and healthy.

Mrs. James Williams, Waterford, Ont., writes:—"My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend dropped in one day and told me I should try Burdock Blood Bitters. I did so and used three bottles, and found the pimples were all disappearing from my face, and now I have a clear complexion again."

B. B. B. is manufactured only by the T. Minburn Co., Limited, Toronto, Ont. tf

The Prince Albert will sail on Monday for all Queen Charlotte Island points.

The school board at its meeting last night was offered the old De Mussy house in Section 2 with four lots for \$1,000 to be used for school purposes. It was shown that the building was not suited to school purposes.

Progress on the return of the material recently removed from the dry dock by the creditors is being steadily made. T. Allen, general manager for Wallaces, had no new developments to report this morning.

The contract for supplying the schools with coal has been let to the Edson Coal Co., the price being \$10.15 a ton. This was decided at the meeting of the school board last night on the recommendation of a special committee.

Word has been received that Theo Collart arrived at St. John, N. B., on March 2 by ss. Corsican from Liverpool, twelve days ocean passage. He left St. John the same day for Winnipeg, travelling on to Vancouver. He may be expected to arrive in Prince Rupert on Wednesday on the Prince George.

The city solicitor has reported to the police commission that the corporation cannot be held liable as a result of the death of Captain McGinnis at Christmas time from paralysis after he had been arrested. The deceased had been given unusual care when in jail and had been sent to the hospital next morning. It is understood that the Deep Sea Fishermen's Union which entered a complaint as to the treatment accorded McGinnis was not proceeding with the case.

WATER NOTICE.

TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co. Ltd., whose address is Anyox, B. C., will apply for a licence for the storage of five million gallons of water out of the east branch of Hidden Creek which flows southerly and drains into Hidden Creek, about two-thirds of a mile from Granby Bay.

The storage-dam will be located 200 feet from the east boundary of lot 2221. The capacity of the reservoir to be created is about five million gallons, and it will flood several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described as lots 480, 481, 482, 483, 484 and 485, 1542, 1675 and 1677, 2219, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2229, 2230 and 2231. The licence applied for is to supplement an application to take and use water as per water notice posted on 1st June, 1920 (see water branch file 022030).

This notice was posted on the ground on the 23rd day of February, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

GRANBY CONS. MINING, SMELTING & POWER CO. LTD., Applicant.

By William Young, agent.

The date of the first publication of this notice is the 26th day of February, 1921.

Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended.

Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for yourself by asking the first twenty persons you meet such questions as:

- | | |
|---------------------------------------|-------------------------|
| What brand of collars do you wear? | What tobacco? |
| What kind of shaving soap do you use? | What razor? |
| What breakfast food? | What cigars? |
| What tea? | What mustard? |
| What cocoa? | What sugar? |
| What coffee? | What shoes? |
| What underwear? | What motor car? |
| What chewing gum? | What tires? |
| | What brand of anything? |

Irrespective of location, the answers will reveal the names of products advertised in the newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.
