CANADIANS ARE IMPOSED UPON

Applications for Collections for Charitable Purposes should be Examined

OTTAWA, March 11.—The annual meeting of the Central Council of the Red Cross Society attended by delegates from all over the Dominion, was presided over by his Excellency the Governor-General of Canada.

One of the subjects discussed was that of providing some means for regulating collections started on behalf of charities.

The Governor-General was of the opinion that some means should be adopted to examine and approve of collections before they are made. Outside countries, his Excellency said, were apt to consider Canada a land of unlimited wealth, and its people of unlimited generosity, the consequence being that were many appeals made which, if thoroughly examined, might not be worthy.

Canadians Very Generous

He commended very highly the generous response which Canada always made to genuine appeals, and described Canadian people as "very generous."

Judge Rimmer of Saskatchewan mentioned two appeals which are being made in the West. One is for "The Soviet Medical Relief" and the other is called the "Lead Pencil Campaign on Behalf of Russian School Children." He said considerable money had been collected by these two movements, but added that both "campaigns appeared to have all the earmarks of Soviet propaganda."

Advertising is often expensive, but it is nothing like as expensive as an empty store and idle clerks.

GIFTS THAT LAST

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is in string. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N. S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c, a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. ADV.

WIRELESS TELEPHONE WITH THE ARGENTINE

Big Station to be Erected at Buenos Aires

BUENOS AIRES, March 11.—Wireless telephone communication between Buenos Aires and Paris is a promise of the not distant future. The government has granted a concession to the General Wireless Telegraph Company of Paris to construct on the Argentine coast a powerful radio-telegraph and radio-telephone station to communicate with France and other European countries. The company, it is stated, expects to establish telephone connection with Paris by a system of continuous waves of 800 kilowatts power and over.

The duration of the concession is for 30 years. It authorizes the company to carry on experiments in long-distance radio-telephony and if at the end of three years the experiments are considered by the Argentine government satisfactory, the concession will be extended to permit commercial exploitation of wireless telephone as well as telegraph communication. Three plants are to be erected according to the plans.

MANY MARRIED MEN ENGLISH UNIVERSITY

Wives Live at Cambridge along with Their Undergraduate Husbands

CAMBRIDGE, Eng., Mar. 11.—Married men have become quite numerous among the undergraduates at Oxford and Cambridge Universities since the war. Prior to that time they were practically unknown in the student bodies of those universities. Some of them bring their wives and children to the university towns to live. One of the proctors here who was unaware of this unusual situation was so astonished recently when he saw an undergraduate pushing a carriage containing a baby that he demanded an explanation. The student told him that the child was his and that his wife was living in Cambridge. Inquiry has since brought out the fact that there are a number of married men in the Cambridge University.

STEWART

Lawrence & Workman have been unable to obtain a franchise for their proposition to supply water, light and power to the town of Stewart owing to the fact that they failed to advertise their intention six weeks before the legislature opened. The only way that they could obtain the franchise this year would be if Stewart were incorporated and they obtained the consent of the citizens.

Mr. and Mrs. Gene Bartholf have returned to Stewart after spending the winter at Auburn, Washington. Mr. Bartholf intends to do considerable development work on his claims up the Salmon River this summer.

The Stewart school was closed for a week recently when the teacher, Miss Thompson, was suffering from grippe.

A dance will be held by the Stewart Citizens' Association on St. Patrick's Day to assist the fire department.
