MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as *the* smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—*more tobacco for the money.*

Take Care of That Cough

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time." But while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Apsley, Ontario, writes:—"Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that "Dr. Wood's" has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedy, but one that has a reputation extending over thirty years. Put up in a yellow wrapper; three pine trees the trade mark; price 35c and 60c. A bottle, manufactured only by The T. Bulbura Co., Limited, Toronto, Ont.
