Like a Tidal Wave Heart Disease and Nerve Troubles Sweep the Country.

Propagated at no period in the world's history, have heart and nerve troubles been so prevalent as they are today.

The heart can't stand the stress and strain of this busy, bustling age, and the care and worry, the anxiety and activity of business life constitute a serious drain on the nervous system.

The business of this work-a-day world goes with such a rush that the stoutest hearts and strongest nerves break down under the strain.

On an "Eras" approach of any breakdown of the system Milburn's Heart and Nerve Pills should be taken. The reconstructive power of these pills on the heart and nerve system is simply marvellous.

Mr. W. A. Wright, Hopewell Avenue, Ottawa, Ont., writes:—"After suffering for some time with my heart, I consulted a number of doctors, but got no relief. However, I read what Milburn's Heart and Nerve Pills had done for others, who had the same symptoms and thought I would give them a trial. Believe me, six boxes relieved me. I am feeling like new, and can attend to my work every day. I can recommend your pills to any one suffering as I did."

BUSY SEASON FOR STIKINE

Prospectors, Horses and Supplies Went North Yesterday on Princess Mary

The G.P.R. coaster Princess Mary was in port yesterday afternoon crowded with north-bounders going into the Yukon and other sections for the summer season. On account of the steamship strike which has tied up all the American boats plying North from Seattle the accommodation on the Mary was taxed to the utmost and the boat did not have a single bunk unoccupied.

Included in her passenger list was Captain Barrington, the well-known Stikine river navigator, who is going in to get his boats started running up the river. A. St. Claire Brindle, Victoria mining engineer, was also a passenger bound for the Stikine section.

Reported Gold Strike

A gold strike has been reported up the Stikine river and yesterday there were a number of prospectors, horses and supplies on the way north to go in. Indications are that there will be a good deal of mining activity there this season and possibly some excitement. These prospectors now going in are endeavoring to get there early before all the ground is staked.
