TO ELECTRIFY SEED WHEAT

Plant installed in Alberta for the
Purpose is in Great
Demand.

SYSTEM HAS BEEN
COMMON IN ENGLAND

CARMAGAY, ALB., April 30.—

Seed treated by a new process of
seed electrification, a method
which it is claimed will increase
the yield, check the spread of
fungal diseases and improve the
quality, will be shown this year
by many of the leading farmers
in Southern Alberta. A plant for
the treating of seed has been
established here and already its
capacity is taxed to such an ex-
tent that an enlargement will be
made immediately.

Great claims are made as to
the advantages of this system
which is known as the Wolfen
Electro-Chemical process of seed
electrification. The process con-
sists in placing the seed to be
treated in a bath containing a
suitable metallic salt such as
calcium or sodium chloride and
electrically treating the same for
a length of time appropriate to
the seed under treatment. The
solution is then run off, and the
seed taken out and dried. The
effect of the salt is not only to
decrease the resistance, or, in
other words, to increase the con-
ductivity of the seed-coat, but to
maintain that conductivity dur-
ing the period of germination.
Calcium and sodium in correct
proportions are, moreover, plant
foods and assist in the after
stimulation of root production.

This method is a new one to
Canada, but it has been tried
with remarkable success in Eng-
land. From the reports for the
season 1920 of field trials made
in England by the seed produc-
tion department of the Board of
Agriculture, on farms selected by
themselves, the results showed a
gain of 2 to 7 bushels of wheat
to the acre; 5 1/2 to 19 1/2 bushels
of oats, and 5 to 16 bushels of
barley.

CORTY COUPLES AT CARDS AND DANCING

Sons of England and Daughters
and Maids Entertained Last
Evening

About forty couples attended
the whist drive and dance given
by the Sons of England and the
Daughters and Maids in the K.
of P. hall last evening. There
were 20 tables of whist presided
over by A. H. Silversides. The
first prize winners were Mrs.
Christiansen and W. G. Hughes
while consolation awards went
to Sid. Reith and Miss Nicholls.
Following the serving of refresh-
ments a dance was held to the
strains of music provided by H.
A. Pryce and Miss Senkler. H. E.
Wearmouth was master of cere-
monies and Frank Salter was on
the floor. The affair was under
the joint entertainment com-
mittees of the Sons of England
and the Daughters and Maids.

MOTOR BOAT WILL SOON BE NEEDED

Those who have motor
boats for sale should ad-
vertise them soon as the
season is coming when
they will be in demand. A
few dollars spent in adver-
tising a boat usually
brings results, if the price
is right.

SHIPYARD APPEAL IS DUE NEXT WEEK

VANCOUVER, April 30.—Judg-
ment in the Court of Appeal in
connection with the Prince Ru-
pert Drydock & Engineering Co.
winding up from the decision of
Mr. Justice Murphy is expected
to be delivered on Friday next.
The appeal was taken by the
Dominion Government following
Mr. Justice Murphy's decision
that the creditors and not the
Government owned the ship-
building plant at the drydock.
Since the arguing of the ap-
pel, the Government has given
an intimation that it will pay
the creditors for the plant, presu-
mably whether it wins or loses.

HIGH SCHOOL PUPILS ENTERTAINED AT DANCE

Miss Gertrude Nelson made a
delightful hostess last night when
she entertained about thirty of
her high school classmates at the
home of Mr. and Mrs. E. F. Duby.
Dancing was enjoyed throughout
the evening and refreshments
were served shortly before mid-
night. In addition to the school
pupils, there were present Mr.
and Mrs. O. H. Nelson and Miss
Madelaine Nelson.

Ten Years Ago in Prince Rupert

April 30, 1911

After several weeks illness, for
part of which time his life was
despaired of, Donald McRae, son
of Mr. and Mrs. William McRae,
has recovered from an attack of
spinal meningitis and has re-
turned home from the hospital.

Mrs. A. E. McMaster was the
hostess at a smart bridge party
yesterday afternoon. Mrs. P. I.
Palmer won the first prize, Mrs.
H. E. Tremayne, second, and Mrs.
J. P. Cade, consolation.

The Skeena river steamers,
Operator, Distributor and Con-
veyor, are stranded at Mile 62 on
account of the lower level of the
river which is three feet eight
inches below normal.
