CHOLERA INFANTUM

The Fatal Disease of Children

Mothers should look well after their young ones during the hot summer months as this is the time of year when this summer complaint is most prevalent. It begins with a profuse diarrhoea, the stomach becoming irritated, vomiting and purging set in, and the matter ejected from the stomach has a bilious appearance; the child rapidly loses flesh and is soon reduced to great languor and prostration which in a great many cases terminates fatally.

To quickly offset the vomiting, purging and diarrhoea

DR. FOWLER'S

EXTRACT OF WILD STRAWBERRY

should be administered. Mrs. Charles Kretlow, Wileview, Sask., writes—I have used Dr. Fowler's Extract of Wild Strawberry for summer complaint. I think it saved my little girl's life one time as she was so bad I thought she was going to die. A friend advised me to get "Dr. Fowler's," so I got a bottle and it helped her right away.

Don't endanger your child's health by accepting a substitute, but get the genuine "Dr. Fowler's," price 50c. a bottle; put up only by the T. Milburn Co., Limited, Toronto, Ont.

BALL LEAGUE MAY DISBAND

Deadlock in Efforts to Settle Matters in the Western Canada League.

CALGARY, Aug. 11.—It is undecided if the Western Canada Baseball League will carry on until the end of the season. Efforts of President Pearson to readjust matters following the disbanding of the Regina team have proved unavailing. There is a deadlock between this club and those of Winnipeg, Saskatoon, Edmonton and Calgary. They cannot agree on a schedule.

NORMAN McLEAN GOT BATH AT ESSINGTON

Popular Purser Plunged into the Skeena River and Found It Cold.

Norman McLean, the popular purser of the G.T.P. steamer Prince Albert, had a sudden and icy bath at Port Essington on Tuesday while the steamer was there loading salmon. Just before the vessel pulled out, Norman was attempting to board her up the steep incline of the gangplank caused by the high tide when he slipped backward and plunged into the Skeena River between dock and boat. He swam to the piling of the nearby wharf and was rescued by means of a life line from the steamer. He was not injured and his main difficulty in wet clothes dried and neatly creased again.
