Peace Between Poland and Russia.

The Russian Soviet Government has signed a peace treaty with Poland and the Ukraine. The same government has made a trade pact with Great Britain. This seems to indicate that they are becoming more reasonable and that the powers are beginning to recognize them as the government of the country.

Value of the Premier Mine.

The Premier mine is one of the valuable assets of northern British Columbia, not so much on account of the money it is making for its owners as from the impetus it gives to others to develop their mining properties and try to get a shipping mine similar to it.

Government Buildings In Estimates.

The placing of a sum in the estimates for the construction of Government buildings this year is really not of very great importance except in that the amount is double that placed there last year.

It is most misleading to speak of the new building as a court house. There will be a section of it devoted to the administration of justice, but all the government offices will be grouped there, these including the public works, lands, forestry, mines, government agent's offices, the employment bureau, land registry, supreme and county court, provincial police and a number of other departments.

Bringing Order Out of Chaos.

The Provincial Government is gradually bringing the finances of the country back into a satisfactory condition. Under a stable and careful administration the income is increasing and the expenditures are being kept well within bounds.

HER CASE SEEMED HOPELESS

But "Fruit-a-lives" Brought Health and Strength

29 St. Rose St., MONTREAL.
"I am writing you to tell you that I owe my life to "Fruit-a-lives". This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good. I read about "Fruit-a-lives" and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well!"

Low, 3:16 a.m., 8.8 feet.
16:14 p.m., 5.1 feet.

The time used in Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

AUSTRIA PRINTS PAPER MONEY

Only Way She can Meet Debts Is by Keeping Presses Running

VIENNA, Mar. 21.—The financial plight of Austria is indicated in the supplementary budget brought in by the Minister of Finance, estimating the deficit for the current fiscal year at 42,000,000,000 crowns.

This is nearly double the figure given by his predecessor in the autumn, and even now does not take into consideration certain factors such as new demands on the part of the federal civil servants and that just made by the provinces that the federal government shall increase their appropriation three-fold and bear one-half of the salaries of provincial civil servants, including school teachers.

It is reported that the money presses are now turning out paper crowns at the rate 3,000,000,000 a month for Austria alone, the government apparently having adopted this as the expedient way of meeting the never-ending demands of its own servants, the workmen and all classes of people for increased pay to enable them to meet the equally never-ending increase in cost of living.

Crown No Value

"The Austrian crown no longer has any value outside the country," said a member of the government to the correspondent today, "and soon will have none within. As a matter of fact, money is the cheapest thing in the country. No one attaches any value to it and the result is a general effort to convert the currency into foreign values or something of intrinsic value."

This has created a mad market for dollars, pounds sterling and other stable money, causing fluctuations of as much as 200 crowns to the dollar within a period of one week. The same condition is reflected in the stock market, while precious stones, jewelry, works of art, fine rugs and similar articles find ready sale at fair values. It is said that banks are financing art dealers who are scouring the country for pictures and selling them outside for foreign values, the money either being left here in the shape of credits against a collapse here, or brought in for further speculation on the money exchange.

Is Appointed Second Vice President British War Veterans in States

NEW YORK, Mar. 21.—Captain Kermit Roosevelt, who served with the British forces under General Allenby in Palestine during the war, has been appointed second vice-president of the British War Veterans' Association of the United States. Captain Roosevelt, who joined the British army before the entry of the United States into the war, was awarded the Military Order for bravery.
