WOMEN JURORS SIT IN ENGLAND

Many Wish to be Excused and Many are Challenged by Lawyers

LONDON, Feb. 13.—Excuses offered by women who for the first time have just been called to sit as jurors in Old Bailey, the world's most famous criminal court, excited a good deal of laughter in that usually sedate place.

Twenty-four women were summoned for jury service in criminal cases and mixed juries were formed with, in at least one case, a woman serving as forewoman. The charges included murder, arson and manslaughter.

The women appeared quite as anxious as men to avoid service on the juries.

"I'm too nervous," was the plea of one.

"I'm not strong-minded enough," said another. She was excused.

Others pleaded inability to leave housework, shopping, business, care of babies or sought to evade service on the ground of their own illness or that of members of their families.

After Lawyers

"I know one thing we women will do," said one jurymen after sitting in the court for a half-hour. "We will make the lawyers wear clean wigs and have better manners."

Others, after their first appearance in the jury-box, made suggestions that women jurors should be compensated for disruption of their household routine and that "light refreshments" should be served during the afternoon court sessions.

Another Epidemic of the Spanish Influenza

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "flu" before and it left you with any bad after effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Kettle, Sask., writes: "I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds, I will always keep Heart and Nerve Pills in the house."

Those in the courtrooms seemed to regard the spectacle of women telling their true ages, in most cases without noticeable hesitation, the most surprising part of the novel procedure. One was eighty-three and was excused.

Mostly Not Guilty

While, in the cases heard during the opening day, the majority of the verdicts were "not guilty," litigants, both men and women, and their counsel, seemed reluctant to have women sit in judgment in their cases. It was noticeable that men defendants in particular sought, through repeated challenges, to prevent their being seated as jurors.

"Men know women can't be hoodwinked and bamboozled so easily—they are too likely to overlook technicalities and go to essentials—that's the reason they don't want us," said one woman who had been challenged and excused.

Women jurors soon will be called to decide libel actions, breach of promise suits, others for false imprisonment, and assault in the London law courts and also will make their first appearance as jurors in the divorce court.

They have been sitting as jurors in some of the counties of England for some months.

BRITISH WILL AID COLONISTS

Plan to Distribute British Emigrants and Promote Spirit

LONDON, Mar. 21.—The British government has decided to hold a conference with representatives of the British dominions in order to formulate a policy of promoting the settlement of British colonists in new and undeveloped parts of the British Empire.

This plan is intended to serve the double purpose of distributing the population of the United Kingdom so as to populate the empty spaces of the empire and insure that the additional population of these undeveloped territories will be British both in birth and in spirit. By these means it is hoped to provide for the defence as well as the development of the empire and to reduce the surplus of women over men in the population of the United Kingdom.
