

ST. PATRICK'S DAY CONCERT WINDOW SHOW

Number of Entries Already In and
Others to Follow; Fine Pro-
gram Prepared

A good deal of interest is being taken in the window judging contest in connection with the advertisement in the St. Patrick's Day concert program which has been prepared under the auspices of the Knights of Columbus. The entries already in include Linzey's Grocery, John Bulger, Arthur's Market, Joslin's Meat Market, Fuller's Grocery, Mussallem Grocery, Rupert Table Supply, Prince Rupert Drug Co., Benson's Studio, Miller Phillips, George Frizzell, Gil's Cigar Store, Lynch Bros., & McMeekin, and the Prince Rupert Cigar Store and Billiard Parlor.

Judged Thursday
The judges will be Mayor Rochester, Stanley Parker and H. P. Pollen, the judging to be done on Thursday afternoon. Any window not entered by that time will not be eligible for the competition. The size of the window does not count. Little windows have just as good a chance as big ones.

The program, which has been printed by Rose, Cowan & Latta, Ltd., under the personal direction of F. Dibb, the manager, is the most complete of its kind that has been issued in Prince Rupert. It has 28 pages, including the cover. Typographically it is excellent. The business portion of it was done by J. C. Gavigan, and he seems to have missed no one. Even the Prince Rupert Board of Trade is there with a free advertisement donated by the committee.

TOLD OF EARLY DAYS IN YUKON COUNTRY

George Armstrong gave Interesting Address to St. Andrew's Society Last Evening

The members of St. Andrew's Society last evening listened to a highly interesting talk given by George Armstrong on "The Yukon" in the rooms on Second Avenue. There was a large attendance and the evening was enjoyed to the full.

Mr. Armstrong, who left San Francisco in the fall of '97, arriving at Dawson the next spring, told that there was an interesting history of the Yukon before '98 although the stirring events of that country came after that date. He told of the country in the days when there were none there but the Indians and the Hudson's Bay Company's traders and explorers. The big game of the country was remarkable.

Coming to '98 the names of Bob Henderson, the original gold discoverer, Carmack, his betrayer, "Skookum" Jim and "Cultus" Charlie were mentioned. The first mentioned had been one of the finest characters of the country, while Carmack was a mean "squawman." Mr. Armstrong also told about his coming out of the Yukon by way of the "Telegraph trail" to Hazelton.

S. D. Macdonald was the chairman and vocal solos were given by Mrs. H. Alston, Mrs. W. A. Patterson, Mrs. Bennett and J. N. Sinclair. Mrs. A. Hunter and A. Clapperton gave a duet and W. G. Dennis recited. W. Vaughan Davies was the accompanist for the evening.

McCLYMONT PARK IS GREATLY IMPROVED

Trees Being Preserved as far as Possible.

At last night's council meeting Ald. Frizzell congratulated the mayor on the splendid work that was being done in the improvements to McClymont Park, while Ald. Kelly drew attention to the cutting down of fine trees. The mayor pointed out that the trees were being preserved as far as possible and the only good ones cut down were where it was deemed their removal would make the driving of cars around the McBride Street turn safer. Grass and clover seed are to be sowed as soon as the weather permits.

Owen Fisher, charged with assault on the information of F. W. Smith, was remanded in the police court this morning.

ROAD BUILDING AT ALICE ARM

Provincial Government Starts
Work to Connect Wharf and
Town

ALICE ARM, Mar. 15.—Actual work on the new provincial government road between the wharf and town commenced yesterday morning when Road Foreman George A. Young set his first road building gang to work. Last Wednesday the work of assembling tools, building a blacksmith shop and the preparing of a camp was started and, that done, actual road work is now under way.

The work is being started under the day labor plan, but on April 1 tenders will be called for the completion. It is proposed to have the work finished and the road ready for traffic this summer. The estimated cost is placed at \$34,000.

The Route

The road will lead from the proposed government wharf, which adjoins the Dolly Varden bunkers on the town side, on the outside of the railway, to the town crossing from the railway track level to the town near the present foot bridge which crosses from the telegraph office. The road, it will be remembered, was started on last season on the upper side of the railway track, but the building on that side was generally protested here, with the result that it is now being put in on the other side.

Badly Needed

This road is Alice Arm's most badly needed improvement and will be a great advantage to the town in allowing for transportation of goods from the wharf to the town, a distance of three-quarters of a mile. Up to this time the only means of hauling freight up was by means of scows to the tide flats where it was loaded on to wagons, a dirty and inconvenient means of transportation. The cry for the new Dominion Government wharf is now going up.

The Fair Association has taken possession of its new headquarters in the City Hall and tomorrow the Board of Trade is also to move in.

WATER NOTICE

DIVERSION AND USE.
TAKE NOTICE THAT THE W. Y. McCARTER BURN CO., Ltd., whose address is 440 Hillside Avenue, Victoria, B. C., will apply for a license to take and use 200 cubic second feet of water out of Marmot Creek, which flows westerly and drains into Portland Canal about three (3) miles from Stewart, B. C.

The water will be diverted from the stream at a point about one mile from mouth of stream and will be used for industrial, sawmill and mining purposes upon the land adjoining, described as T. L. A. 2817. The applicant will exercise its powers as a Class "C" applicant upon the adjacent territory.

This notice was posted on the ground on the 14th day of January, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be made with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The petition for the approval of the applicant's undertaking as a Class "C" applicant will be heard in the office of the Board at a date to be fixed by the Comptroller, and any interested person may file an objection thereto in the office of the Comptroller or of the Water Recorder, Prince Rupert, B. C.

THE W. Y. McCARTER BURN CO., LTD., Applicant.

By Luis Russell, agent.

The date of first publication of this notice is Saturday, February 19, 1921.

SPORT

There will be probably four teams entered this season to compete for the City League which it is proposed to form. This spring sees Prince Rupert just as well off, if not better, than in former years, for material, and divided well among the various clubs there should be many interesting games. Baseball had a decided slump last year, but interest promises to revive in it again this summer. At any rate the "national game" can stand a lot of improvement this summer.

The Elks, Sons of Canada, Red Sox and Wallace's will probably be the four teams that will form the Senior League. Since the inception of the Elks Lodge here that organization has been well represented in all lines of sport and it is not likely that baseball will be overlooked. The Sons of Canada membership includes a good deal of the city's best athletic prowess and any attempt in the sport line is not complete without representation from it. The Red Sox acquired a name last season in the Intermediate League and will make an interesting contender in Senior League ball this year.

The Wallace Shipyards can well be expected to contribute a good team to the City Senior League. In Vancouver, the company had teams in the City League for the past few years and in 1919 the team from the yard were the city heroes here from the visit they championed. They will be remembered North that year. A Wallace, the head of the firm, is a baseball enthusiast and local baseball people expect he will give them support of the forming of a team from the dry dock.
