Rochester and Nickerson Agreed Regarding Cow Bay

F. G. Dawson writes to say he Cannot Support Mr.
Rochester because he Never Had any Policy
on a Public Question

The following letter from F. G. Dawson in regard to the stand
of the candidates on the Cow Bay question places the matter clearly
before the electors:

Editor Daily News.—I wish to trespass upon your valuable
space in an endeavor to clear up some misunderstandings re-
garding the stand of the candidates on the Cow Bay question. I
note that the editor of "The Plaindealer," whoever he may be,
as I note he does not do the courtesy of giving his name, states that Alderman Rochester has no general platform
for 1921, but has come out definitely in favor of Cow Bay being
developed and not closed.

Rochester Approved Plan.

In this respect let me point out that the Board of Trade com-
mittee, of which I was one, appointed for the purpose of going
carefully and fully into the Cow Bay situation, prepared a plan
of development of the bay, the same plan for which Mr. Nickerson
stands. This was submitted to the City Council and secured their
approval without a dissenting vote. Mr. Rochester, as an alder-
man, was present at the meeting and voiced his approval of the
whole plan with the exception of the level crossing. As this de-
tail does not in any way change the plans as a whole, I cannot
see where "The Plaindealer" got the idea that Alderman Roches-
ter was in favor of keeping Cow Bay open.

Same Lack of Policy.

So far as I can see, Alderman Rochester is pursuing the same
policy in connection with Cow Bay that he has done on every issue
which has come up. He has pursued the policy of saying nothing
or doing nothing, and that is the reason I am opposing Alderman
Rochester for mayor and am supporting Mr. Nickerson.

To my knowledge Alderman Rochester has never taken an
outstanding part in any public issue that has been brought for-
ward, whereas Mr. Nickerson has always taken a prominent stand
on all issues, regardless of whose corns he steps on in doing so.
He has always had the courage of his convictions. Sometimes he
was wrong and he may be wrong on the Cow Bay issue, but, if he
is, he at least had his plans approved by his opponent, Alderman
Rochester, and the rest of the 1920 council, with the exception
of Alderman Currie, who was absent. Mayor McClymont also
approved the scheme.

FIFTEEN MEN AT DRY DOCK TODAY

About fifteen men started work
at the dry dock this morning un-
der the new contract for the com-
pletion of the two ships for the
government. T. Allen is in charge

absence of Mr. Turney who went

CUTTING ICE

EDMONTON, Jan. 10.—The
Arctic Ice Company will put up
8,000 tons of Saskatchewan River
ice this season for the Edmonton
market. The work of the cutting
has already begun. Although
the weather has been so mild this
winter the ice is thicker than it
was at this time last year, not-
withstanding last year's earlier
winter and more severe weather.

HIS LIFE RUINED BY DYSPESIA

Until He Tried "FRUIT-A-TIVES"
The Wonderful Fruit Medicine

MR. FRANK HALL

Weywale, Ontario.

"For some two years, I was a
sufferer from Chronic Constipation and
Dyspepsia.

I tried every remedy I heard of
without any success, until the wife
of a local merchant recommended
"Fruit-a-tives".

I procured a box of "Fruit-a-tives"
and began the treatment, and my
condition commenced to improve
immediately.

The Dyspepsia ceased to be the
burden of my life as it had been, and
I was freed of Constipation.

I feel that I owe a great debt to
"Fruit-a-tives" for the benefit I derived
from them."

PUBLIC SCANDAL DECLARES BOARD

Resolution Passed by Business-
men's Parliament Asking Con-
trol of Unsound
Companies

A resolution fathered by W. E.
Williams was passed at the meet-
ing of the Board of Trade Friday
night in regard to the control of
unsound companies as follows:

"Whereas it is well known that
companies in British Columbia
have entered upon extensive pro-
jects without having made proper
financial arrangements to meet
their payroll,

"And whereas some of these
companies have become bankrupt
with large payrolls in arrears for
several months,

"And whereas responsible
heads of such companies have
evaded responsibility by the non-
personal liability afforded by the
Joint Stock Companies Act,

Hard on Labor

"And whereas such a condition
of affairs is a public scandal and
works a grave injustice upon
labor and justly adds to the dis-
content of labor with the present
industrial condition, and has re-
sulted in much severe hardship
in cases where such hardship
should not be permitted, namely,
to the laborer whose wages are
all that he has between him and
his family and want,

"And whereas the said condition
of affairs works to the disadvan-
tage of bona fide employers of
labor who have sought to protect
their workmen against such in-
justice,

"And whereas we are convinced
that in the interest of both in-
dustry and labor such a condition
of affairs should not be permitted
to continue.

Ask Legislation

"Therefore be it resolved that
the Prince Rupert Board of Trade
recommends that Provincial leg-
islation be enacted requiring all
employers of labor employing
ten (10) or more employees, on
the first day of each month, or
such longer period as may be
found advisable, to make a sworn
estimate of the payroll for such
ensuing period and stating that a
specified sum to cover said estimate
(after all outstanding cheques
upon such account of wage claims
previously incurred have been
taken care of) is on deposit in a
chartered bank in a special pay-
roll trust account, or in localities
where banking facilities are not
available, that a cash reserve is
available, and that a certificate of
such banker or custodian of such
cash reserve be attached thereto
and forwarded to a special officer
to be appointed and to be known
as an "Industrial Payroll Ins-
pector" whose duty shall be to
supervise and enforce the Act, and
to see that no such employer be
permitted to employ men or to
continue to employ men until the
requirements of the Act have been
complied with; and that proper
penalties be provided for default
on the part of employers.

Special Trust

"That the payroll account or
cash reserve, as the case may be,
be treated as a special trust ac-
count or as a trust reserve, for
the purposes of payroll only, and
that the same be not subject to
withdrawal, disbursement, garn-
ishment or attachment for any
other purpose until such time as
all wage and labor claims are
satisfied.

"That the Provincial Govern-
ment as a further guarantee for
the effective carrying out of the
Act guarantee the wages of all
men so employed.

SIMPLE MISHAP STARTED

POISONED ARM

"A stab from an ordinary sewing needle started my poisoned
arm," writes Miss S. A. Wernicke, of Hilton, B.C. "Doesn't
this prove again, how easily poisonous infection finds its way
into the tiniest cut, scratch or abrasion? Don't run into similar
dangers! With Zam-Buk as your everyday healer you are
prepared for any injury or skin trouble. Zam-Buk promptly
ends pain, swelling and inflammation. It purifies and safely
guards the damaged tissues against disease—it means
perfect antiseptic healing every time.

In her letter Miss Wernicke says:—"This needle went so far
into my finger that it pierced the
bone. My hand became so stiff
and swollen that I could not use it.
I naturally tried every remedy I
knew of, but I only got worse.
Blood-poison developed and ex-
tended right up into my arm. The
pain was intense, and I certainly
thought I would lose the limb, for
it was in a terribly inflamed and
swollen state, and literally covered
with lumps. A friend advised me
to use Zam-Buk which I did, and
it was not long before the pain
grew less. With perseverance all
the inflammation and poisonous
matter was drawn out, the swelling
and lumps disappeared, and my
arm was soon quite well again."
Zam-Buk is a wonderful healer
and helpful throughout. No small
facts, no crude mineral drugs such
as you get in ordinary ointments.
Use Zam-Buk for sore hands,
winter eczema, chubblains and
frost-bite, also in burns and
scalds, ulceration, abscesses, swai-
sors, ringworm, and for piles,
rheumatism, and swollen joints.

A Laundry Service Within Every Woman's Means

It is here for you in this Family Service we offer.
What is most disagreeable on washday? Isn't
it the mussiness of wash water; the steam of boilers
and tubs, the lifting and hauling?

And it's of that we relieve you—at a cost truly
moderate.

We take your family bundle, wash it sweetly
clean in soothingly soft waters and billowy, glisten-
ing suds; and rinse it many times in more water
sparklingly pure.

Next we daintily iron the flat pieces; the things
like bath towels we dry softly and fluffily—they
need no ironing; and other pieces that require it
we starch and make ready for you to iron in your
own home.

In a word, we do all the toilsome, mussy work
of washday, and leave for you only the milder,
pleasanter task of ironing the lighter pieces.

It's a truly economical service within the means
of every woman—we're sure you'll like it im-
mensely.

Telephone, we'll welcome an opportunity to tell
you more about it.
