

KANTLEEK

**It Can't Leak,
Because It's Made
in One Piece**

A KANTLEEK is built like a bottle—all in one piece. Most hot-water bottles are made in sections, then cemented together. When cement dries and cracks, the bottle leaks.

Every Kantleek Hot-Water Bag is moulded of pure soft rubber—one continuous piece. No parts, patches, cement. Extra stopper socket is moulded in.

And guaranteed for a full two years' service—or a new Kantleek free.

Don't wait until your old bag leaks. Get a Kantleek. Your old one may break open tonight.

BREAD DEAR IN ITALY TODAY

Workmen Buying Luxuries, but
Refuse to Pay Price of Loaf

ROME, Jan. 10.—The Italian government is facing an almost unsolvable problem in the question of the cost of the nation's bread. During and since the war the price of bread was kept down artificially, the government paying \$1,000,000,000 and even lately \$1,250,000,000 yearly as the difference of the actual cost of the flour and the price paid by the consumer.

The price of a kilo (2 1/2 pounds) of ordinary bread used to be equivalent to nine cents, or of a finer quality 11 or 12 cents; now the price of the same quantity of inferior bread is 21 cents a kilo, and the Italian working classes utterly refuse to pay the balance which would increase the cost to them to 40 cents or even half a dollar a kilo.

Italian workmen are now paid wages which compare favorably with the salaries doled out to officers in the army or heads of government departments and do not hesitate to pay enormous sums for wine, tobacco and luxuries for their table. A mason, blacksmith or calmetmaker used to consider himself well paid with less than a dollar a day. Now they earn \$6.50, \$7.00 and \$8.00 a day and look forward to having more in the future.

Two-color window cards take the eye quickly. See them at the News Job Department.

MINERAL ACT.

Certificate of Improvements.

"Copper Cliff" No. 27 and "Copper Cliff" No. 28. Mineral Claims situate in the Naas River Mining Division of Cassiar District, Where located:—Kitsault River, Alice Arm. TAKE NOTICE that I, George A. Young, Free Miner's Certificate No. 36595-C, acting for myself and as agent for Joseph Wells, Free Miner's Certificate No. 40651-C, and Arne Davidson, Free Miner's Certificate No. 40928-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims. And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements. Dated this 6th day of November, 1920.

PRINCIPAL IN SHOOTING HAS REACHED CITY

Robert Holmes, Accused of Man-
slaughter, Will Await Trial
at Assizes.

Robert H. Holmes, the principal in the Thurston Harbor shooting case, arrived this morning on the Prince John from Queen Charlotte City in custody of Special Constable W. Fairbairn and is now in the city jail where he will await trial on a charge of manslaughter at the next assizes. Holmes was committed by J. L. Barge, J.P., at Queen Charlotte City. Mrs. Holmes, the wife, also arrived in the city this morning.

According to the evidence at the inquest and the preliminary hearing the shooting occurred as a direct result of improper attentions that Joseph Booth, the dead man, is alleged to have been forcing upon Mrs. Holmes for the past two months. Booth, it is stated, had attempted to turn Mrs. Holmes from her husband and at one time had attempted suicide, going so far as to put a revolver to his head and snap the trigger, the gun failing to fire.

The attentions ceased for about a month but again Booth broke out and for some time had been carrying firearms in a threatening manner. Mrs. Holmes became so nervous she could no longer keep Booth's actions from her husband and had told him all. The next day after being told, Holmes shot Booth, two of the wounds being mortal, one through the head and the other through the lungs. He expired immediately.

Holmes has made a written statement as follows: "I killed Booth in protection of my home." The accused is a young man of frank and clean-cut features. Apparently every sympathy is being extended to him and all who have come in contact with him state that he was a hardworking and honest man and had ample provocation for the desperate deed.

The "Leila R" with Constable Ackroyd has not yet reached the islands and is thought to be in shelter somewhere down the coast.

JOHN HAD VERY STORMY VOYAGE

topped for an Hour in Sixty Mile
Hurricane between Milbank
and Ikeda

Crossing from Milbank Sound to Ikeda northbound from Vancouver, the Prince John, which arrived here at 8 o'clock this morning, experienced the roughest trip that the sturdy little steamer has been through in her ten years of service in northern waters. It took twenty-four hours to make the passage which usually takes eight and a sixty-mile gale was raging. In course of the passage her steam steering gear broke down through the chain snapping and the emergency had to be resorted to. Repairs had just been made to the regular gear to put it in commission again when the emergency apparatus itself went. The ship was stopped for an hour through these causes. Besides these mishaps, the heavy seas also broke into her aft storerooms and flooded them.

The crew of the John seem very glad that it was she that they were aboard. They say that many boats would never have lived through such a storm and are highly pleased with the action of their vessel. It was possibly in such a storm as this that the ill-fated Galiano went down off Cape St. James two years ago.

The Prince John brought a large number of passengers from southern Queen Charlotte Island points, including Robert Holmes, the principal in the Thurston Harbor killing case, Mrs. Holmes and Special Constable W. Fairbairn. She returned south at 2 o'clock this afternoon bound direct for Vancouver via Swanson Bay and Ocean Falls.

Mr. and Mrs. H. G. Watson, of Red Deer, Alberta, arrived in the city last evening and are registered at the Hotel Prince Rupert.

Jewelry Costs Less Now

Since the luxury tax has been abolished nearly all our goods cost you 10 per cent less. The former war tax of 10 per cent is also cancelled, and as gold has not advanced in price very much jewelry is cheaper in proportion to lots of things.
