DAILY EDITION.

Tuesday, May 16, 1921.

Prevent Much Unemployment.

The Daily News has had a good many people express approval of the suggestion that the government coal reserve be lifted in order to allow prospecting to become general. Now that there is much unemployment, the throwing open of the coal lands to prospectors, under such restrictions as may be thought desirable would help relieve the situation. While looking for coal, prospectors often find other minerals, in fact when a man is out in the hills he is always on the lookout for anything.

The lifting of the reserve on the lands at Fraser Lake is resulting in the development of the coal lands and will benefit Prince Rupert and the whole of the northern part of the province. Possibly it may not be necessary to go to the Groundhog to get coal for the coast supply. If Fraser Lake has it, there will be great developments at that point and also great developments at Prince Rupert, this port being the natural port for handling it.

Better Care For Children.

Dr. Young, provincial health officer, working under the direction of Dr. McLean, provincial secretary and minister of education, is taking up the matter of health of children and mothers and will devote a great deal of attention to it. We have spent much money in protecting cattle and hogs but little in protecting children. We have looked on property as being of more value than human life. Now we are changing our viewpoint. We are looking for a condition under which mothers will bear children under the best possible conditions so that the children may have every chance. We are working toward a condition under which the terrible waste of child life will be prevented and the adult population will be benefited.

Population of Alaska Decreased.

The population of Alaska is decreasing, according to the official count, the result of which has just been made public. The American government tied up the natural resources of the territory and made it difficult for capital to operate there. The result was disastrous.

A similar condition may obtain in British Columbia. We find that within the last few months many industries have closed, mines are not being worked, mills are silent. This is partly the result of general conditions but also it is largely affected by the discouraging attitude toward businesses which are trying to develop the natural resources. The attitude of people in the north should be most sympathetic toward those who are willing to risk their money on development work. In the past millions of dollars have been wasted on schemes of development which have not made good. In our own neighborhood there have been wastages particularly in connection with the proposed power plant. A visit to Port Edward will make this clear. We do not want our population to decrease and it will not unless we assume a hostile attitude toward those who would spend their money here.

Dr. JOS. MAGUIRE

has been called to Vancouver on special DENTAL WORK.

He will RE-OPEN His OFFICE on JUNE 1st

NERVES ALL GONE TO PIECES

"Fruit-a-lives" Conquered Nervous Prostration

R. R. No. 4, GILBERT PLAINS, MAN.

"In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds.

The doctors had no hope of my recovery, and every medicine I tried proved useless until a friend induced me to take "Fruit-a-lives".

I began to mend almost at once, and never had such good health as I have enjoyed the past eight years. I am now without "Fruit-a-lives" in the house". JAS. S. DELGATY.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

DATED this 21st day of March, A. D. 1921.

WATER ACT, 1914.

NOTICE IS HEREBY GIVEN that His Honour the Lieutenant Governor of British Columbia by and with the advice of His Executive Council has been pleased to order:

That pursuant to the provisions of Section 59 of the Water Act 1914 being chapter 81 of the Statutes of 1914 that the reserve of the unrecorded waters of Bear Lake, McMullin Creek and Marmot River in the Prince Rupert Water District established by Order-in-Council numbered 948 approved on the 14th day of December, 1910, be cancelled in so far as the said reserve pertains to the water of Marmot River in the Prince Rupert Water District and that notice of such cancellation be published for three months in the B. C. Gazette and for three months in one issue each month of some newspaper published in the Prince Rupert Water District.

DATED this 24th day of March, A. D. 1921.

T. D. PATULLO,
Minister of Lands.

CONCERT WAS VERY FINE

Miss Mary Izard and Mrs. Morkill Got Splendid Reception Last Night.

There was a fairly large and most enthusiastic audience at the Westholme Theatre last evening at the Sunday night concert given under the management of J. F. Maguire with Miss Mary Izard of Victoria and Mrs. Dalby Morkill as visiting artists, and R. Greenfield and Meth Davies, cornet and vocal soloists respectively.

The feature of the evening was the violin playing of Miss Izard. The whole program was of a classical nature and particularly suited to a Sunday evening event. Miss Izard was ably accompanied by Mrs. Morkill. Mendelssohn's concerto, which is a violin and piano duet, was the feature of the evening and both parts were splendidly executed, the audience showing their appreciation by prolonged applause and insistent demands for more.

Possibly the Irish airs at the close were the most popular with the audience, just every selection Miss Izard played was well received and much enjoyed by the audience.

Meth Davies sang well and especially in the Welsh selection at the close.

Mr. Greenfield played "My Heart, at Thy Sweet Voice" on the cornet, an instrument of which he is a master.

It was announced by Mr. Maguire that there would be another concert given by the same artists next Sunday when there will be no admission fee, but a collection will be taken.

DEFENDS ACTION ON SALARY INCREASES

That if the province is to be served by men who possess first-hand knowledge of conditions and are in a position, consequent upon that knowledge, derived at much expenditure of time and effort as well as expense, to properly deal with the issues that are brought before them, the indemnity of \$2,900 per year is not too great, was the claim made by Canon Hinchliffe, Conservative member for Victoria, before an audience which almost filled the Princess Theatre, says the Victoria Colonist. The meeting had been called by Canon Hinchliffe in conformity with his promise made during the last general election campaign that he would, if elected, come back to the electors of Victoria and give them an account of his stewardship at the first session of the Legislature and discuss the work done at that session.

Canon Hinchliffe's statement, especially on that much-criticized "salary grab," was a frank, straightforward one, which brought him evidences of approval at many points and against which there was little evidence of disapproval.

Ten Years Ago in Prince Rupert

May 16, 1911

Frank Mobley, in charge of the census taking in Comox Allyn has named the following enumerators: Prince Rupert—C. C. Fullington, C. B. Lockhart, Thomas Trotter, Kenny Smith, A. Clapperton and T. Brown; Queen Charlotte Islands, J. K. Anderson; Telegraph Creek, George Adsit; Allyn, G. C. Brown and George Sinclair; Hazelton, Charles Pierce, Arthur Johnston, John McDougall, Emery Barger and H. J. Wallace.

The Dominion Meteorological Office has applied to the city council for a site for an observatory at Casey Place.

OIL REGULATIONS

EDMONTON, May 16.—Giving transportation difficulties as the reason for the change another amendment to the oil regulations governing the North West Territories has reached the Edmonton land office. The amendment which will apply to all leases taken up in the far north beyond the provincial boundary, will give all prospectors a period of two years instead of one in which to install drilling apparatus on their lands.

PRINCE RUPERT TIDES

Monday, May 16.

High, 8:59 a.m., 17.1 feet.
21:38 p.m., 18.9 feet.

Low, 2:57 a.m., 7.6 feet.
15:13 p.m., 6.6 feet.

Tuesday, May 17.

High, 10:7 a.m., 17.6 feet.
22:29 p.m., 19.9 feet.

Low, 4:14 a.m., 6.4 feet.
16:14 p.m., 6.6 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

MAIL SCHEDULE

For the East.
