Possess Good Health By Looking after THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by slowing the bowels to get into a constipated condition.

When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath, the nasty irritating, bleeding, itching and protruding piles, you should keep your liver stirred up by the use of Milburn's Laxa-Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Enfield, N. S., writes: "I was troubled with such headaches and constipation, one day a friend told me of Milburn's Laxa-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Laxa-Liver Pills are 25c. a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

THE MAN IN THE MOON SAYS:-

THE greatest hardship of all these days is when a man is willing to strike but cannot get a job to quit.

IN the absence of angleworms it is fine to think that the fishermen can easily catch trout by using salmon eggs for breakfast. As it is illegal to use them for bait, that is the only way to account for the large number carried in the fishermen's baskets.

Fisherman's Chorus.
Come fill up the cup,
Come fill up the can,
Let's fish every stream
And fill every man.

THE latest demand is for a rubber flask for the hip pocket.

ANOTHER suggestion for the use of rubber is to make consequences of them of a flexible nature.

THERE should be a demand these baseball days for a housewife who can make a hood batter.

THESE are days when an employee who asks for a raise is likely to be told to take the elevator.

IT was a cynic who declared "The wages of sin is wealth."

THAT story about the young person who can speak seven languages is getting overworked.

I HAPPEN to know a young man who can speak two languages. One is reserved especially for the occasion when his motorboat engine won't go.

I ALSO know a young lady who speaks two languages. One is used when conversing with a young person who does not talk.

THERE is a mystery about all worship. That is why some people worship women.

IN a great many places they are talking about swatting the fly. In Prince Rupert it would be a difficulty, as the first difficulty would be to find the fly.

THE next question to consider is what will some of the cities do with all the daylight they are saving.
