## Had an Annoying Hacking Cough Got No Rest at Night

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung heating virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes:—About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house.

"Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark. Price 33c and one a bottle. Manufactured only by The T. Millburn Co., Toronto, Ont. Advl.

## DIED FROM DRUG AND NOT FROM SERUM USE

TORONTO, Jan. 12.—Dr. Hastings, minister of health, says two women who died recently after medical treatment, did not have serum given them, but a drug. It was important that the public should know this lest prejudice be aroused against the use of such serum as anti-toxin used in diphtheria cases with wonderful results.
