TORPID LIVER For over 4 Months

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons. When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow. Milburn's Laxa-Liver Pills quickly remove the excessive, clear away the waste and "settle matters" by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles. Mrs. Alice Mehl, Nanaimo, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver troubles." Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended. Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for yourself by asking the first twenty persons you meet such questions as: What brand of collars do you wear? What razor? What kind of shaving soap do you use? What cigars? What breakfast food? What mustard? What tea? What sugar? What cocoa? What shoes? What coffee? What motor car? What underwear? What tires? What chewing gum? What brand of anything? Irrespective of location, the answers will reveal the names of products advertised in daily newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers. Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.
