FREIGHT RATES IN THE STATES

First Gun in Fight of West Being
Fired This Week

LOS ANGELES, Mar. 1.—The first gun in the fight for an immediate reduction in the advanced railway freight rates, being waged by agricultural interests of the Pacific Coast, will be fired in Washington this week when attorneys for the citrus industry of California petition the Interstate Commerce Commission for a hearing. The application will be based on figures which show that if the present rates are allowed to stand the fresh fruit and vegetable industries of the west will be annihilated.

G. C. Teague, president of the California Fruit Growers Exchange, in a statement describing the "deplorable condition of the citrus industry," pointed out that prevailing freight rates will impose burdens upon the apple growers of the northwest, potato, onion and fresh vegetable growers of California and the deciduous fruit producers of the west greater than the industries can stand.

KING'S CHAMPION

Office Held by Marmion Family
Since Year 1377

The flogging of the King's champion in a police court is a reminder that the ancient office of "champion of the King of England" has since 1377 been attached to the manor of Serweishy, Horn-castle, and that from the Marmion family the title descended to the Dymoke family. It was a descendant of that family, Frank Seaman Dymoke, who was the subject of the obscure paragraph referred to. The office, of course, is a survival of medieval times when there was sufficient warrant for a King's Champion, and it was his duty at Coronations to challenge any one who should deny the title of the King. Champions were not, however, confined to royalty and even bishops were able to boast their defenders should occasion demand. To call on a champion was, of course, the privilege of those in jeopardy, and the classical illustration is that employed by Scott in "Vanquish," following the trial of Rebecca.

A letter from M. M. Stephens regarding sewer connection for the Scott Block, Second Avenue, was referred by the council last night to the Board of Works for attention. Mr. Stephens felt that his client had been discriminated against when free sewer connection had been recently made by the city to McRae Bros.

Take Care of That Cough

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time," but while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Aspley, Ontario, writes:—"Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that 'Dr. Wood's' has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedies, but one that has a reputation extending over thirty years.

Put up in a yellow wrapper; three pine trees the trade mark; price 35c and 60c a bottle, manufactured only by The T. S. M. Co., Limited, Toronto, Ont.
