CLEVER FARCE ON THURSDAY

"Freezing a Mother-in-Law" with
Fitzmaurice in Leading Part
is a Scream

That the patrons of the big
Vaudeville entertainment to be
given on Thursday next at the
Westholme Theatre for the benefit
of the Prince Rupert General Hos-
pital will be treated to one of the
best shows so far pulled off in the
city is the opinion of those in the
know who have seen the make-up
of the program.

Not the least attractive item
will be the concluding act, a
screaming farce entitled "Freez-
ing a Mother-in-Law," put on
under the direction of G. S. Fitz-
maurice, supported by several
well-known local amateurs. In-
tensive work has been put in
late at rehearsals. The clever
little play, while offering splendid
scope for the talent of each of the
performers, features "Fitz" in a
veritable "Mr. Jiggs" part, though
a "Mr. Jiggs" who for a short
time imagines he is "putting one
over" his redoubtable spouse.

The audience is kept in one
continual bubble of merriment
from the rise of the curtain to the
fall. As a cure for the blues or
any nervous ailment, this ex-
cruatingly funny farce is guar-
anteed to beat anything the
doctors could prescribe.

BANK OF COMMERCE ISSUES WAR BOOK OF MUCH INTEREST

"Letters from the Front" is Fine
Work and One of Local
Interest

"Letters from the Front" is the
name of a 338 page book that has
just been issued by the Canadian
Bank of Commerce telling of the
part played in the Great War by
the officers of the bank. It is a
collection of the pamphlets of the
same title that were issued by the
bank during the war, keeping the
employees at home in touch with
those abroad and, in many re-
spects, is novel and on the whole
very interesting. The idea of
permanently recording the war
service of the staff of the bank
was conceived by Charles Lyons
Foster, staff inspector, who is
editor of this latest production.

The volume is commenced with
a complete list of enlistments
from the bank, which includes
names of local acquaintance,
among which are Sapper W. G.
Anderson, son of Mr. and Mrs. P.
W. Anderson, returned to this
city; Private F. B. Darley, died
of wounds; Lieut. A. D. Golden,
M.C.; Private W. A. Paterson,
returned here, and Flight Lieut.
C. G. Purdy, killed in action.
There are letters and references
to Lieut. A. D. Golden, Private W.
A. Paterson and Lieut. C. G. Purdy.

SCHOOL BOARD ASKS SITE IN SECTION 2

New School Will Likely be Built
At Corner of Seventeenth
and Atlin.

At the meeting of the city council
last evening it was decided to
take steps towards obtaining per-
mission from the G. T. P. De-
velopment Co. for the building of
a school on the property held by
the city but belonging to that
company at the southwest corner of
Seventeenth Street and Atlin
Avenue, Section 2.

This action was taken on re-
ceipt of a letter from the school
board asking for permission to
build on this site. The estimate
for the Section 2 school was passed
through this year's estimates by
the school board.

RETAIL MERCHANTS VICTORIA ORGANIZE

VICTORIA, Feb. 28.—Victoria
again has a retail merchants'
association. It has formed a
branch of the Canadian associa-
tion, with a provincial executive
made of Messrs. Ballard, Taylor,
Maynard, Joseph Wilson, R.
Jameson and H. S. Stevenson, the
latter being appointed secretary.
An address was given by Dr. W. J.
Hindley, former Mayor of Spok-
ane.

The Man in the Moon

THE fishermen ought to know
better than to bring in thirteen
cars of fish. How could they
expect the empties to be waiting
for such an unlucky number.

THE P.G.E. swallows dollars
just like some of the bootleg cus-
tomers will swallow essence of
ginger.

A MAN in Manitoba is said to
have eaten so many rabbits that
he is afraid of his own dog.

THERE are a lot of bad things
we have done, but thank heaven
we have never spelled like a
cartoonist.

ONE of the things that won't
get you anywhere is kicking about
fish cars or stations or round-
houses or such things.

ANOTHER thing that doesn't
get you anywhere is swearing at
the man or giggling girl who talks
during the choice selections at a
concert.

ALTHOUGH talk is cheap a lot
of people make extravagant re-
marks.

A RAID was made on a bar at
Juneau and moonshine was found.
No wonder Alaska is going to the
dogs. Fancy finding nothing but
moonshine there.

It is suggested that Prince
Rupert people should all take a
dose of yeast to make them rise
earlier in the morning.

THERE is only one man worse
than he who talks during a
theatre performance. It is the
one who eats garlic for supper.

TEN DAY SERVICE

C.P.R. Inaugurating Move Fre-
quent Service for Alaska

This month the C.P.R. is in-
augurating a ten day service to
Alaskan ports with the Princess
Mary instead of the fortnightly
service that has been performed
throughout the winter. On June
13 the Princess Royal will call
here, instituting the weekly sum-
mer service that will be main-
tained by that steamer and the
Princess Alice. The Princess
Mary will take up a run in the
south.

WEATHER AT STEWART SOFT

John Will Take Out a Very Light
Shipment This Week for the
South

STEWART, Mar. 1.—On ac-
count of very heavy rainfalls
during last week and mild weather
still, transportation of ore from
the Premier Mine to Stewart
wharf by tractors and sleighs has
practically been cut off and if
there is any ore at all at the end
of this week for the Prince John
to take out it will be a very light
cargo.

The taking of the ore for the
sixteen miles from mine to beach
depends largely on the hard sur-
face produced by cold weather and
with the present thaw the snow
has softened and going has be-
come very heavy.

Plans for the starting of work
on the new aerial tram are well
under way, it is understood, but
no materials have yet reached
here for the work. Thus far
operations on the project have
been merely traverses and sur-
veys.

DON'T NEGLECT A COLD IN THE HEAD

It May Lead to Many Serious
Diseases.

Never neglect a cold in the head.
It is a trouble so common that we
are apt to treat it as of little con-
sequence. But it is only a step
from cold to grippe and the pos-
sibility of acute trouble in the
throat—pleurisy—pneumonia—is
always there if it is neglected.

In its early stages a cold yields
quickly to proper treatment. Grip-
Fix, a combination of the drugs
which relieve the system in such
cases, gives remarkable results.
It relieves a cold in a night and
even grippe yields to it in forty-
eight hours. Its action keeps the
system open to throw off the sys-
temic poisons created by the cold,
reduces the feverish condition and
allays the pains in the head and
muscles.

Grip-Fix is sold by all druggists
at 35c a box. Accept no substi-
tute. (Adv.)
