## Sport Chat

Long Bill Tilden, the star of the American Davis Cup team which again won the world's championship and the coveted trophy last week, got a real scare on Friday when Zeno Schimidzu, Japanese star, took two out of five from him in the singles. Coming through with a spectacular finish, however, the American champion saved the situation. After it was all over and Bill had congratulated Zeno on his battle some roughneck shield a cushion out over the field and whooped a rebel yell as they do under Gogan's bluff when the Giants beat the Pirates. The polite tennis crowd, thinking this a right harmless and jolly demonstration, heaved out all the cushions in the place. A scandal in tennis, this was. Throwing a world's series is bad enough but what does one expect of baseball? Throwing cushions at a Davis Cup match is different, however.

It was unfortunate, indeed, that weather conditions were so unfavorable for the holding of the Labor Day sports and the disappointment was great especially among the youngsters. All had been looking forward and there were many who even climbed the hill to take part or watch the fun. But when they reached there they found there was nothing going on. This spell of bad weather has certainly put a crimp in sports generally for the past few weeks but it cannot last forever and possibly by next week the Fair is on the weather will be better and then all will be able to have a grand old feast of sports from watching airplane flights to trying their skill at the shooting galleries in the sideshows.

For the kiddies there will be especially lots doing in the next week. On Saturday there will be the Trades and Labor postponed events followed closely in the next week by the Fair program of races. In the latter it should be remembered that each child to enter should have a certificate from the schools setting forth his or her age. Taking on the whole the children have certainly had more attention this year than ever before. Five complete programs of races in a season, Victoria Day, Dominion Day, Flag Day, Labor Day and Exhibition Week, is quite a record.

J. Call, of the Lakelse Hatchery, reached the city on last night's train.
