Tuesday, June 14, 1921.

Women do Great Deal of Buying.

It has been estimated that Canadian women purchase almost ninety per cent of the commodities used in the domestic life of the country. Without their co-operation no effort towards home market development and increased support for Canadian or British Columbian industry can meet with any large measure of success. It is important that Canadian women should realize the great importance of buying at home at the present time in order to avoid unemployment and business depression in this country as much as possible. These two conditions bear most heavily on them. This country does not need to have unemployment for it could keep its workers employed, even in time of serious world readjustment and depression, by using Canadian instead of imported goods and thus stimulating activities on the farms and in the factories. Unfortunately, many women have not supported the "Made in Canada" and "Made in B.C." movements because of misunderstanding about profits and prices of home products. Most of the criticism is based on misinformation, misunderstanding and prejudice. Therefore the women can do a great work for their country if they just realize their duty and consider Canada first in the purchase of even the simplest household requirements.

"Made in Prince Rupert District."

In Prince Rupert this made at home campaign may be narrowed down even to a closer margin. Northern B. C. is quickly becoming a great producer of foodstuffs. The preference should be given to the production of the immediate vicinity in all buying for Prince Rupert tables. The smaller fruits are now produced in sufficient quantities along the line of the Grand Trunk Pacific to supply the local market. Vegetables of many varieties are also to be obtained in the city stores. Butter, eggs and meat from the districts immediately adjacent to Prince Rupert may also be purchased here. President Williams of the Board of Trade recently came back from the Bulkley Valley with the motto, "Buy Bulkley Beef," coined. A motto like this need not apply to beef only, but it can pertain to many other household requirements such as potatoes, turnips, butter, eggs, strawberries, milk and many other lines of produce which are produced near Prince Rupert and not only in the Bulkley Valley. The buying of this local produce will help to make the north self sufficient at least in the line of foodstuffs. There is no reason why southern produce should be used here when the goods from the interior are obtainable. Prince Rupert depends a good deal for her prosperity on the agricultural areas adjacent to the city. Therefore they should be supported in this simple way.

Soon Street Surfacing Will be Under Way.

After having been the storm center for general criticism and the object of "before adjournment" thrusts since the beginning of the year, the city board of works has now pretty well evolved its plans for the down town street surfacing scheme. In the past couple of weeks, and especially since the arrival here of Harold Thackeray, new road superintendent, matters in this connection have been progressing well and now an early commencement on the actual work in the city may be expected. The Smith Island quarry will in a fortnight's time be ready to send rock to the city, this being indicated by the fact that the rock crusher has been sent for. The scarifier and the grader, which will be needed as soon as the work commences, have been ordered by telegraph and will likely be here in three or four weeks. The council has decided to call for tenders for the crushing and transportation of the rock to the streets which are to be surfaced. Therefore, it seems that arrangements are well in hand and by this time next month the actual work in the city should be well under way. Everyone will certainly be gratified to see it going, too, for it is certainly badly enough needed.

STOPPED HER HEADACHES

Years Of Suffering Ended By "Fruit-a-lives"

112 HAZEN ST., ST. JOHN, N. B.
 "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-lives', made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-lives'.
 "After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since". Miss ANNIE WARD.
 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

 AND FURTHER TAKE NOTICE that all persons owing monies to the said estate are required to pay the same to the Administrator forthwith, and all persons having claims against the said estate are required to file the same with the Administrator within thirty days from the date hereof.
 Dated this 26th day of May, 1921.
 JOHN H. McMULLIN,
 Administrator.

POLL TAX IS TURNED OVER TO THE CITY

Government Will Not Collect It If Municipality Does—By-law Passes.

A Poll Tax by-law providing for the assessment of Five Dollars per year from every male person resident in the city who does not already pay that amount in municipal taxes, outside of trade licenses and dog taxes, was last night passed through its first and second readings, by the city council.

This levy is authorized by the provincial government which decided at a recent session to stay its collection of such tax when the city had adopted it. It is due by July 2 of each year. The money collected through this tax is to be used solely for hospital and school purposes.

TOO EXPENSIVE TO CONNECT WITH TANK AT HAYS COVE SCHOOL

Likely Another Septic Tank Will Be Put in for King Edward.

A letter from the secretary of the school board asking that the necessary steps be taken by the city council to have the King Edward School connected to the septic tank at Hays Creek was received at last night's meeting and was referred to the Board of Works for report.

The original plan to have the King Edward School connected with the Hays Cove School septic tank, it was reported would be a very expensive undertaking on account of some deep cuts that would have to be made. Another proposal to have the pipes run across Eighth Avenue into the park behind the King Edward School where a separate tank will be installed has advanced and will likely be adopted by the council instead.

GOVERNMENT WANTS INFORMATION ABOUT FINANCIAL AFFAIRS

The city treasurer has been instructed by the council to prepare data for the provincial minister of finance for use in the revision of municipal and provincial financial matters that is to be taken at the special session of the legislature this fall. A questionnaire dealing with assessment, indebtedness, public utilities, total taxation, revenue and expenditure and other departments of the city's financial affairs has been returned to Victoria with the information required by June 30. The information, before being sent on to Victoria, will go to the Finance Committee for approval.

Ten Years Ago in Prince Rupert

June 14, 1911.

Today marks an epoch in the history of the Grand Trunk and Prince Rupert, in a business like style, but with an enthusiastic send off, the first passenger train pulled out this morning for Copper River, one hundred miles East.

Five prospectors going to Hazelton in a new gasoline launch, launched, which left Prince Rupert last Friday, were towed back to the Davis wharf yesterday after a most miserable and dangerous experience. Off the mouth of the Skeena, the engine broke down and without oars, paddles, or mast, they were left entirely to the mercy of wind, wave and tide. However they are none the worse for their experience, with fresh supplies and equipment, will tackle their venture once more. They intend using the launch on Francis Lake for ferrying purposes.

Captain Tom Smith was buried this afternoon in Garden cemetery with full Masonic honors. The Rev. W. G. James, chaplain of the order, conducted the ceremony.

You are sure to want something at the dough raising sale, so hang on to your dough till next week.

PRINCE RUPERT TIDES

Monday, June 13.
 High—7:29 a.m., 17.0 feet.
 20:13 p.m., 18.8 feet.
 Low—1:20 a.m., 7.4 feet.
 13:31 p.m., 6.4 feet.
 Tuesday, June 14.
 High—8:44 a.m., 16.4 feet.
 21:12 p.m., 19.0 feet.
 Low—2:37 a.m., 6.9 feet.
 14:36 p.m., 7.3 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.
 The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
 The height is in feet and tenths of feet above the average level of lower low water.

MAIL SCHEDULE

For the East.

Mondays, Wednesdays and Saturdays at 10:15 a.m.
 From the East.
