ATTEMPT TO STOP PROPAGANDA OF REDS

LONDON, June 14.—Determined efforts are being made by the British Home Office to get at the bottom of Bolshevik propaganda in this country, according to the Daily Sketch, which says that reports have been received of dangerous activities of the Bolsheviks in London and Scotland.

Raiders have been carried out by Scotland Yard detectives on alleged Bolshevik meeting places and offices and it is reported that sensational discoveries have been made.

While searching one building the detectives found a small casket containing ashes which are declared to be those of Rose Luxemburg ("Red Rosa"), the German socialist who was killed in 1919 about the same time as Karl Liebknecht, the Communist agitator.

Summer Salads and Ice Cream

Pacific Milk can be used everywhere for cream salad dressings and for ice cream recipes, using it straight for cream and diluting it as required. It has the rich, full flavor of fresh milk and newly-skimmed cream when used in this way and you need never fear, that your cream or dressings will be other than fresh and delicious, for "Pacific" is absolutely free from all taint of "tininess" such as spoils ordinary milk for such purposes. "Pacific" is the product of Fraser Valley cows—the only milk canned in the province.

PEACE BETWEEN SOVIET RUSSIA AND RUMANIA NOW

BUCHAREST, June 14.—Peace between Rumania and Soviet Russia seems assured, says Take Jonesco, Rumanian Minister of Foreign Affairs.

"We do not meddle in internal Russian affairs," he said, "any more than we would permit any meddling in ours. The Soviets reiterate that they they have no intention of attacking us. I am bound to believe them and I know that we shall not attack."

"According to our information there are fewer Bolshevik troops on our frontier than there were during the winter."

"Likewise we have truly friendly, fraternal relations with Poland, Czechoslovakia, Yugoslavia and Greece. With Poland we are in agreement to maintain peace on our eastern frontiers. We are opposed to the return of the Hapsburgs which would be a great danger for the peace of Europe."

Economic conditions in Rumania, he said, were improving, the finances were in good condition and the future seemed favorable.

The grand ball given on last Thursday evening at the Bitts-Kifer hall by the Mount Robson division of the Brotherhood of Locomotive Engineers was one of the most successful affairs of the kind ever held in the city. There were over 300 people present. The hall was tastefully and beautifully decorated for the occasion being lighted from each corner with the huge headlights of standard locomotives. At midnight the grand march was led off by Mr. and Mrs. George Abbott, the former being chief engineer of the locomotive department of the C.N.R. here. A delightful supper was served.

TERRACE

The marriage of Miss McKie, formerly of Alberta, to H. A. Swain, Terrace, took place on Wednesday last at 8 o'clock at the home of Mr. and Mrs. Alex Kerr. Rev. J. H. Kerr officiated. After the ceremony, which was of a quiet character, a dainty luncheon was served by the hostess, Mrs. Kerr, to the few intimate friends present. Mr. Swain is one of the earliest settlers here and has an up to date farm. The happy couple were the recipients of many warm congratulations and best wishes for their future success and happiness.

The bridge constructed last summer by the government, across the slough from the new road to Braun's Island was washed out last week, the centre being taken down the river leaving only the two approaches. The excessively high water caused lately by the hot weather was the cause of the damage being done, the structure not being sufficiently strong to withstand the strain of the flood.

E. A. Blow, of the Industrial and Resources department of the Canadian National Railways, was a visitor to Terrace last week. Mr. Blow who is no stranger to Northern B.C. is very keen and enthusiastic about the development shown lately in the district and will not be backward in extensively publishing for the people of the East the possibilities and advantages to be gained by settlers looking for homes in this part of the province.
