MARRIED SOCIALIST AFTER DISAGREEING

American Millionaire with Advanced Views Wins Wife in England

LONDON, Feb. 28.—St. Peter's Church, Cranley Gardens, South Kensington was the scene of an interesting wedding, when Prince Charles Hopkins, the American "Socialist millionaire," was married to Miss Eileen Thomas, the daughter of Mr. and Mrs. George Thomas, of Wolverhampton. The story of their engagement is full of romance. Miss Thomas came to London about a month ago to stay with her brother at Drayton Gardens, and she and the young millionaire first met at the house of a mutual friend. Mr. Hopkins made a name for himself in the United States as a social reformer and he explained his methods for remedying social world injustices to Miss Thomas, who was violently opposed to them.

Hopkins claims that he fell in love with her the second time he saw her, while she was so drawn by his personality, sincerity and nobility of character that she gradually came round to his way of thinking. Nothing could have been simpler or more unceremonious than the wedding of this wealthy American and his pretty young bride. The church was exquisitely decorated in white, the altar with arum lilies and the chancel with white chrysanthemums and marguerites. The service was conducted by Canon C. S. Woodward, M.C., vicar of St. Peter's. The bride was given away by her father. The best man was her brother, Harold Thomas. Only the bride's relatives, Lord Russell, and a few friends of the bride and groom were present. An innovation was the throwing of rose petals made by ex-service men in place of the ordinary confetti at the happy couple as they left the church.

Like a Tidal Wave Heart Disease and Nerve Troubles Sweep the Country.

Probably at no period in the world's history have heart and nerve troubles been so prevalent as they are today.

The heart can't stand the stress and strain of this busy, bustling age, and the care and worry, the anxiety and activity of business life constitute a serious drain on the nervous system.

The business of this work-a-day world goes with such a rush that the stoutest hearts and strongest nerves break down under the strain.

On the first approach of any breakdown of the system Milburn's Heart and Nerve Pills should be taken. The reconstructive power of these pills on the heart and nerve system is simply marvellous.

Mr. W. A. Wright, Hopewell Avenue, Ottawa, Ont., writes: "After suffering for some time with my heart, I consulted a number of doctors, but got no relief. However, I read what Milburn's Heart and Nerve Pills had done for others, who had the same symptoms and thought I would give them a trial. Believe me, six boxes relieved me. I am feeling fine now, and can attend to my work every day. I can recommend your pills to any one suffering as I did."

The Value is in the Milk

Any kind of milk you buy in this province, other than Pacific Milk, has travelled about three thousand miles by railway to reach you. You know freights are very high at this time. When milk is shipped that far it stands to reason that the quality of the local products must be better. Pacific Milk is the only milk put up in British Columbia. All the value is in the milk and not in freight rates.

INDIGENT BRITISH BEING BELIEVED. IN NEW YORK CITY

NEW YORK, Feb. 28.—As the result of a meeting called by Capt. Gholster Armstrong, British Consul General in this city, a committee has been formed for the relief of indigent British subjects in New York, in co-operation with St. George's Society, St. Andrew's Society and St. David's Society.

That there is urgent need for the relief of British subjects here—ex-service men, soldiers, sailors and civilians—has been brought home during the past few months, and the outlook is that in the near future this will be very greatly increased. While the societies above mentioned will continue as they have done for years, to carry on their charitable work, it is felt that the situation demands the aid of a united committee to enlarge and make still more effective the splendid work they have been doing.

Arrangements have been made for the immediate relief of pressing necessities for food and lodging and for urgent cases with the British Great War Veterans, who will act as the almoner for the committee through their secretary. For the present, the generosity of the societies represented on the committee will provide the necessary means. There is an average of twenty-five applicants a day for relief, and the committee is able to get employment, so far, for an average of but four or five men a week.

AUSTRIA RUNS RIOT

Gay Life of Vienna's Rich in Marked Contrast to That of Poor

VIENNA, Feb. 28.—Vulgar display of extravagance in food and clothing is a nightly picture at the gay restaurants here, while only a few blocks away hungry and scantily clothed persons are being poorly fed in community kitchens. Visitors to Vienna are shocked by this paradoxical economic condition. Others are either hardened to the contradictory or, in their inability to alter their extreme, can only shut their eyes to them.

Crowded theatres and operas at tremendously advanced prices, concerts sold out in advance, masked ball following masked ball in an endless riot, cabarets whose risqué dancers would bring out the police in New York and where nothing to drink but wine is served, cafes and restaurants with never an empty table, not a room to be had in the big hotels, whose prices go up from week to week—that is one picture. On its reverse, foreign relief straining itself and demanding unceasing contributions in aid of a suffering populace.

WATER NOTICE.

STORAGE.

TAKE NOTICE that Grandy Consolidated Mining, Smelting & Power Co. Ltd., whose address is ARDRA, B. C., will apply for a licence for the storage of five million gallons of water out of the east branch of Hidden Creek which flows southerly and drains into Hidden Creek, about two-thirds of a mile from Grandy Bay.

The storage dam will be located 300 feet from the east boundary of lot 2224. The capacity of the reservoir to be created is about five million gallons, and it will flood several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described as lots 480, 481, 482, 483, 484 and 485, 1513, 1675 and 1677, 2219, 2221, 2222, 2223, 2225, 2226, 2227, 2229, 2230 and 2231. The licence applied for is to supplement an application to take and use water as per water notice posted on 1st June, 1920, see water branch file 02309.

This notice was posted on the ground on the 23rd day of February, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.
