PROTECT MINING INDUSTRY

aturday, September 10, 1932

The Kidd report recommends cutting down the appropriations to the department of mines to such an extent that the industry may be seriously crippled if the recommendations should be adopted. This industry along with others has been hit hard by the depression but there is now an indication that improvement will take place before long. This year there has been much activity in gold min-

Mining reports by officials of the department are a great help in financing prospects and securing money for development. Trails are built by the department to mining properties which show promise so that supplies may be taken in.

To destroy the present organization would be very injurious to the province and it is to be hoped that, whatever government comes into power following the shake-up, the mines department will not be unduly sacrificed in the carrying out of the economy program.

MOOSE LEGION BAND

During the fair a great many people heard with keen appreciation the music provided by the Moose Legion Band. It is a strictly local organization led by a local man and the degree of proficiency so far attained has been remarkable. Many of the members were formerly members of the Boys' Band.

The Moose Legion Band is worth a great deal to the city and it is hoped that during the winter it will continue practices and give the public an opportunity of hearing it at suitable intervals.

CONGRATULATIONS TO GOVERNMENT

The Tolmie Government is to be congratulated on the appointment to the position of inspector of provincial police for this district of Staff Sergeant McNeill of the local office. The promotion was coming to him and news of it will be well received generally.

Inspector McNeill has been an excellent officer, courteous and efficient and is splendidly fitted for the position to which he has patiently climbed.

Man in the Moon

This is the radio season when everybody listens in and a great many tune out.

I notice that everybody seems to think his radio a little better than his neighbors.

Jake says he has one that will tune out any station he does not want. So fine is the tuning out arrangement that when he is listening to a quartet he can tune out the tenor if he does not like his voice.

Father: "Dear me, the baby has! swallowed a piece of worsted." Mother: "That's nothing to the yarns she'll have to swallow if she lives to grow up."

People are still talking about Tolmie's fine plot to hold on to power.

Fast Time In American Sulky Racing

They're alive! Sure—and it's down at Weequahic Track, Newark, N.J., and John March is ahead, and he's owned by Ed. Mansfield of Hoboken, which may not mean much, but they're going awful fast. The Hoboken baby won first heat in class B event, which tickled him pink.
