

CITY FAVORS TRUNK ROAD

All Aldermen Approve Scheme of Connecting With Government Road.

The civic committee of the Board of Trade, comprising Geo. D. Tite, T. H. Johnson and H. F. Pullen, waited on the city council last night with the request that the city build a connecting road from the present city streets to the city limits at a point where it would join the road that the government has in view to Galloway Rapids as the commencement of a road to the Skeena River which would eventually be extended to the Skeena River towns.

In opening, Mr. Tite stated that it was the intention of the Board of Trade to take the matter up with Hon. T. D. Pattullo when he visited Prince Rupert shortly. It was generally understood that the road to Galloway Rapids would be built this year. Mr. Pullen stated that it had been intimated on what was considered good authority that if the city agreed to build the connecting link the government could be induced to build this year as far as Galloway Rapids where a bridge would be put in later. The route for the city road would be along Frederick Street, the Prince Rupert Boulevard and Shawillans to the city limits.

T. H. Johnson said that the road now proposed by the provincial government would be the thin edge of the wedge in a road that might eventually lead to Montreal and New York.

Ald. Kerr, chairman of the Board of Works, intimated that a lot of rough grading had already been done on the city road for which the committee was asking. It would not take a great deal of money, he thought, to make the road for the two miles. For the most of the way it had already been cleared and rough graded for a width of twenty feet.

Mayor Rochester and all the aldermen spoke on the subject, and it was the consensus of opinion that the city would be justified in doing its part provided the government road continued to the Skeena River at a

"Just Listen to This"

"I HAVE been after you to try Dr. Chase's Nerve Food and you always say it is intended more for women."

"Well, that is what I always understood, for I hear you women talking so much about using it."

"Don't you think men have blood and nerves as well as women? It says here that Dr. Chase's Nerve Food forms new, rich blood and nourishes the exhausted nerves back to health and vigor."

"Yes." "Well, the doctor says it is your nerves that are responsible for your indigestion and sleeplessness. Why not try some of Dr. Chase's Nerve Food? You know what it did for me."

"I would like to know of some men in my condition who used it."

"Just listen to this: 'Mr. A. W. Foster, 178 Le Breton street, Ottawa, Ont., writes: 'For a year I was troubled with "nerves," was restless, especially on retiring, and unable to sleep for hours. I was easily fatigued and very irritable.'"

"A friend told me to try Dr. Chase's Nerve Food, and before I had used the treatment a week I was enjoying a good night's rest every night. I gained rapidly in every way and my general health is very much improved."

"That sounds all right." "Yes. This statement is vouched for by Mr. E. M. Ahearn, the druggist, and is no doubt correct."

"Well, I will give it a try."
