Disarmament Conference on Nov. 11

LONG LINE OF BANK DEPOSITORS ARE CLAMORING FOR MONEY

British Were Preparing Horrible Machinery of Slaughter at Time Peace Declared says Lloyd George

WASHINGTON, August 1.—It is understood that November Armistice Day, is generally acceptable as the date for the opening of the Disarmament Conference.

THAMES, England, August 1.—Premier Lloyd George told audience here that the whole might of the British Empire would be thrown into the scales for peace at the forthcoming conference at Washington.

"Just before peace was declared," he said, "we had ready a terrible machinery than the world has seen. Doubtless war devices were being perfected on the other side. We must see lest we bequeath to our children a legacy of concentrated power which will some day explode, shattering their happiness and leaving the world a wilderness and man gaunt, wandering among ruins."

MORE REVENUE FOR THE MUNICIPALITIES

Every Likelihood that Considerable Relief Will Be Given This Year.

The matter will be discussed at the fall session of the legislature.

LUMBER CONTRACT FOR ESQUIMALT DOCKS

Puget Sound Lumber Co. to Supply Two Million Feet.

VICTORIA, Aug. 1.—The Canadian Puget Sound Lumber Company, of this city, has been successful in securing a two-million feet of lumber order in connection with the construction work of the new Government drydock at Skinner's Cove. The local mill is now actively engaged in cutting. The order will take about six weeks to fill, it is stated.

Some of the lumber is of huge dimensions, 18x8 and 12x12, while a quantity of three-inch lumber is also required.

J. D. Kissinger, manager of the mill, stated that little profit was to be looked from operation at this time, but the new work would at least serve to keep the mill running and pay some of the overhead expenses that have to be met. "We had seriously considered closing the mill down," stated Mr. Kissinger, prior to getting this order, so that its continued operation means much to our employees, and to the business of the city as a whole." The average payroll of the mill is \$25,000 a month, it is stated.

Kaien and Umatilla arrived with 24,000 pounds and 8000 pounds of black cod and halibut respectively which was sold to the Canadian Fish and Gold Storage Co.

Run on Boston Bank Continues Anxious Crowd in a Line Eight Blocks Long on Street Outside

BOSTON, August 1.—There is a tremendous run on a Boston bank today. Despite reassuring statements by the officials, the run on the Boston Five Per Cent. Bank continues unabated. Depositors, anxious to get their money, are in line on the street for eight blocks, and mounted police are busy keeping order and seeing that no one breaks the line.

The president of the bank said the institution had assets amounting to more than \$30,000,000 and would continue to pay out the cash indefinitely.

The run on the bank has caused a good deal of excitement in the city among business people, and it is proving a nervous time for those connected with the financial institutions of the city.
