BRINGING UP FATHER

OIL DRILLING HAS COMMENCED AT BURNS LAKE

Gasoline Engine Taken on the Ground Saturday and Actual Work This Week.

BURNS LAKE, Aug. 24.—Drilling has actually commenced on the land adjoining the lake covered by license recently issued by the Provincial Government. A gasoline engine was taken to the spot Saturday last and the drill has been on the ground some time.

The concern is not selling any stock but the members of the syndicate are putting in their own money with a view to testing the property.

Curious phenomena have been seen in the lake at different times such as sudden spurts of water being thrown into the air, probably from gas explosions. This leads to the probability of there being oil or at any rate natural gas at that point.

BUILDING GOING ON BURNS LAKE DISTRICT

E. H. Shockley Just Completing the New Royal Bank Building There.

BURNS LAKE, Aug. 24.—A lot of building is going on here. E. H. Shockley's carpenters are just putting the finishing touches to the new Royal Bank, and C. H. Elkins of the Prince Rupert firm of Smith & Mallett is here installing the plumbing.

A number of private houses are going up and everything looks prosperous.

WIRELESS WHOLE OF BURIAL SERVICE

LIVERPOOL, Aug. 24.—During a recent voyage of the Carmania from America, a request was received in the ship's wireless room from another vessel asking for the transmission to her by wireless of the words of the burial service.

The reason for this unusual request was that a fireman on board the Canadian Government steamer, Canadian Trapper, had been taken ill on the voyage and had died and the captain discovered that there was no copy of the Prayer Book on board.

The Carmania operator telegraphed by wireless the whole of the burial service.

THUNDER STORM

Unusual Occurrence Here Attracted Much Attention.

The thunderstorm over the Tsimpsan peninsula yesterday was an interesting event for Prince Rupert. The flashes of lightning and distant rumbles of thunder were something new to most residents here.

Shortly after five o'clock the first rumbles were heard over Mount Morse and the storm came up against the wind, as is customary with thunderstorms, and very soon there was a heavy downfall of rain which soon passed. Later in the evening thunder was heard and even after the rumbling had become too distant to be detected, the periodic flashes over the mountains indicated that the electric storm was still raging in that direction.

The Man in the Moon SAYS—

NEVER to reach notoriety by the scandal route.

ONE of the great questions to be decided is, what should we all do in our leisure hours if we had nothing to kick about?

A GIRL may have cold hands and ask someone to hold them, but when it comes to making her way to the altar she seldom gets cold feet.

IF the Eyeopener becomes the organ of the farmers of Alberta, it will have to play an entirely new tune, for the farmers as a class are said to be extremely religious.

THERE will be an election before Christmas says Senator Bradbury and there will not be an election until after the spring session say a good many members of the House of Commons. Bradbury does not have to be re-elected but the members of the Commons would like to be.

SOME of the people who roared against a level crossing at Cow Bay now find they need a level crossing. Also they are finding that other Provincial Government suggestions are all right.

EVEN at a dollar a bushel that quarter of a billion bushels of wheat grown on the prairies this year will be worth a nice little sum.

NOW that the price of wheat has dropped, some of the prairie farmers will have to wash and polish their own automobiles this year. That will be a great hardship.

SHIRLEY MASON HERE PHOTOPLAY TONIGHT WESTHOLME THEATRE

Shirley Mason, the vivacious star, is to be seen tonight at the Westholme Theatre in "The Flame of Youth." Her pictures are distinctly of the sort that may be enjoyed by old and young—always clean and bright and filled with good uplifting human emotion.

In "Flame of Youth" she has a role very different from all those she has played before, yet having this dainty freshness in common. Shirley Mason is the incarnation of youth and high spirits, and she may be expected to do wonders with such a part as that of the little Belgian founding who is the heroine of "Flame of Youth." The scenes are laid in the Belgian countryside and in the artists' quarter of Paris. The theme is love and romance and art. The combination arouses interest, and the name of Howard M. Mitchell as director adds assurance that the production is well done, for Mr. Mitchell is celebrated for his exactness in matters of detail and his almost uncanny knack of building up dramatic moments to a climax—in other words, of telling a story in the most dramatic way.

ALBERTA EXPECTS 20,000 UNEMPLOYED DURING THE WINTER

EDMONTON, Aug. 24.—The unemployment conference presided over by Premier Greenfield was informed last night that 20,000 men would be unemployed this winter in the province of Alberta, half of them in the rural districts.

Tentative plans have been made for unemployment relief.
