Fishing Season Beginning Soon.

While there has been some fishing here all winter, the larger boats bringing in catches with more or less regularity, the smaller boats are now again going into commission and the more daring skippers have already made for the Queen Charlottes where they expect to find halibut on the banks.

While it will be some time before halibut is coming in large quantities, it is well to make preparations. So far, none of the new cars ordered last summer by the Canadian National Railway have appeared here. We have been told that eighty are ordered, but until they arrive they do not benefit Prince Rupert or the city. It is to be hoped for the sake of the fishermen, the railway and the railway that this much-needed provision will be made so that the business may be kept in Canada instead of being sent away to Seattle.

British Boxers Beat the Yanks.

It is curious that American professional boxers usually beat the British but British amateurs hold their own well. The record reported yesterday when four English boys won out at New York against four crack American amateurs, was one to be proud of. It shows that when the money urge is removed the British are there for the sport.

Will There Be Election Soon?

In spite of what our Ottawa correspondent says, we do not think there will be an election in the near future. We see no signs of preparation for the event. Possibly Premier Meighen does not himself know whether there will be an appeal to the country or not. At any rate, while it is well to be prepared, we have had enough elections here to last a while and it is much better to think about business than politics. When the fight is on we, shall fight, but in the meantime let us get busy and do some real work.

Coal Bunkers For This Port.

Howard Stutchbury, trade commissioner for Alberta, is again in the city in connection with the erection of coal bunkers. He is determined to go ahead with the scheme. Alberta wants to ship coal from this coast and they are going to do it. That is the way to talk business.

A. E. Warren, general manager of the Canadian National Western lines is in full accord with Mr. Stutchbury's ideas in regard to this matter. He is anxious for business for the road and he has promised that the bunkers will be built at once. The plans will have to come before the board of directors of the company and as soon as approved it is the understanding that the work will commence.

Fur Trade Back to Normal Condition.

The fur trade is once more back to normal and ladies may purchase the much-coveted cold weather luxuries at fifty per cent less than was charged a year ago. The reports of the fur sales in New York are attracting much attention here and give an idea what raw furs are worth to the trappers and dealers.

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble
Since Taking "Fruit-a-lives"

108 Church St., Montreal.
"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-lives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-lives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

PRINCE RUPERT TIDES

Wednesday, January 19.

High, 9:22 a.m., 19.8 feet.

22:15 p.m., 16.8 feet.

Low, 2:23 a.m., 9.1 feet.

15:54 p.m., 6.2 feet.

Thursday, January 20.

High, 10:17 a.m., 20.6 feet.

23:18 p.m., 17.9 feet.

Low, 3:36 a.m., 9.1 feet.

16:58 p.m., 4.6 feet.

The time used is Pacific Standard, for the 120th Meridian west.

It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

IN READINESS FOR HERRING

Fredella in Charge of Capt. Skog
Will Leave Soon as Fish
Sighted.

Local fishermen are now waiting for the arrival of the herring. So far they are not reported in this neighborhood although they are said to have arrived at Skagway and also have been noticed a long way south of here.

The Canadian Fish and Cold Storage Co. is preparing to put away from 1,200 to 1,500 tons of herring this year, sufficient to supply the anticipated extra demand, which should result from the provision of sufficient refrigerator cars to handle the business.

The fishing boat Fredella is all ready for the work. She will be in charge of Ole Skog, one of the finest fishermen on the coast. The scows and tenders are also awaiting action. All have been overhauled and are ready for business.

There is a certain amount of scouting going on in anticipation of the fish coming this way, the boats going as far south as Banks Island. Sometimes, however, the herring are first seen in the neighborhood of Port Simpson.

YOUTHFUL PRISONERS CHARGED WITH TRYING TO KILL CHINAMAN

EDMONTON, Jan. 18.—Guarded by two constables of the city police and accompanied by one of them in the prisoners' dock, John Findlay Holgate and Edward Sidney Ross appeared in the city police court on the charge of attempted murder of two Chinamen, Mah Chung and Mah Sang, by shooting at them with a loaded revolver. Although the window of their laundry, White Laundry west, January 7 last.

The two youthful prisoners, who showed signs of the strain of the previous day's trial on the charge of robbery with violence of Chris Gahr, were charged jointly with the original offence, and received the arraignment without stir or emotion, leaving the defence of their case in the hands of their attorneys, H. H. Robertson, K. C., and H. H. Parlee, K. C. As the case is being taken as a preliminary hearing in the lower court, the prisoners were not asked to plead to the charge.

The case was adjourned to give the lawyers time to prepare their cases.

VICTORIA PROPOSES LAND CREDIT SYSTEM

Would Give Purchasers of Property Five Years in which to Pay

Victoria city has on hand a lot of vacant lots which it cannot sell. There seems to be a scarcity of cash in that city. In order to induce people to purchase, the city has decided to draw up a price list of lands for sale and offer them on time payments with 25 per cent down and the balance in five annual instalments.

The city will pay five per cent discount for spot cash and will also pay five per cent commission to licensed real estate agents negotiating a sale. Five per cent may also be allowed to anyone erecting a building on the land within one year under conditions.

Ten Years Ago in Prince Rupert

January 19, 1911

It may be remembered that before the Railway Commission relating to the G.T.P. track around the water front about which the matter of filling is under protest.

G. A. McNeill, district superintendent of the G.T.P., has returned from California where Mrs. McNeill and the children are spending the winter.

Rev. Mr. James addressed the Anglican Church Club last evening on "The Hudson's Bay Company." Bishop Du Vernet presided.

Duke, Aland Edgar Harris is back from Vancouver, Victoria and Seattle where they spent the holidays. They will proceed to Hazelton to go on with the development of the American Boy mine.

Those Washable Rugs— We Can Help You With Them

Is there anything that adds more to the cheerfulness of bedroom, bath or den than a well-kept washable rug?

True, they are difficult to keep clean, these days when the youngsters are so much indoors, and most backbreaking to wash—unless you have tried our way.

Ours is the labor-saving, efficient method. You simply make a roll of your rugs—then telephone us. We scour and rinse, and scour and rinse them again until much of their first freshness and color are restored.

Or perhaps your blankets, comforters, curtains and pillows need washing. All these things that it is so difficult to wash in the home we make a specialty of. Our pure soft water, fleecy suds and superior drying enable us to handle this class of work in a way that no laundry can rival.

Telephone, or mail us a card, and we will have our driver call.
