

PEPS

will promptly **STOP** Your **CHILD'S COUGH**

When a child starts coughing mother's duty is to give the little sufferer a Peps tablet, and thus prevent any weakening of the lungs. As the tablet dissolves in the child's mouth, the soothing medicinal fumes given off pass through the tender breathing passages straight to the lungs and bring immediate comfort and relief.

Peps contain no opium or other harmful drugs, and can be given to a child (either whole or crushed to a powder) with the assurance of absolute benefit.

One little Peps at night will clear the breathing passages and let the little one sleep broken by coughing fits. A Peps before starting for school in bad weather is also an invaluable safeguard for the children's throats and chests. All dealers, 50c. box.

These rolls of the dead have been compiled from information furnished to officers-in-charge of records through the official casualty lists; but it is expressly stated that nothing contained in them can be used in any representation which it may be desired to make on the subject of rank or decorations, or anything consequent upon any casualty. The price of most of the volumes varies from 2s. 6d. to 7s. 6d., but the volume containing the names of the R.H.A. and the R.E.A. will be published in 6s. separate sections of 2s. 6d. each, and that of the London Regiment, Inns of Court O.T.C., and B.C. (Infantry) in 16 sections of 1s. each. 11

The first three volumes to be completed are those of the King's (Liverpool Regiment), the Devonshire Regiment and the Royal Inniskilling Fusiliers.
