DAILY EDITION.

Monday, January 31, 1921.

Urgent Need of Government Action.

There is urgent need of Government action in regard to the supply of fish cars for this port. There is every indication that this will be a big fish year. The catches made so far have been good and there will be at least a twenty per cent larger fleet operating from this port than last year, if only cars can be obtained to handle the product. Unfortunately the railway officials and Government do not seem to realize the gravity of the situation. They have not taken action as they should, knowing the conditions that exist here.

Must Be Fair To the Railway.

There is every desire to be fair to the railway company. There is nothing to be gained by hounding them, but we must have their co-operation in our legitimate endeavors to expand. The Daily News has been careful not to exaggerate in giving the news of the car shortages and in other matters in which they are concerned. We gave the cargo of the Commonwealth, which had to go south, as 80,000 lbs. whereas the general opinion is that she carried 90,000 lbs. We put the express charges on the 80,000 lbs. of fish as \$2,400 whereas we have been since informed that the express charges on most of the fish shipped from here would amount to a thousand dollars more than that for the same amount. The rate on fish to points west of Detroit is \$3.93 per cwt. and for points east of Detroit \$4.28. Most of the cars go to points east of Detroit. The railway company therefore loses immensely by every car load of fish that goes south. It seems as if it should be in their own interests for the railway to handle the business we offer instead of consistently turning it down for years.

Campbell Resignation Much Regretted.

The resignation of E. E. Campbell, manager of the Anyox mine, will be regretted, especially by those interested in sport in this part of the country. No one was keener than Mr. Campbell to see that a ball team was sent here for the fair or that a racing boat was on hand to make an effort to carry off the speed boat cup. He was always a good sport, and while he tried to win, did not mind losing. He will be much missed in the north.

Settlement With Germany Satisfactory.

It is satisfactory to know that there has been a settlement with Germany over the matter of reparations. Had there been serious disagreement among the powers, Germany might have escaped to some extent the duty of restoring the damage which she caused in Europe. While other countries were suffering Germany escaped. None of the fighting was on her territory. None of her homes were destroyed. Now she must pay for the restoration of the places which she has laid waste. It is inevitable. It may be hard on the people but they must know what it is to suffer for the wrong they did, just as the people of the other countries suffered only in immensely less degree.

Interest in Girl Who Was Drowned.

Everyone seemed interested in the death of the hobo girl, who jumped from the Fraser bridge Saturday afternoon and was drowned. The Daily News published the story of her trip south on the Prince George and within little more than an hour of her death this paper was being sold on the street telling the story. Few of us saw the girl but all sympathized with her and deeply regretted her death.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

MLLE ANTOINETTE BOUCHER
917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored. I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

MLLE ANTOINETTE BOUCHER.

712 Second Ave., Prince Rupert

PRINCE RUPERT TIDES

Monday, January 31.

High, 7:20 a.m., 18.9 feet.
20:16 p.m., 15.9 feet.
Low, 0:45 a.m., 8.6 feet.
14:26 p.m., 7.5 feet.

Tuesday, February 1.

High, 8:24 a.m., 18.5 feet.
21:39 p.m., 15.8 feet.
Low, 1:49 a.m., 9.8 feet.
15:23 p.m., 7.4 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

CERTIFICATE OF IMPROVEMENTS.

Iron Duke No. 1 Mineral Claim, Lot No. 2331; Iron Duke No. 2 Mineral Claim, Lot No. 2332; Epsom Mineral Claim, Lot No. 2336; Derby Mineral Claim, Lot No. 2337—All adjoining mineral claims situate in Queen Charlotte Mining Division Rupert District. Where located: On Louise Island.

AND FURTHER TAKE NOTICE that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

DATED the 3rd day of December, A.D. 1920.

C. J. BENSON.

CERTIFICATE OF IMPROVEMENTS.

Iron Duke No. 1 Mineral Claim, Lot No. 2332; Iron Duke No. 3 Mineral Claim, Lot No. 2334; Simcoe Fraction Mineral Claim, Lot No. 2335; Garfield Mineral Claim, Lot No. 2338—All adjoining mineral claims situate in Queen Charlotte Mining Division Rupert District. Where located: On Louise Island.

AND FURTHER TAKE NOTICE that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

DATED the 3rd day of December, 1920.

ALEX ROGERS.

CANCELLATION OF RESERVE.

NOTICE IS HEREBY GIVEN that the reserve covering Lot 4199, Cassiar District, is cancelled.

G. B. NADEN,
Deputy Minister of Lands.

Lands Department,
Victoria, B. C.,
29th December, 1920.

PROGRESSIVE MINING YEAR

Production Much Greater in North Account Granby and Dolly Varden

LARGE OUTPUT OF DOLLY VARDEN MINE

"This year has been, in the northeastern mineral district, without a doubt a most progressive one for the mining industry," says George A. Clothier, resident mining engineer, in his report to the government. "Increase in the number and activities of prospectors has been apparent, and the number of field engineers in the district throughout the year is evidence that the larger mining companies are alive to the possibilities of this portion of the province."

A greatly increased amount of development work has been done by the owners of claims, the small mining operators and the large companies and there has been an encouraging percentage of favorable results. The "broken" mining operator has not been active to a great extent and the public are wisely preferring to back up the properties investigated and reported upon by competent engineers and being developed by reputable mining men.

Increased Tonnage

The tonnage mined in the year has increased by 200,000 tons in this district due to the Granby and Dolly Varden mines. Granby's gold production has nearly doubled and silver has increased by 500,000 ounces on account of the splendid output of Granby and the Dolly Varden. Copper production is greater by about 5,750,000 pounds, the Granby Company again being responsible, while the smaller shippers were about the same as last year.

Atlin

The Atlin, Strathcona and Liard placers produced 6,300 ounces of gold during the year. The Granby Consolidated had an output of 9,160 ounces of gold, 139,238 ounces of silver and 25,304,400 pounds of copper. From the Golskeish mines, at Anyox, came 585 ounces of gold and 1,025 ounces of silver and from the Esperanza at Alice Arm, 4 ounces of gold and 3,788 ounces of silver. The Dolly Varden made an output of 870,000 ounces of silver. The Premier, at Stewart, mined 2,701 ounces of gold and 92,183 ounces of silver, while the production at Surf Inlet is placed at 50,000 ounces of gold, 30,000 ounces of silver and 800,000 pounds of copper. Other small producers were: Patterson Group, Porcher Island, 50 ounces of gold and 30 ounces of silver; Ikeda Mines, 26 ounces of gold, 290 ounces of silver and 21,098 pounds of copper; Drum Lummon, 31 ounces of gold, 540 ounces of silver and 39,600 pounds of copper.

Ten Years Ago in Prince Rupert

January 31, 1911

The biggest and most dangerous fire which has ever visited Prince Rupert occurred yesterday morning when the boarding house of Mrs. Handenschild, on Third Avenue, east of McBride, was destroyed.

On Sunday night Mah Ling, a Chinaman, was beaten up by a couple of thugs on Comox Avenue and his purse containing \$45 taken.

Pat Phillipson has been appointed sergeant on the city police force and began his duties last night.
