

Flavor and Body

Beer, the traditional beverage of the British people, is not only a refreshing drink, but at its best, a stimulating and nourishing food. Best among beers, because of its distinctive flavor and sparkling, appetizing appearance, is the splendid home product,

BRITANNIA BEER

CAN BE BEAT

Britannia is distinguished by a delicious "tang," and a most satisfying strength and "body." It is carefully brewed under ideal conditions and, as suggested by its name, is **always reliable**. There are no "bad bottles" of Britannia. Every glass alike refreshing, delicious, satisfying.

Insist upon Britannia. Order it from your Government Liquor Store.

SMITHERS

Returns from a shipment of ore recently shipped to the Tacoma smelter from the Harvey Group in the Babine shows values of \$316.39 per ton.

Dr. Paine has arrived in Telkwa to enter the medical practice there. He saw three years service overseas as surgeon of the 47th battalion and has had experience in the Montreal and Vancouver General Hospitals. He is a McGill man of the 1916 class.

The Smithers Fair opens next Thursday. Hundreds of visitors will be here and there will be an increased number of exhibits.

To celebrate the third anniversary of their wedding, Dr. and Mrs. Hankinson entertained a number of friends at pleasant bridge party on Monday night.

Mr. and Mrs. George Woodland, of Prince Rupert, have purchased six lots here on which they intend to build a summer home.

Mr. and Mrs. J. G. Stephens and children returned this week from the Old Country, where they spent an extended holiday.

The School Board has decided to engage a fourth teacher for the local school. There are too many pupils for the three teachers at present on the staff to handle.

PRINCE GEORGE

A meeting of the Prince George Hospital Association last week decided to make a valiant attempt to keep the institution open at all costs. Financial difficulties have become acute.

The tracklaying machine of the Pacific Great Eastern Railway south of here will shortly arrive from Quesnell announces District Engineer Vassar.

Mr. and Mrs. Richard Corless and their children have returned from an automobile trip of 2,296 miles which took them to Spokane and through the State of Washington.

S. J. George, city assessor, accompanied by his father and Captain Brewer, are on a hunting trip to the Bear River country.

EXCESS OF WOMEN MENACE TO SOCIETY SAYS A PROFESSOR

LONDON, Sept. 17.—"The preponderance of women in the world as a result of the war threatens a social debasement perhaps worse by far than any previous historic disaster," says Professor Patrick Geddes, the eminent sociologist. "Civilization," declares the professor, "is high or low according as women are at a premium or a discount."

"The war has left Europe with at least ten million maidens then growing up, who must now be mateless; hence a coming discount of women is imminently threatened, and is indeed in accelerating progress."

The result of the recent census will probably show a preponderance of women over men in Great Britain of close on two million. This, brings the problem close home to us.

Professor Geddes believes these facts constitute a menace to our society; if steps are not taken to give these women special education and training for the new condition of life a period of wholesale demoralization may set in which will shake our civilization to its foundations.

"It needs," he said, "a movement in every land no less intense than that of recent years for women's suffrage; it needs, too, to be far more deeply and fully organized. Yet, with all their good ideas and intentions, our educational bodies and conferences, even that of the universities just closed, are missing the situation. Yet here is an opportunity as unparalleled as is the danger, hence what scope there is for vital and educational initiative, for saintly and heroic founders, for new sisterhoods of social service."

COHOE RUN ON NAAS LARGE

Inspector Williams returned from a visit of inspection to the Naas river district on Friday. He reports heaviest run of cohoes on the Naas for many seasons, fine large fish in the pink of condition.

The boats averaged about forty during greater part of the run, high boat being 198 for the day's catch. Large quantities have reached the spawning grounds. All the canneries have completed their season's operations and have closed down. All net fishing on the Naas River was closed on the 15 instant, to enable the remainder of the coho run to reach the spawning grounds unmolested.

J. M. Collison has left for the spawning grounds at Meziaden Lake on his annual tour of inspection. He is expected to return about the end of this month.

SPECIAL PRIZES

Special prizes have been awarded at the Exhibition to Mrs. I. Director for carvings, Mrs. William Miller for hand carving in wood; Dr. J. A. West for a model of the steamer Prince Rupert; Miss Jen West and P. H. Collison for plasticine modelling; Mrs. John Matland for bed-head.

TO FAR NORTH BY WAY RUPERT

"Mexico to Siberia via Prince Rupert," Painted on Wings of Polar Bear.

When the biplane Polar Bear flies away from Prince Rupert next week to Wrangell on the next lap of the Mexico to Siberia flight she will carry Prince Rupert's mark with her for on the wings sign "Mexico to Siberia" has been changed to read "Mexico to Siberia via Prince Rupert." As everyone knows the Polar Bear is the first flying machine which ever visited Prince Rupert and, as far as this place is concerned, Aviator C. O. Prest and Mechanician L. M. Bach, are the pioneers in the business.

Siberia or Bust. Their present flight, in fact is supposed to be a pioneering flight. As far as possible they are taking routes that have not heretofore been used by the one or two planes that have visited Northern B. C. and Alaska before. Mr. Prest is risking his life in the venture but he is a modern type of adventurer and faces disaster grimly. It is a case of "Siberia or bust" with him. He does not know what is going to happen but he is not worrying about it.

From here he takes with him a small rifle, a few provisions and a stock of paraffin and matches. This he does so that if he is forced to land at any desolate spot in the northern wilds he will have a chance to shoot small game and keep himself alive if he is disabled far away from settlements. When travelling over the ocean, as he will do between here and Whitehorse and between Nome and Siberia, he will go alone. When going overland from now on Mr. Bach will accompany him.

Stopping Places. The next stop will be at Wrangell and from there on the stopping places will be as at first intended, Jitneau, Whitehorse, Dawson, Fairbanks, Ruby, St. Michaels and Nome. During their stay in Prince Rupert, Mr. Prest and Mr. Bach have met a lot of warm admirers of the spirit they illustrate. Everyone will wish them success in completing their flight and will welcome them back if they ever come this way again.

PLENTY OF PEP AT CARNIVAL LAST NIGHT

War Veterans Band Provided Excellent Music for the Dance.

There was a lively time at the fair carnival last night and all present seemed to take part in the fun. The Great War Veterans Band provided excellent music for the dancing and there were a number of people in costume. Commencing at nine sharp, the fun kept up until well past midnight.

The fancy dresses were judged by Acting Mayor John Dyblawn, Mrs. McMordie and H. F. Pullen, the awards being as follows:

Best dressed lady, Laura Frizbell.
Best Dressed man, Sid Asquith
Best comic lady, Mrs. Gossard.
Best comic man, W. E. Thompson.

After the judging Colonel McMordie presented the Canadian Bank of Commerce cup for the best farm collection to F. W. Bohler. The other prizes will be presented tonight.

Mothers! WATCH YOUR TEETHING BABIES

THOUSANDS OF THEM
DIE EVERY SUMMER

When the baby starts to cut its teeth, then is the time the poor mother is under the stress of great anxiety. The child's bowels become loose, and diarrhoea, dysentery, colic cramps and many other bowel complaints manifest themselves; the gums become swollen, cankers form in the mouth, and in many cases the child wastes to a shadow, and very often the termination is fatal. On the first indication of any looseness of the bowels, give a few doses of

**DR. FOWLER'S
EXTRACT OF
WILD STRAWBERRY**
For the past 76 years "Dr. Fowler's" has been used by mothers for teething babies so you do not experiment with a new and untried remedy which might be dangerous to your darling's health. Price, 50c, a bottle, put up by The T. Milburn Co., Limited, Toronto, Ont.

FURS READY AUCTION SALE

Only Two Sea Otter at New York But 837,000 Mole.

NEW YORK, Sept. 16.—Raw furs valued upwards of three million dollars coming from all parts of the globe were placed on display here today in the warehouses of the New York Fur Auction Sales Corporation prior to their disposal at the sixth annual fall auction that will begin in the masonic hall on Monday next and continue throughout the week. More than seventy-five buyers, one of them from China, signed the register during the day. This is the largest number of buyers that has ever examined pelts on the first show day and they were unanimous in expressing the opinion that the present collection is one of the best and most evenly balanced ever offered here.

While the quality of nearly all the individual collections was said to be very good the Canadian marten or Hudson Bay sable were said to take the palm. About 8,500 of these pelts will be sold. Other quantities range from two sea otter which is the rarest fur known to over 837,000 mole.

HE WAS JUST GOING TO

He was just going to help a neighbor when he died.

He was just going to pay a note when it went to protest.

He meant to insure his house but it burned before he got around to it.

He was just going to reduce his debt when his creditors "shut down" on him.

He was just going to stop drinking and dissipating when his health became wrecked.

He was just going to introduce a better system into his business when it went to smash.

He was just going to quit work awhile and take a vacation when nervous prostration came.

He was just going to provide proper protection for his wife and family when his fortune was swept away.

He was just going to send out some good advertising when he found his competitor had got there first and secured the orders.

NOTICE TO CONTRACTORS.

Tenders will be received up to 4 p.m., Saturday, September 24, 1921, for the various trades required to finish residence in Section Two, Prince Rupert, B. C., for C. H. Gross, Esq. Plans, specifications and all information may be obtained from the architect.
