

The Man in the Moon

SAYS:-

IT isn't such a bad world after all. There may be skating to-morrow.

A MAN offered me ten dollars for my vote. It was a fairy tale.

Nervous Breakdown

The extreme depression and discouragement which comes over at times is the most alarming symptom of nervous exhaustion.

This letter is a message of hope to all who find themselves in this unfortunate condition.

Mr. Geo. T. Tingley, Albert, B. C., writes:-

For years I was in a very nervous condition, was much depressed and suffered a great deal of trouble. The last time would be at times I felt as though I could not go on any longer. I consulted different doctors to no effect.

A friend advised the use of Dr. Chase's Nerve Food and I can truly say that it has done me a great deal of good. There was a marked change in me but I finished the second box when I had used a dozen boxes. I was thoroughly relieved and I am now as well as ever. I shall ever be ready to testify to the benefits of Dr. Chase's Nerve Food.

Dr. Chase's Nerve Food, 50c. per box, all dealers, or Edmondson, Ltd. & Co., Ltd., Toronto.

THE country demands sound men but not men who are all sound. Something else is needed.

THE farmer is the most independent man in the world. Yes, he is independent of the weather and the prices and the railways and the trusts and the farm machinery agency and the weevil and the grasshoppers and the labor question and—Oh, shucks! Who would live in the city?

PEOPLE are constantly regretting having acted in haste. Married women for instance.

WHAT we dislike more than anything else about this time of the year is the wretched alarm clock that goes off with unceasing regularity. In other words, it rings before we are ready.

DID you ever sit down and try to figure out just at what time a man would really like to get up in the morning?

WHY is it that delicate women who need the protection of men, often wear only half as much clothes as do the sturdier sex?

NOTICE.

The matter of an application for the matter of a Provisional Certificate of Title to the duplicate Certificate of Title to the lot 12, Block 15, Section 34 of Prince Rupert, Map 923, is hereby notified that the same will be heard on the 27th day of January, 1922, at 10 o'clock in the forenoon, at the office of the Registrar of Titles, Prince Rupert, B. C.

H. P. CHESLEY, Registrar of Titles.

FIXING MORSE CREEK STARTS

Foreman McLeod and His Men Commenced Work of Repairing Dam This Morning.

The work of preparing Morse Creek for skating commenced this morning when Foreman McLeod and some men went out to start the work of filling the leaks with brush and dirt.

City Engineer Clements and Ald. McNeill made an examination on Saturday afternoon and found that there were two leaks. The city engineer thinks the dam can be fixed successfully but is doubtful if it can be done for the \$150 allotted by the council for the purpose. The work, he thinks, should have been done last July in the summer dry spell. It should now be ready for the next cold snap.

Sport Chat

With the withdrawal of the Great War Veterans from the Senior Basketball League, that league may now practically be said to have broken up. There are the two teams, Sons of Canada and Elks, left but they can hardly be expected to provide games for the entire season. They will doubtless play many interesting matches in the course of the winter, however. It is beginning to look as if it will be up to the Intermediates and Juniors to keep the game going this season but it is likely that they will be able to provide lots of good sport for the fans. They have come to the rescue in the past not only in basketball but also in baseball and, while as a result of the Senior League breaking up, the younger teams, ladies and men, will, doubtless, rise to the occasion and keep general interest alive in their doings.

There are two reasons given for the trouble in the Senior League and Harry Menzies seems to be the man around whom it is all centered. Harry was last year a member of the Sons of Canada team but this year he had decided not to play. However, on the Veterans' team being formed, he responded to overtures and consented to join that team. It appears that the Veterans' management launched some criticism as to the manner of the playing of some of the Sons' men in the game last Tuesday night and Harry became indignant and withdrew from the club. The other reason that some advance is that the Sons were afraid that their present line-up would not be able to cope with the Elks' strength and overtures had been made to Menzies to come back to the fold to assist his old team.

Tonight the Elks and the Great War Veterans' billiard teams make their first appearance this winter in the Billiard League when they are to play each other. The former have added to their strength Melmoyle, who was with the Trail last winter and who was the first man on the team. The Elks were the tail-enders in the league last year but with the addition of this one tower of strength who is undoubtedly one of the best players in the city they are hoping to escape from this position and it is very likely that they will. To replace Melmoyle, the Trail have two new men this winter, Waugh and Barbour, both players of considerable skill. The Wanderers are hopeful that they will be able to finish first place in the league schedule now that the Trail, last year champions, are without their first man.

MANY PEOPLE WENT SKATING TO SALT LAKES YESTERDAY

There is four inches of fine smooth ice on the surface of the Salt Lake across the harbor. Yesterday about 50 persons went over and enjoyed the first skating of the season. The ice was very smooth and almost like glass and made skating good indeed.

The Prince Rupert Boat House launch "23" took two or three boat loads across and G. H. Arnold's boat "Nechako" and H. Watt's "Eva II." also took private parties over.

PRINCE RUPERT CLUB BEAT WANDERERS IN SNOOKER TOURNAMENT

Were Successful by a Margin of 16 Points in First Games Saturday Night.

The Prince Rupert Club defeated the Wanderers Club in the first snooker tournament of the winter series on Saturday evening by a score of 263 to 247, 16 points being the margin between the two teams. In the total of individual games the Prince Rupert was successful by 19 points, while in the final play-off, in which all players took part, the Wanderers won by three points, which, however, was not a large enough victory to offset the general lead.

The list of players and scoring follows:

W. J. Nelson (Wanderers) 47; J. H. Pillsbury (Prince Rupert) 24; R. H. Shockey 19; H. B. Scott 52; J. Howe 47; G. A. Woodland 35; E. A. Donohoe 40; A. T. Broderick 29; George Hill 49; T. H. Johnson 35; J. A. Macdonald 3, J. W. Scott 52. Final, Wanderers, 42; Prince Rupert, 39.

Total, Wanderers, 247; Prince Rupert, 263.
