### BEWARE OF BRONCHITIS

Bronchitis is generally caused by selecting a cool, or exposure to wet and turbulent weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of phlegm, especially the first thing in the morning. This is at first white, but later becomes of a greenish or yellowish color and is occasionally streaked with blood.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious lung trouble.

Mrs. Brien Goham, Sheffield, Ontario, writes: "In December, 1919, I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup advertised, so I got a small bottle which helped me very much; I then got a 6oz. size, and it completely relieved me. I cannot praise Dr. Wood's enough for what it did. Two of my neighbors are now using it for colds."

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper, three pine trees the trade mark; price 35c. and 60c.; manufactured only by The T. Midburn Co., Limited, Toronto, Ont. Adv.
