## Wallaces Want To Retain Shipyard PROGRESSIVE POLITICAL PARTY OPENS CAMPAIGN AT BRANDON

### Shipyard Gets Contracts Overhauling Vessels Since Rupert Drydock

Mr. Wallace, manager of the local shipyard, stated this morning that his firm was anxious to remain here and work up a shipbuilding, ship repairing and general engineering business. He offered them to the Canadian National shipyard. They are prepared to do any kind of work of a similar nature. The offer they made has been acknowledged. They have had no intimation as to whether they will be accepted.

Wallace Shipbuilding and Drydock Company Limited is

working to keep the shipyard. They have just secured a contract to overhaul the tugboat, the firm's successful bidders in with other firms. The United States lightship tender has its headquarters here.

It has been made known that the decision to build on the run for the delayed matters, as soon as possible.

Immediately.

The Provincial Government is to start at once on the work of putting in the level crossing at Cow Bay following permission having been granted recently by the Board of Railway Commissioners. J. P. Suttie, engineer, will arrive tonight from Quick to start the surveys. The work will be under way as soon as possible. It will likely be done on the contract basis.

### BOY SCOUTS

A. W. Woods Puts  
Before Rotary  
Club.

The support of the Boy Scouts and the establishment of several troops here, A. W. Woods this morning addressed the Rotary Club. He said that the movement meant building up a healthy manhood, the foundation of a healthy nation, and laid the foundation of a healthy manhood. It was good leaders whom the boys followed and who would be with the boys. Behind the boys was an executive committee and an advisory committee and also a committee of

### REAR-END COLLISION IN LONG TUNNEL IN FRANCE LAST NIGHT

PARIS, Oct. 6.—Many persons were killed in the burning wreckage of a rear end collision of two suburban trains in a half mile tunnel leading to St. Lazaire station from which five bodies were taken. Twenty-six people were seriously injured and 53 slightly. The injured were recovered.

PARIS, Oct. 6.—(Later)—The death list in the tunnel disaster now stands at seventeen.

ATTACKED.

The British have been accused of imperialistic designs in Palestine, at the Zionist Convention in Carlsbad. When a telegram of greetings was read from Sir Herbert Samuel, British Commissioner in Palestine, the minority in the congress attacked him for not defending Palestine sufficiently against Arabs, saying he was there as the representative of British imperialism. The picture shows Sir Herbert Samuel.

A telegram from the Provincial Government this morning from Provincial Commissioner John Gordon, that at that place, had been killed at Kwatna Friday last. He had just returned from a trip of investigation accompanied by the coroner.

### YANKEES WIN SECOND GAME

Repeated Yesterday's Performance Today and Won by 3 to 0.

ATTENDANCE RECORD  
WAS MADE YESTERDAY

NEW YORK, Oct. 6.—The New York Yankees repeated yesterday's performance today when they were again victorious, defeating the Giants in the second game of the World Series by a score of 3 to 0.

Nehf and Smith comprised the battery for the Nationals and Hoyt and Schang for the Americans. The Yankees made three hits and the Giants two but the latter were unable again to make the circuit even once. The Nationals made three errors. The Yankees made one run in the fourth and the other two in the eighth.

The Giants had primed their southpaw for today's battle with little Arthur Nehf in the box in the fray with the American League champions. They also held in reserve the big right hander, Fred Toney, to back their opponents if necessary. The Yankees used Hoyt with Shawey in reserve.

Smeared Goose Eggs

The youngsters, Waite Hoyt, came over from his home in Brooklyn and besmeared the Giants with his goose eggs while the Yankees walked off the field with the second game of the world series by a score of 3 to 0. The base running of the Yankees was again a feature. Bob Meusel stealing home in the eighth before the astonished gaze of John J. McGraw, the manager of the Giants. Babe Ruth, who had been passed in three of his four appearances at the plate, showed he could do something more than make home runs when he stole second and third in the fifth frame. Nehf pitched a good game for the Giants but his own error in the fourth and Frisbie's in the eighth made a hole in the National defence through which the American Leaguers pushed over the winning runs.

Yesterday's Game.

It was Carl Mays with one of his masterful exhibitions in the box who was largely responsible for the Yankees' victory yesterday. Mays had good support and the fielding behind him was of the best. Pretty work with the stick and clever running on bases also contributed largely to giving the Yanks the jump in the first all New York series ever played for world's baseball honors. Babe Ruth made no home runs but he did some timely hitting. He was fanned twice by Douglas who left the game in the eighth inning when Earl Smith, pinch hitter, went to bat for him. Barnes pitched the ninth inning for the Giants.

Attendance Record.

The official attendance yesterday was 30,293 and the gate receipts were \$103,963. This constitutes a new record. The players' share was \$53,022, the two clubs, \$35,348 and the National Commission, \$15,594.75.

Although Douglas was blamed for losing the game he struck out six men to Mays one.

The score by innings:

Yankees	0	0	0	1	0	0	2	0	—3
Giants	0	0	0	0	0	0	0	0	—0
Box Score									
Yankees									
Giants

### Unemployment Relief to be Similar to Last Winter in Methods Financing Work

OTTAWA, Oct. 6.—The Government's proposals for unemployment relief during the coming winter include an offer to bear a share of the cost of municipal work above the normal cost, provided an equal share of the excess is borne by the provincial and municipal governments.

Where work cannot be provided, the Federal Government will continue to bear one-third of the cost of municipal relief, the other two-thirds to be borne equally by the municipal and provincial governments.

Hon. Gideon Robertson, minister of labor, in issuing the statement, says unemployment relief must continue to be a municipal responsibility primarily and secondly provincial.

### LABOR HAS BIG VICTORY

### WAR VETERANS MAKE CHARGES

Inhuman Treatment of Disabled  
Soldiers Sent to Vancouver.

VICTORIA, Oct. 6.—The Great War Veterans' branch passed a resolution requesting the Dominion Government to investigate the medical department of the soldiers' civil re-establishment in British Columbia. Charges were made at the meeting of inhuman treatment of disabled Victoria men sent to the Soldiers Civil Re-establishment, doctors at Vancouver for examination.

The Victoria organization went on record as opposed to the efforts of the provincial command to influence the branches against the principle of amalgamation with other veteran bodies.

### JOHN REID NOMINATED

Was Chosen by Liberals of New  
Westminster on Third Ballot.

NEW WESTMINSTER, Oct. 6.—John Reid was nominated by the Liberals as candidate for this riding at the general election. The name of Joseph Martin, K.C., was also before the convention, which elected Reid on the third ballot.

### Crerar Challenges Premier Meighen re. Campaign Funds

BRANDON, Oct. 6.—Hon. T. A. Crerar, leader of the Farmer party in the Dominion, opened his campaign before two crowded meetings here last night. He said the National Progressive movement was no longer a class movement but had gained the support of all classes. It would give sane government divorced from class legislation or interest.

Mr. Crerar said he saw the shadow of big business behind Premier Meighen and challenged him to disclose the source of his campaign funds.

Touching briefly on Premier Meighen's proposal for a grain pool, the speaker said it would be a political pool from first to last.

### OWNERSHIP IS SUBJECT FOR ROTARY CLUB

Rev. G. G. Hacker Gives Inter-  
esting Address at Luncheon  
Today.

"Ownership" was the subject of the address by Rev. G. G. Hacker to the Rotary Club today. After referring to the fine work done by the Vancouver club in connection with the tubercular clinic, giving instances of the benefits it had been to the province, the speaker dilated at some length on the subject he had chosen. He said at present we were working under the Roman system of ownership which was to keep the other person out. Theoretically our system was pagan, but we were often better than the system.

Mr. Hacker told of the time when there was a famine in India. There was plenty of food in the country but there was no money with which to buy it. There was a case where the system of ownership was bad.

In this country the natives were owners of the land and they paid no taxes but they were able to keep others off. The Jews were not absolute owners of the land. Even our bodies we did not own, the speaker said. The body had to be treated properly, else extinction was the price paid.

Industrial Life.

Turning to industrial ownership, Mr. Hacker advocated some system of joint ownership. He objected to the man who pretended to do a day's work and did not. There were also sins on the part of employers but when they got together they often found each was better than had been expected. If employers and employees would emphasize their agreements instead of their disagreements they would get on together better. He thought it was a duty of organized labor to see that every man did a fair day's work.

"The cure for ownership is more ownership," declared Mr. Hacker. He looked to partial ownership as one of the means of aiding in industrial disagreements. This was our own country. The patriotic poet said, "This is my own my native land." Our country was immense in size and in wealth. We grew the finest wheat, raised the finest apples, had the longest railways and were larger and better than other countries in many other respects. The prosperity as well as the debt of the country was ours. It was up to us

### FLOODING OF STEAMER IS A MYSTERY

Nothing to Indicate How Canadian Importer Came Near  
Foundering off Coast.

VICTORIA, Oct. 6.—The cause of the flooding of the engine room of the S.S. Canadian Importer, which nearly caused the ship to founder, 600 miles off the Oregon coast, still remains a mystery. The vessel was examined on the drydock at Esquimaux and was found absolutely intact. The hull was staunch and the sea valves were in perfect working order.
